News of the Week.

ATTEMPTED SUICIDE.—Stephen Fairheade, cook of the hulk "Pyramus" lying at the Dockyard, attempted to commit suicide on Saturday morning. In consequence of some misconduct he was confined to the yard. On Friday night he attempted to go out, and became so violent that the sentry placed him in the guard-room, where, about 7 o'clock on Saturday morning, he attemped to cut his throat with a penknife. He was discovered in time to save his life.—*Chaonicle.*

A CHILD BURNED TO DEATH.—On Friday night last Mr. Wm. Craig, and his wife, who live in a tenement house on Barrack Street, near Duke Street, went out for a short time, leaving at home in bed their three children, a little girl aged 6 years, a boy aged 4, and an infant. The parents had not been absent over half an hour. When they returned, they experienced a smell of burnt clothing, and hastening up to their apartments, a harrowing sight met their eyes. Sitting on the bed, in a nude state, with her face buried in her hands, was their eldest child, Ada Maria. The little one, hearing her father approach, lifted up her head, and said: "O, papa, I m burned." The poor little sufferer was in a shocking condition; all her clothes burned off; her face, throat, arms and hands literally roasted. Although suffering intense pain, the child, as well as she was able, told her parents how it happened. While in bed, she said, she felt her feet cold, and got up for the purpose of putting her dress over her night-gown. There was a stove in the room, and considerable fire in it In passing it, her clothing must have caught fire. The little boy's feet were slightly burned, by the sister sitting near him. Fortunately the infant, which was asleep all the time, was uninjured Strange to say, none of the clothing on the bed took fire. The little sufferer craved piteously for water, which was given to her; and after suffering the most excruciating pain, expired in her mother's arms, three hours after the accident.

HALIFAX MANUFACTURES.—Two thousand four hundred and sixty pairs of boots were made in Taylor's Shoe Factory last week, and fourteen dozen trunks in the Trunk Factory. The pay list in both places Saturday afternoon, amounted to $926.00 for one week's work.

THE HALIFAX Y. M. C. ASSOCIATION held a social meeting in the basement of the St. Matthew's Church, on Friday evening, for the purpose of meeting Mr. Morse, a delegate from the New York Association, who had been making a visit to the Y. M. C. Associations of this province. Mr. Morse gave an eloquent address in which he gave some particulars of his tour through the provinces and offered several suggestions respecting the best mode of increasing their usefulness. Several of the members spoke briefly on the same subject. J. S. McLean brought forward the subject of a new building, and urged the members to contribute towards its fund, but the response was not encouraging. If a Joint Stock Scheme with proper restrictions were presented, we think it would commend itself to the members and the public, and would soon be all taken up.

Several of the ladies of the congregation had most philanthropically prepared tea, coffee, &c., in the ante-room to which all were invited, notwithstanding that the ladies were not invited to participate in the intellectual portion of the occasion. This was a piece of self-sacrifice which should not, and probably will not, lose its effect on the members. According to the Rev. Mr. Grant and several other speakers it was to these beverages were largely indebted for the geniality of the meeting.

TEMPERANCE MEN IN THE HOUSE OF ASSEMBLY.—The *Abstainer* says:—We are not positive as to the number of practical temperance men in the House; but will endeavour to ascertain as soon as possible. Be they few or many we hope to be able to give a good report of them at the close of the present Session, whether they are supporters of the Government or in the ranks of the Opposition. With Hon. S. Creelman in the Legislative Council, and Messrs. Kirk, McDougall and Gayton in the Lower House, the friends of temperance may rest assured that the cause will have good defenders should our principles be assailed.

At a Meeting of the City Council last week, Alderman Neal presented a numerously signed petition from the Rate-payers of Halifax, asking amendment of the License Law, so that Liquor dealers shall be required to obtain signatures of two-thirds of the Rate-payers of a Ward before they can receive a license to sell liquors. The petition was signed by His Grace Archbishop Connoly, Bishop Binney, and nearly, if not quite all of the Clergymen in the City. A large majority of the leading citizens also signed it. We may have more to say about this in our next issue. Mr. N. also presented a petition from the Temperance organizations of Halifax. Both petitions were referred to Committee on License.

PROVINCIAL APPOINTMENTS.—Prov. Secretary's Office, Halifax, 23rd February, 1872.

To be members of the Central Board of Agriculture, under chapter 13 of the Acts of 1871, Charles J. Campbell, Esq., of Victoria, and John Ross, Esq., of Cape Breton.

Errata.—In the list of appointments of Justices of the Peace, published July last, Robert Chisholm should have been Roderick Chisholm. In the published list of appointments of Justices of the Peace, in the Gazette of the 24th January last, the name Phineas Saunders should have been *Finlay* Saunders.

