## American Organs.

A New and Popular Series of Instruments. The Manufacturers, devirous of meeting the

general desire for organs with all substantial excellences and at a moderate price, have designed and made a series of styles that are in all respects superior to any justruments for similat price; namely from \$1 0 to \$200.

Not only are the cases of new and tasteful designs, but every part of the mechanism has been subjected to the most careful scrutiny in order to combine all the elements that can be looked for.

Numbers One, Two and Three are designed for private use. Number Three has a new and exquisite Solo stop, named

### THE KALOPHON.

The tone possesses a most fascinating quality, closely resembling the real VOX HUMANA. being delicate and sympathetic, and f ee from the disagreeable tremor that haunts most of the mis-called VOX HUMANA stops. Numbers Four and Five will found especially

effective in churches of moderate size. Number Four has an Octave of Sub bass, and Number Five both Sub-bass and an Octave Coupler, giving a great increase of power, but with no subrifice of sweetness

LARGER AND MORE COSTLY STYLES are also offered, of which the catalogue of the manufacturers will give information. Send for circular ! Address
