SOMETHING TO THINK OVER .---- Among the many advantages of the present day is cheap reading, and none is so cheap as the newspaper. As an instance of this we may mention that, the proprietors of the CITZEN furnish their weekly edition for \$1.-00 in advance, and it contains full particulars of news occurring from day to day, having more reading matter than any other city weekly. Its telegrams are always late and reliable, its correspondence pleasing and instructive, its editorials well written and sensible, its locals racy and readable, its stofies for the ladies well selected and interesting, its shipping and commercial intelligence correct and complete, its Ottawa correspondence succinct and comprehensive, and the doing of the Local Legislature are reported in full. In fact nothing is neglected, and yet the charge is only \$1.00 per annum. The Tri-Weekly is the largest paper in Halifax, \$2.50 per annum. Postage on both papers to be paid by the subscribers.