NOT HEARD OF.—Rev. David Freeman writes from Canning, March 1st: The schooner "Hector" sailed from Cornwallis, Feb. 2nd, with a cargo of produce for St. John, she has not since been heard from, she is said to be very unfit for sea. It is feared that the crew of four of our people have perished with her.

THE CIRCUITS.—It is understood that the following are the arrangements for holding the Supreme Court in the several counties of the province.

Judge Dodd takes the Guysborough, Pictou and Antigonishe circuit.

Judge DesBarres, Hants, Colchester and Cumberland.

Judge Wilkins, King's, Annapolis and Digby.

Judge Ritchie, Yarmouth' Shelburne, Queens and Lunenburg; and

Judge McCully takes the Cape Breton circuit.

SAD ACCIDENT.—George Little, a cooper of this city, while attempting to get on the train at Bedford station on Tuesday evening, fell between the platform and the cars. One car passed over his left arm crushing it so badly that it had to be amputated.

DARTMOUTH.—The Drill Shed on Block House Hill was discovered on fire on Wednesday night. Before aid could be obtained, the fire had got so much headway it was impossible to save it, and it was burnt to the ground. It is supposed to have been the work of an incendiary. The carriages of four sixty-four pounders that were in the building were destroyed and the guns themselves so much injured that they are useless. It was the property of the Dominion Government we believe.

TRURO is about to add a Hat Manufactory to its other industrial institutions. A Joint Stock Company with a capital of $15,000 is formed for the purpose. All the shares having been taken up by residents of the town.

HALIFAX AND DARTMOUTH SABBATH SCHOOL ASSOCIATION.—The Committee have made arrangements for holding a SUNDAY SCHOOL INSTITUTE, in the Popular Grove Church, this evening (Wednesday,) and to-morrow, and Friday, at ½ past 7 o'clock. They invite the co operation of the Sabbath School workers of the City and Dartmouth. both by their attendance at the sessions, and taking part in the discussions.

PROGRAMME.—*Wednesday.*—Chairman J. S. MacLean,—Devotional Exercises. 15 minutes. Introductory Address, by Rev. J. A. Rogers—20 minutes. "Teachers' Meetings,—Illustrated." Rev. G. M. Grant.—60 minutes.

Thursday,—Chairman W. H. Wiswell,—Devotional Exercises. 15 minutes. "The Art of Questioning,—Illustrated.' Lesson: John 4th chap., 43 to 54 verses. D. M. Sterns.—45 minutes. Address by J. F. Parsons, "The Art of Teaching."—20 minutes. Discussion on do, in 3 minute speeches.—30 minutes.

Friday,—Chairman J. B. Morrow,—Devotional Exercises.—15 minutes. Address by Rev. Geo. Hill, "The Object and Aims of the Sabbath School."—20 minutes. Discussion on do. in 3 minute speeches.—30 minutes. Address by Rev. A. Simpson, "What have our Sabbath Schools accomplished?"—20 minutes. Discussion on do. in 3 minute speeches.—30 minutes.

CREDITABLE INDUSTRY.—The proprietor of the Kentville *Star* says he has prepared a Lecture on the "Art of Printing, its Discovery and Progress," which he intends delivering in the chief places in the county, the admission fee to be appropriated to obtaining a new dress for the paper. This is a highly commendable effort; and, we doubt not, will meet with encouragement from many of the friends of progress and improvement in that leading county.

SYDNEY, C. B.—A public meeting was held here on the 23rd ult., for the purpose of giving expression to the opinion that one of the additional representatives to the Dominion Parliament should be from Cape Breton, and for taking steps to put forth their claim in the proper quarter. A committee consisting of Hon. Mr. Bourinot, Hon. J. McKeagney, M. P., Rev. D. McLeod, and Newton L. McKay, Esq., was appointed to draw up a case, &c., and report at an adjourned meeting on the 4th of March.

There are probably a hundred or more persons in this and neighboring towns, who daily suffer from the distressing effects of kidney troubles, who do not know that *Johnson's Anodyne Liniment* is almost a certain cure. In severe cases, great relief may be obtained, if not a perfect cure.

We notice that the Agricultural papers all over the country recommend the use of *Sheridan's Cavalry Condition Powders.*—*Exchange*,

Farmers and others in this section have long known and appreciated the advantages of these Powders over all others.

38 Victoria Street, Toronto, April 30, 1870.—I had been troubled with Rheumatism in my shoulder for three or four years until last January that I took Erysipelas in my elbow, from which I suffered great pain until I used Graham's Pain Eradicator, and was in a short time cured of both. WILLIAM ROBERTSON.
