Mr. Caleb Gates-The leading facts of my case are as follows:-I was troubled with a pain in my left side for several years back, and tried some preparations which failed to do any good, I took a trip to New York about lour years ago; grew worse after me arrival there; felt a violent pain in my forehead and directly above my eyes so that I could scarcely open them for a time; then I applied to a doctor, who informed me that I had a combination of diseases, viz .- liver complaint, heart disease, pains in the back and shoulders and jaundice; he said he could cure me, and gave me some medicines; also a plaster to wear on my side. I thought I felt somewhat better for a while but after arriving at Halifax, grew worse than ever. I left that place and came home; my friends said that I was too far gone to last much longer. The doctor's here advised me to discontinue using the medicines I had been taking, my knee joints and other SATURDAY, 2nd. - Schrs. I took several quarts of your bitters and invigorating syrup and applied some vegetable plaster, and got great relief in a short time; kept gaining in strength and health, and my appetite has been good ever since, so that I can do a good day's work and travel around as well as ever. In fact my system is so regular of late that I need no common purgatives. The cure is an astonishing one even to myself, therefore after taking a view of the deplorable condition I was in considered it a duty which I owe to you and Diagonal, Melton my fellowmen to give the above statement, in order that it may be made public for the benefit

This work is intended specially, as its title indicates, for Public Worship in the House of THE LORD not for Sabbath Schools, or for the ordinary purposes of Conference Meeting.

in every variety of metre with the author's named attached to each (o far as known) and the date of its first publication. Also a choice selection of Scripture and chants for chanting.

The MUSIC for CONGREGATIONAL SING-

ing is admirably adapted to the object. The numbering of the Hymns of the different editions correspond, a ver, important consideration. There are six indexes, full, clear, and

well arranged. The price, considering the character of the work, and its superior mechanical execution, is lower than any other in the market.

The ebject has been to provide an ample collection of the choicest Hymns in the language, united to the very best music extant for Congregational Singing, and, in order to avoid a thick, heavy cumberous volume, the Publishers have aimed to obtain clear distinct type, a neat open attractive page, the whole compact, light as possible and every way convenient for as possible, and every way convenient for use, and it will be seen that these several all impor-tant points have been fully secured in "THE SERVICE OF SONG."

The work is receiving the warmest and most unquelified commendation of Pastors, churches and all who take suitable pains to examine (with candid, unprejudiced minds) and there. by learn its superior merits, and many attractive peculiarities.

trumpeters to sound the praises of their book in the way of paid-for nswspaper puffs, etc., nor can they afford to pay for several column advertisements in the various denominational papers. Their exhortation to all desirous of procuring a new book therefore is "BE NOT DE-CEIVED." READ, EXAMINE, COMPARE, and be SURE YOU "GET THE BEST."
