DR DAVIS-

Dear Sir-The wisest of men has said that in a multitude of counsellors there is safety. Having been benefitted by your medicines, wish to say it to others who may be suffering from lung diseases. Early in 1869 my health began to give way, until such a lack of vital tone was experienced that I concluded it was time to try to avert the impending danger or doom; and arranged last autumn for a rest and a visit to my native Province; but on returning found myself no better; I became discouraged, fearing if no help could be obtained that I should have to abandon my work in the ministry. Happily for me, as the sequal proved, you were directed this way last winter; and, upon examination. you said my lungs were in a tubercular condition, and advised me to take medicine; to which I couse ted, with many misgivings, which, however, were dissipated in the course of four or five months. For the first three after that began to feel a new vitality permeat ing my whole system; my work, which for a boon. months had been burdensome, became lighter and more agreeable; and now I enjoy a vigorous | Before me, JAMES WHEELOCK, J. P. state of health. If this testimony should induce any who are suffering from lung disease to employ you, with the same success. I do not doubt but they will feel that, under the Divine bless. ing by which you have been enabled to gather such valuable knowledge from nature's store house, they are your debtor. With earnest prayer that you may succeed in business and become a blessing to many of the afflicted, I remain, with kindest regards,

WM. M. KNOLLIN, Minister of Free Baptist Conference of N. S.

SHELBURNE, April 26, 1870.

DR. JOSEPH D. DAVIS,-Dear Sir: It gives me great pleasure to bear testimony to the wonderful and complete cure your medicines and treatment have effected for me, after having suffered the most severe pain, and been unable to work for over two years, besides losing my eyesight. I am now quite restored to health, able to attend to my business and my eyesight is greatly improved. I attribute this entirely to your medicine, as I had previously consulted many physicians and taken their remedies without any behefit. As you may remember when I first employed you I was at death's door, in the last stage of Consumption, was enormously swelled with dropsy, hardly slept for a fortnight, was extremely weak and no one anticipated my recovery. Should any one doubt this statement I can refer to the Rev. George W. Clark and the Rev. T. Watson Smith, who often visited me during my illness, and you are at liberty to make what use you please of this certificate.

Yours very truly,

CHRISTIAN R. BOWER. June 23, 1870.
