The Crystalline Rocks of Nova Scotia and Cape Breton, was the subject of a paper brought before the Institute of Natural Science by Dr. Honeyman, on Monday evening. Another paper was by Dr. Gilpin, on "The Eagles of Nova Scotia." The latter might be considered either as the complement of the other, or as a defense lest by our looking too much in one direction, the glories and beauties of the other, might be lost sight of. The Institute holds its meetings in the Provincial Museum.

NEW SNOW PLOUGH.—A new style of snow plough, for railways, has been patented in the Dominion and the United States by J. W. King, Esq., one of the Dominion Prison Inspectors. The superior principle claimed for the invention is that it lifts the snow from the track to a considerable height, and then throws it off instead of thrusting or wedging it away on each side as is done by the old plow.—*Colonist.*

At Chelsea, Lunenburg Co., on the 15th of October, in the 78th year of his age, Mr. John Gerry. Bro. Gerry was born in London and came to this country when young men, and for many years settled in Chelsea. He was highly esteemed as a neighbor and Christian by all who knew him. He was a member of the Baptist Church for many years. There being no place of worship in that settlement, his house was always opened for the worship of God. He was liberal and kind to them that preach the gospel. The Church and community have sustained a great loss. He died in strong faith and trust in Christ, leaving widow and eight children with a large number of relatives and friends to mourn their loss. His funeral was largely attended and was improved by the writer from Psalms cxvi. 15.—*Com. by Rev. H. Achilles.*

At Middlefield, Queens County, Oct. 5th, Thomas Mills, in the 73rd year of his age, for many years a very industrious man and enjoyed good health until about one year before he died. His sufferings from cancer in the mouth were borne with Christian attitude. He was happy in prospect of death and longed to be with Christ which is far better. He had been a member of the Baptist Church for ten or twelve years, and adorned his profession during his membership. Brother Mills will be greatly missed in his family and the community. He has left a sorrowful widow, and seven children to mourn their loss. May God sanctify the affliction to their good, and their sermon was preached by the writer from Rev. xiv. 13.

On the 16th of Oct., Mr. Elijah Spinney, of Nictaux, aged 62 years. It seems, as aged by the Inquis., that while alone, engaged in repairing a mill, he providentially fell into the pond, in a situation from which he could not extricate himself. Mr. S. had been for many years an esteemed member of the Baptist Church of Nictaux.

At Wilmot, N. S., on the 1st inst., Ann, wife of George Burns, and last of the family of the late George Morrison of Granville, N. S., at the advanced age of 87 years; leaving an aged husband, 7 children, 23 grand-children, 12 great grand-children, and a great number of relatives and friends to mourn their loss.

To the above notice furnished by her son Francis, who, after an absence of nineteen years, came to visit his relations, arrived a few days before her departure. Some brief remarks may be fitly added. Sister Burns had been an exemplary member of a Baptist Church upwards of forty years. She was remarkably pious and kind. The most prominent part in her character was that of enlarged beneficence. It was obviously her delight to render every one around her happy, as far as possible. Her sedulous care to minister to the comfort of her P. S. or, both by hospitality and support can be testified by the writer. She was ever ready to call upon any of the Lord's people; and no person needing refreshment was allowed to have her dwelling without it. On the occasion of her interruption the writer addressed the people in attendance on that appropriate text, Luke xiv. 14. "Thou shalt be recompensed at the resurrection of the just."—*Com. by Rev. C. Tupper.*
