American Organs.

A New and Popular Series of Instruments.

The Manufacturers, desirous of meeting the general desire for organs with all substantial excellences and at a moderate price, have designed and made a series of styles that are in all respects superior to any instruments for similat prices; namely from \$1:0 to \$200.

Not only are the cases of new and tasteful designs, but every part of the mechanism has been subjected to the most careful scrutiny in order to combine all the elements that can be looked for.

Numbers One, Two and Three are designed for private use. Number Three has a new and exquisite Solo stop, named

THE KALOPHON.

The tone possesses a most fascinating quality, closely resembling the real VOX HUMANA, being delicate and sympathetic, and free from the disagreeable tremor that kaunts most of the mis-called VOX HUMANA stops. Numbers Four and Five will found aspecially

effective in churches of moderate size. Number Four has an Octave of Sub-bass, and Number Five both Sub-bass and an Octave Coupler, giving a great increase of power, but | tween the United States and the said Province with no sacrifice of sweetness.

LARGER AND MORE COSTLY STYLES are also offered, of which the catalogue of limits of the Port of Winnipeg under the folthe manufacturers will give information. Send lowing conditions and restrictions, that is to

CHALONER'S ANILINE DYES.

THE proprietor of the celebrated Aviline Dyes in packets wishing to prevent the public from imposition begs to call attention to Mesars Avery & Brown's imitation of Roseine containing only ONE FOURTH THE PROPER QUANTITY to retail at the same price as his, viz., 10 cents. The proprietor has some one else in this province in view, but not having ocular demonstration, will only refer the imitatior to the above with the caution that whenever there is not a shadow of a doubt in his favor he will be advertized also.

The only genuine are to be had in St. John, of Messrs. T. B. Barker & Sons, Hanington Bros., and H. L. Spencer, all of whom buy

largely. These Dyes give better satisfaction than any other class, they are in almost all colors, Migenta, Pink, Ponceau, Yellow, Mauve, Violet, Purple, &c., (no black), with directions. The original have the directions printed on colored labels corresponding with the shade of the dye, they are soluble in water. For

any further information on the subject, ADDRESS,- J. CHALONER, Inventor and Proprietor of the Aniline Dyes in packets. Corner King and Germain Street, St. John, May 10.

FALMOUTH, April 22nd, 1871. DR. GATES, -This is to certify that in the year 1868, I was suffering from heart disease and hearing from some in our land that were restored to good health by taking your medicine, I was advised to try it. You came to see me like a drowning man ready to grasp at any chance to save my life, I tried your Syrup and Bitters and Pills, you told me not to work, I received strength from taking thom. I went to work but have always thought if I had done as you told me to do I might have been well. The Lord knows. I have taken some since then and am still alive thank God and I think semewhat better. I di i not give your valuable medicine a fair chance I thought it my duty to write and let you know. At the time you told me my daughter had liver complaint, and other symp. tions that might if not attended to turn to consumption. You left some medicine for her and in a short time she was well; and has been ever since with the exception of slight colds. Last winter I believe the Lord sent you to my house, my son was almost blind in one of his eyes; my wife All Steamers, Vessels and Boats of any kind, and I were in great trouble, being atraid he ifax. He could not open his eyes There was white skin over it. You looked at it and gave me a bottle of your Eye Relief. In less than a week it was as well as the other. Having some little of the Eye Relief left, one of my neighbours daughter's eye was in a state of blindness. I gave him the balance It worked like a charm, and only 25 cents per bottle. Now, Sir, having confidence in you as a good principled man, and your medicine as Nature's own remedy, and feeling for the afflicted, I send you this which if you see fit to publish, do so.
