SUNDAY SCHOOL TEMPERANCE GUARDS.

This is an organization recently formed in St. John, N. B., designed to gather in the young and indoctrinate them in Temperance principles, and thus to become a preservative to them against the snare of intemperance.

Worthy Chief, - Rev. S. March.
Worthy Associate, - Miss Lavinia B. Bent.
Worthy Treasurer, - Mr. James Milne.
Worthy Chaplain, - Rev. P. M. Morrison.

Information in reference to this Society, may be obtained by application to Prof. L. W. Williams, St. John, N. B. This organization is peculiarly adapted to cities and populous villages, and I hope that the time is not far distant when the influence will be felt in every town and village in our fair province.

A BAPTIST CHAPEL FOR ROME - The Southern Baptist Convention, just held at Raleigh N. C., has pledged \$20,000 for a chapel at Rome, - to cost \$40,000.

MISSIONARY TENT FOR ITALY. - A tent for preaching in the public squares and among the mountains of Italy has been purchased and shipped and paid for by the contributions of the Sabbath School Union of Newton, at the suggestion of Charles L. Colby, Esq., who was Mr. Van Meter's companion from England.

Rev. Dr. Warren, Foreign Secretary of the Missionary Union, who has been confined to his house in Newton Centre for the last five months by a painful illness, has so far recovered that he has been able to ride out.

In Albion, N. Y., a village of 5000 inhabitants, in the Baptist church of less than 500 members there were not long since no less than fifty-eight baptized households.

In 1850 (the National Baptist says,) the ratio of Baptists to the population in Pennsylvania was 1 to 78, in 1860 it was one to 79, at the present time it is 1 to 59, showing a very marked progress for the last decade.

BAPTISM OF A CONGREGATIONALIST PREACHER. - Pastor R. Ross, writes the Canadian Baptist as follows, under date of the 14th inst.:

Last Lord's day morning, we had a pleasant time at Cape Rich. After I preached to a full house, the congregation went down to the water's side, and there I baptized two men in the likeness of Christ's death. One of them was from Meaford, named Blatherwick; and has hitherto belonged to the Congregationalists. He is about thirty years of age, and has preached for the Independents in England. After coming to Canada about a year ago he preached for them in Meaford. A week ago last Sabbath he preached in the Baptist chapel at Cape Rich, and at the close gave his reasons for becoming a Baptist. I trust that he may be very useful among us. He is an active and intelligent man, and better than all, he is a man of piety.

THE INTERCOLONIAL. - A special telegram from Ottawa to the Colonist says "the railway from Truro to Anherst will positively be opened in September next" and adds, "It is believed here that the elections will not take place till after that event."

A new Light House will be built this year on Green Island off the entrance to Margaret's Bay.

The Act in amendment to Banking Act finally passed as amended in Banking Committee. One clause of the bill empowers banks to lend money and take security on new ships building on the stocks.

Pacific Railway resolution was referred back to the committee of the whole for some amendment in detail, and finally passed as amended.

Sir Francis Hinck's resolution repealing tea and coffee duties after first July is passed. It provides that tea and coffee, in the original package on which duty had been paid, may be rebound and warehoused, and the drawback obtained any time up to 20th of June.

On Wednesday, in the debate on the resolutions respecting the New Brunswick School Law, Col. Gray, moved an amendment setting forth that the law was one strictly within the power of the Legislature of New Brunswick to pass, and that it would be unwise for the Parliament of Canada to interfere in reference to it. He argued very ably that it would be setting a dangerous precedent that might prove injurious to that very class in whose interest Mr. Costigan believed he was acting, if the House should step beyond the letter of the prerogative as laid down in the Confederation Act, and try to control the school legislation of the Provinces.

The Parliamentary Session at Ottawa is expected to close about the 10th or 15th of June.

THE REVENUE OF THE DOMINION. - In the public accounts for the past four years the expenditure and receipts are thus stated: -

NEW BRUNSWICK.

At Drury's Cove, near St. John, one day last week, a child, between three and four years old, took a tea cup off the stove in its parent's house and swallowed some of the contents, which scalded it so severely that it died soon afterwards.

The Fredericton Head Quarters after a few months suspension, has been resuscitated. It is printed with new type, and makes a handsome appearance.

