IN MEMORIAM.

MRS. HARRIET FREEMAN, beloved wife of deacon Samuel Freeman of Greenfield, Queen's Co., second daughter of the late deacon Allen Murray Freeman, departed this life April 20th, 1872, in the 28th year of her age.

ACKNOWLEDGMENT.

CHESTER, June 12, 1872. Dear Brother, - Allow me through the medium of your much esteemed and highly valued paper to say, that among the many favours received from the people of this place during the past and previous years, none will be remembered with more grateful emotions, than the erection of a neat little marble monument over the precious remains of our dear departed little ones by H. B. Mitchell, Esq., of Chester.

Dominion & Foreign News.

HALIFAX, N. S., JUNE 19, 1872. The Ottawa Parliament closed on Friday last. This is the last session of the first Parliament of the Dominion of Canada. The following appointment appeared in the last "Canada Gazette": -William McNab, of Wallace, Nova Scotia to be collector in Her Majesty's Customs.

NEW BRUNSWICK.

The Board of Trustees at St. John, have passed a resolution forbidding corporal punishment in public schools under its control. Mr. Finley Morrison, Oak Point, Northumberland, shot himself with a gun at his residence. An inquest was held and the verdict given of temporary insanity.

UNITED STATES.

A New York despatch on Saturday last says: - It is believed in Washington that at a meeting of the Geneva Arbitrators, the Agent of the U. S. Government will accede to the British request for a postponement, with a protest against England's right to withdraw from the Treaty under any consideration whatever.

The striking workmen in New York were on Saturday threatening to sack the Steinway Pianoforte Manufactory. A large police force protects the building.

Boston is taken up with the great Peace Jubilee. The bands from Great Britain attract much attention. Quite a number of other musical celebrities had arrived and the music is now in full blast.

The first concert commenced shortly after 3 o'clock. Address were delivered by the Mayor and General Banks. - The opening piece, "Old Hundred," was magnificently performed. Few of those present will ever hear such music again in this world.

Notwithstanding the vast size of the building, the solo singers made themselves heard distinctly at its farthest extremity.

Congress adjourned, without date, at nine o'clock on Monday evening, after a violent debate on the addition of the Enforcement Act to the Omnibus Appropriation Bill, which was carried by a strict party vote.

It is asserted that President Grant concedes the failure of the Treaty.

The NEW TARIFF bill just passed by the United States Congress is in many respects more advantageous to colonial interests than the old one.

CHESTER, June 12, 1872. Dear Brother, - Allow me through the medium of your much esteemed and highly valued paper to say, that among the many favours received from the people of this place during the past and previous years, none will be remembered with more grateful emotions, than the erection of a neat little marble monument over the precious remains of our dear departed little ones by H. B. Mitchell, Esq., of Chester.

LATEST FROM EUROPE.

ENGLAND. Despatches from Geneva on Saturday last said: -The following gentlemen, connected with the Board of Arbitration of the Alabama claims, are now here: C. F. Adams, J. C. Bancroft Davis, Caleb Cushing, Wm. M. Evarts, Morrison R. Waite, Charles C. Beaman, Jr., Sir Alexander Cockburn, Lord Tenterden, Sir Roundell Palmer, Count Schlopfi, Mr. Stempfli and Baron Itajuba. The American Consul and agent were closeted on Friday with Mr. Adams, discussing their course.

FRANCE. - It is affirmed that the whole French Assembly is disgusted with the arrogance of M. Thiers in relation to the new Army Bill. All political parties join in condemning him. A Deputy, in session, charged the venerable President with possessing all the arrogance of the first Napoleon. Thiers was attacked on Thursday last by the right in the Assembly, who demanded that he dismiss certain Ministers, and carry on his administration more in accordance with views of the majority.

For some time past, electricity has been employed for lighting the street lamps in some of the towns of Germany. The gas lamps in the Royal arsenal at Woolwich are in future to be lit by the electric fluid. The reason assigned for this is to insure greater security against accidents.
