DR. JOSEPH D. DAVIS

WOULD inform the public that after thirty years of study, investigation and practical experimenting concerning that terrible discase

CONSUMPTION,

And the diseases of the anterior and posterior naries, throat, bronchia, lungs, heart, liver, kidneys, and uterus, and twenty years spent in investigating, experimenting and proving, with the medicinal and therapeutic properties of the roots, barks, plants and shrubs, indigenous to Massachusetts, Maine, New Brunswick and Nova Scotia,—he has discovered new remedies, and new modes of treatment, for Consumption, not previously known to Medical Science; and with the large number of cases treated, relieved and cured during the past ten years, in Maine, Mussachusetts, and in different sections of Nova Scotia, has proved, beyond the shadow of a vanced stages, with his medicines and mode of treatment, can be cured.

He has, at great expense, procured from London, Paris, Vienna and the United States, the finest and most delicate instruments to enable him to thoroughly diagnosis diseases.

> CAPE SABLE ISLAND. N. S.) July 15th, 1870.

DR DAVIS-Dear Sir-The wisest of men has said that in a multitude of counsellors there is safety. Having been benefitted by your medicines, I wish to say it to others who may be suffering from lung diseases. Early in 1869 my health began to give way, until such a lack of vital tone was experienced that I concluded it was time to try to avert the impending danger or doom; and arranged last autumn for a rest and a visit to my native Province; but on returning found myself no better; I became discouraged, fearing if no help could be obtained that I should have to abandon my work in the ministry. Happuly for me, as the sequal proved, you were directed this way last winter; and, upon examination, you said my lungs were in a tubercular condition, and advised me to take medicine; to waich I consected, with many misgivings, which, however, were dissipated in the course of tour or five months. For the first three months I could not discern much change; but after that began to feel a new vitality permeat. ing my whole system; my work, which for months had been burdensome, became lighter and more agreeable; and now I enjoy a vigorous state of health. It this testimony should induce any who are suffering from lung disease to em. ploy you, with the same success. I do not doubt but they will feel that, under the Divine blessing by which you have been enabled to gather such valuable knowledge from nature's store house, they are your debtor. With earnest prayer that you may succeed in business and become a bles-ing to many of the afflicted, I remain, with kindest regards,

New York and Oswego Midland Railroad.

FIRST MORTGAGE BONDS.

Principal and Interest payable in Gold.

Interest 7 Per Cent. Gold per annum free from Government Tax.

200 miles of road finished, and doing a profitable business.

THIS road spans the State of New York from its Metropolis to its Northern

Its Northern terminus is at the city of O wego, on Lake Outario. It shortens the railroad connection of the City of New York with Oswego and Canada FORTY FIVE MILES, and by means of a branch at Auburn, where it connec's with the New York Central, it shortens, the connection with Buffalo and the West SEVENTY MILES.

The Company has a contract with the Delaware and Dudson Canal Company for the transport of their coal, which adds largely to the business and profits of the coal.

The PAID UP CAPITAL of the Company is about \$6,500,000, which it is believed is a larger Capital than any other railroad enterprise in the United States ever started with. The issue of Bonds is limited strictly to \$20,-000 per mile of ROAD ACTUALLY BUILT AND IN

The annual earnings of the road are estimated at nearly \$900,000; the operating expenses will not exceed fifty per cent which would leave, after payment of interest on Bonds, over \$214,000. For sale by