St. JOHN appears to be in a most flourishing condition, if we may judge from the following expression of the Visitor:

"There has scarcely been a period in the history of St. John, when there seems to have been such general prosperity as at the present time. Our merchants, mechanics, and manufacturers, certainly have plenty to do; and wages never have been higher, ordinary laborers asking and obtaining seven shillings a day and upwards. This city, must, with additional railway facilities, rapidly increase in wealth and population. On the completion of the Sherbrooke and Megantic Railroad, the Messrs. Allan, will, it is said, make St. John the winter port of their steamers, instead of Portland, as here they are always sure of a freight. This will add greatly to the business of the city.

So may it be, and long continue. Since the Carleton indignation meeting there has been considerable improvement in the Ferry. The Quagondy now makes more than one trip an hour.

UNITED STATES.

The United States Senate held a continuous session of 23 hours till 10 on Wednesday morning, during which it passed the Civil Rights and Amnesty Bills. The former levels distinction of color in travelling; in hotel accommodations, licensed places of amusement etc. The Amnesty Bill removes all political disabilities for engaging in the late rebellion, except Senators and Representatives of the thirty sixth and thirty seventh Congress, officers in the Judicial, Military, and Naval service of the United States, Heads of the departments, and Foreign Ministers of the United States.

The labor strikes in New York have assumed immense proportions, and have seriously affected the building interests. They are now practically at an end.

Horace Greely formally accepts the Cincinnati nomination. If elected, he says he will be President not of a party but of the people.

Warner's Block, the Irving House, Roswell's Stables and other buildings in Flint, Michigan, were burned on Saturday. Loss \$140,000; insurance, \$50,000.

The national Convention of Workingmen have nominated Grant and Senator Wilson for their presidential ticket. Greely received only 5 votes in the Convention.

Two vessels arrived at New York on Saturday from Bremen with small pox prevailing to a great extent among the steerage passengers. Twenty seven deaths upon one of them, and thirteen upon the other.

At Ithaca, N. Y. during a fire, the bridge over Fall Creek gave way falling 20 feet carrying with it a steam fire engine and 200 people. Many were injured, but none fatally.

The Mexicans are dissatisfied at the refusal of Juarez to resign his dictatorial powers, which expired April 30.

The Senate, on Saturday, after a session of more than nine hours, by a vote of forty-two to nine, advised the President to negotiate an additional article to the Treaty on the basis proposed by the British Government, although in a somewhat altered form. Minister Schenck was notified by telegraph that assurances that modifications will not be objected to by the British Government have been received, and it is now hoped that the Treaty troubles are ended.

A special Washington despatch on Monday afternoon states that a telegram received from London says the verbal change made by the Senate in the supplemental article of the Treaty of Washington will not affect its ratification, and that every proposition is accepted.

LATEST FROM EUROPE.

ENGLAND.

The English papers continue to discuss the Treaty of Washington and the supplementary article with undiminished interest. The editorials generally are inspired by a desire to prevent failure of arbitration and to save the treaty.

The "Pall Mall Gazette" alone argues to the contrary. It says further negotiations will only continue an irritation that may eventually put two proud nations in an attitude that war can be the only possible issue. The Treaty should be dropped immediately for the sake of national amity, good will and peace.

The leading articles of all the London morning papers on Friday last, gave expressions of satisfaction, over the proposition of Earl Granville, and the probability of its favorable reception.

The weather of last week in England was fine, but not favorable to the growing crops.

The North German Lloyd's steamship "Baltimore," arrived at Southampton, on Wednesday, en route from Baltimore for Bremen, and subsequently sailed for her destination, but came in collision with an unknown steamer, and had a hole eighteen feet long and seven wide stove in her hull. She was run ashore. The passengers and crew were saved, but the next day she was hauled off the rocks and towed into port.

The Queen's Birthday was observed on Friday at Windsor with suitable Court festivities. The celebration in London took place on Saturday, by which time the Prince and Princess of Wales would reach home.

FRANCE. - In the National Assembly Rouher spoke for three hours on Tuesday 21st, on a motion to interpellate Government as to its intention with regard to war contracts. The floors and galleries were densely crowded. The speech was listened to with the deepest interest, and frequently applauded.

The debate was continued on the following day when, Audiffert Pasquier replied with severity to Rouher, and vindicated his own exposure of corruptions under the Empire: he vigorously denounced Napoleon, and called on the Empire in the language of Augustus to restore to France her Provinces and her glory. Members of the Assembly and crowds in the gallery were greatly excited, and repeatedly interrupted the speaker with passionate outbursts of enthusiasm. Rouher replied, followed by Gambetta, who made a violent and bitter attack on the Empire.

