AND DESCRIPTION OF THE PARTY OF TRURO is making rapid advances in obtaining the conveniences of city life. public meeting was held on Saturday the 9th, to consider the pracibility of introducing a supply of water into the town. After considerable discussion the following resolution was unanimously adopted:

Resolved .- That in the opinion of this meeting the firewards should take immediate steps to ascertain from competent engineers the pos-sibility and probable expense of introducing water into the Village to be used in case of

Johnson's Anodyne Liniment is, without doubt, the safest, surest, and best remedy that has ever been invented for internal and external u.e. It is applicable to a great variety of complaints, and is equally beneficial for man or beast.

We have seen it stated in various papers throughout the country, that Agents for the sale of Sheridan's Cavalry Condition Powders were authorized to refund the money to any person who should use them and not be satisfied with the result. We doubted this at first, but the proprietors Bay. authorize us to say that it is true.

If you wish a sure cure for Rheumatism, procure Graham's Pain Eradicator, and use it according to the direction, and it will give immediate relief. It has been used by a number of persons in this place, and given entire satisfaction. It is a capital article to have in the house. - Calais [Me] Advertizer.

MISCELLANEOUS.

Father Hyacinthe has no idea of becoming Protestant. He says in the Independent, Smith Lockeport. "We are Catholics; and we are not going | FRIDAY, 15th. - Brist. Delta, Hammett, anywhere. We mean to stay in the Kingston, Ja; schr. Thetis, Smith, Havana. Church, from which they are making such wicked and useless efforts to drive us out." He asserts that there are three systems contending for mastery. Rationalism, which rejects civilisation; Protestantism, which mutilates it; and Catholicism, which makes it living by the united voice of the whole Church. He objects to the individualism among Protestants, and exalts the authority of tradition. Yet he repudiates Papism, and adds, " For my part, I freely own that I would prefer the method of Protestantism to that of Ultramontanism - the state of soul which the former implies to the state of soul which the latter produces. Yes; if we had to choose between those two errors, my choice would be for the perilous emancipation of each conscience, set face to face with the Bible and with Christ, and against the prostration of all consciences, sundered from the living Saviour and the Bible, in subjection to the unquestioned word of a man who might be John XII. or Alexander VI. A system like this is no more Protestantism than it is Catholicism. Its real kindred is with the religion of Buddha! I am not exaggerating. I have breathed that atmosphere; I know what there is in it!"

GRAVES HAVE NO WORMS .- One after another we have to surrender our most firmly settled beliefs. From childhood we have been led to associate in an un-pleasant manner worms and graves. According to a speaker at a recent meeting of a Northern farmers' club, the worms are perfectly innocent of the practice laid to their charge. "In his time," said the farmer referred to, " he had had a good many animals which died; and occasionally, after having them buried for some time, he had dug them up to make a compost heap. Now in doing that he never found a single worm in their graves. He had also inquired of several diggers in our THE Commissioners appointed for the conchurchyards, and he could not find one who had come across a worm in a grave."

The North British Cattle-Food Company,

Per GERALD GORDON, Manager. Montreat, 1st March, 1872.

The Nutritious Condiment is used in the Stables of HER MAJESTY THE QUEEN, H. R. H. THE PRINCE OF WALES, the Nobility of England, and the principal Crown Heads of Europe.

The great success that has attended the N. B. C. F. Company throughout England, Ireland and Scotland during a period of ten years, induced them to send their manager, Mr. Ger aid Gordon, to Canada, to place their manufacture for Ho ses and Cartie in the Canadian market. Three months since it was scarcely heard of on this side of the water, now it is extendsively used throughout the Dominion and its utility is testified to by the lealing authorities on horses and cattle throughout the country, as the numerous testimonials in the hands of the Agents amply prove, - There is not one dissenting voice re-pecting the genuineness and utility of the nutritious condiment Veterinary Surgeons, to ether with Physicians, Professors of Chemistry, and men of Science testif to the use of the condiment, both for its fattening and health-giving pro-

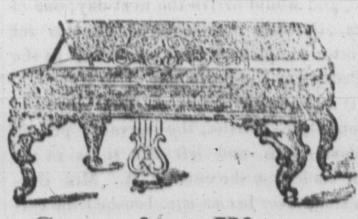

By using it a saving of twenty per cent. is effected in the cost of feeding, and the animals are in better conditi n. It is the cheapest condiment in the market,

costing only one cent per feed. The nutritious condiment is composed of health-giving seeds, herbs, and roots, grown for their healthful qualities in the prevention

of diseases of every description in cattle. All the principal Prize Cattle at the Royal Agricultural shows, held at the Agricultural Hall, Islington, London, in 1868-69.70 and 71 were fed on the N. B. C. F. Co's Food. It is also now being used by Mr. Cochrane, of Compton, and John Snell, E-q., of Edmonton, two of the largest Stock Raisers in Canada. Put up in strong canvas bigs 100 ibs. \$8.00; 50 lbs. \$4.25; and 25 lbs \$2 50. Large books of Testimonials can be had on application.