Three more of the participants in the outrages of the Commune insurrection in Paris were executed on Saturday last.

The Paris journals generally agree in expression of opinion that debates in Assembly on Tuesday and Wednesday inflicted a crushing blow to the hopes of friends of the Empire.

The Debats says the results of discussion is a parliamentary Sedan. It is understood the party of the Left in the Assembly will, after close of impending trial of Marshall Bazaine demand impeachment of members of last Ministry under the Empire.

President Thiers has given permission for the remains of ex King Louis Philippe to be brought from England and interred at Driux, in the department of Eure de Loire.

The "Gaulois" publishes a letter from Napoleon, dated "Chislehurst, May 12," and addressed to the Generals and Commandants of the French Army, saying: "I am responsible for the surrender at Sedan. After fourteen thousand had been killed or wounded, I saw the contest was merely one of desperation. It was impossible that the immolation of sixty thousand could save France. I obeyed a cruel and inexorable necessity."

The Generals who received Napoleon's recent letter, assuming the responsibility for surrender of Sedan, transmitted it to M. Thiers.

SPAIN. - It is reported that the Carlist leader, Iturbe, has received a fresh supply of arms and threatens vengeance on the Carlists who have submitted to the authorities in Guipuzcoa. The last Carlist band in Lerida surrendered on Tuesday 22nd.

The crisis in the Spanish Ministry continues. It is said that several millions of reals of the secret funds of the Government were used during the recent election for Cortes. Sagas insists upon tendering his resignation.

King Amadeus has called in Senor Zabala for consultation as to the formation of a new cabinet, should the present cabinet insist upon their determination to retire.

The Carlists continue to surrender, and to all who voluntarily do so a free pardon is granted. Not a single band remains in Navarre.

GERMANY. - The members of the Imperial Army Band, by consent of the Emperor, will sail for America to take part in the world's Peace Jubilee at Boston.

ENGLISH ITEMS. - We are indebted for the following to the Christian World:

Mr. Ed. W. Claypole, B. A., B. Sc. (London), has resigned the office of classical and mathematical tutor in the Bristol Baptist College, in consequence of a resolution of the committee to inquire whether or not his theological opinions were in accordance with those of the Baptist denomination. We learn that the students from Bristol have been very successful at the London University under Mr. Claypole's tuition, and that his services were much valued by the committee.

On Monday evening, April 15, a very interesting meeting was held in the school-room Westbourne-grove Chapel, Bayswater, to celebrate the completion of the twenty-fifth anniversary of the settlement of the Rev. W. G. Lewis as the pastor of the church. After tea and coffee had been served, the chair was taken by John Marshman, Esq., who, in the name of the church and congregation, presented the pastor with a portemonaie containing three hundred sovereigns, and also with the following address engrossed on vellum, beautifully illuminated, and mounted in gilt frame: -

"To the Rev. Wm. Garrett Lewis, in commemoration of the happy completion of the twenty-fifth year of his pastorate. This memorial, with an accompanying purse of gold from the church and congregation assembling at Westbourne-grove Chapel, is presented in grateful acknowledgment of the kindness and mercy of God in so long owning and blessing the ministry of his servant, and in affectionate remembrance of the loving unity that has ever bound together the pastor and his flock. And we beseech you, brethren, to know them which labour among you, and are over you in the Lord, and admonish you, and to esteem them very highly in love for their works' sake." (1 Thess. v. 12, 13.) April 15th, 1872."

Mr. Lewis acknowledged the gift in a speech full of kindly feeling, and also read an extract from the original church-book, narrating the reasons for the formation of the church and the building of the chapel in Silver-street, Kensington. The Rev. D. Katters, of Hackney, President of the London Baptist Association, then addressed the meeting, and was followed by Mr. G. Penn, the senior deacon, who is one of the very few members remaining of those in communion at the commencement of the present pastorate. A vote of thanks to the chairman was then carried unanimously, and the meeting was brought to a close by singing the doxology, and with prayer by the pastor. A handsome timepiece, with a suitable inscription on a silver plate, was exhibited, being a testimonial to the pastor from the teachers and scholars of the Sunday-school presented on the preceding day.
