coming grave. The Carlists in arms number over fifteen thousand, and a Royal Proclamation declares many places in a state of seige. The latest accounts state that ten thousand insurgents are in the field.

King Amadeus opened the Cortes by stating that the relations with other Powers were satisfactory. He expressed the hope of the prompt termination of the insurrection.

The Carlist deputies in obedience to the request of Don Carlos, did not take seats. All the republican and radical deputies present.

Don Carlos is reported to have crossed the frontier into Spain. A complete understanding is said to exist between the Carlists and the Republicans, the former to draw troops into the open country, leaving the towns to the mercy of the latter, who are to rise simultaneously throughout the country.

The Government has ordered that Don Carlos be immediately shot, if captured.

Later despatches shew the Carlist movement is less formidable than reported, the insurgents, generally, keep to the mountains, and are in possession of no place of much importance, except in two or three Provinces.

- ITALY. - Naples. - The eruptions of Vesuvius are increasing and becoming more serious. Two hundred person have been burned by the lava. The flames burst from the earth under the feet of the inhabitants. Torre del Greco is in danger of destruction, and the people are flying from the town. Temporary provision is made for them by the authorities.

A fresh crater opened in Vesuvius on Friday. The ashes and lava threaten the villages on mountain side, and the inhabitants are removing their household goods. Thousands are encamped in the fields. The flames at times shoot up to a great height, and masses of rock are ejected with earthquake shocks, which are distinetly felt in this city.

Saturday, April 27th. The eruptions continue with dreadful violence. Lava has already reached Sabastian and threatens other towns, causing great consternation in all the vicinity.

King Victor Emanuel has promptly provided aid to the homeless villagers.

The view of the Mount from Naples is the grandest ever witnessed. The governo ment is compelled to order troops out tuprevent the stealing of abandoned property from deserted villages. The Bourse is closed. Business almost suspended. People use umbrellas to protect them from falling ashes. Rain is wanted: else the crops will be destroyed. As the worst is now believed to be over, the anxiety of the people has considerably lessened.

MISCELLANEOUS.

HOPEFUL STATISTICS. - The North Mississippi Methodist Conference baptized last year 2,212 adults, against 998 infants; the Southern Georgia Conference, 1,724 of the former against 719 of the latter. Churches infant baptism the exception should not be too bitter toward their Baptist brethren. At the above rate, much sooner than they think, they may find themselves out and out Baptists. And, indeed, what a gain it would be to our Methodist brethren to plant themselves herein square on the Scriptures! Let them, to truth respecting the grand initatory ordinance of the church, -the symbol of death to the world and resurrection with Christ,-add their simple teachings of the way of life, their activity, their zeal, their flexible methods and their clear testimony to the inward power of the Gospel, and what a history would open before them! It might be at our expense somewhat, still we could say with Paul.

"I herein do rejoice, yea, and will rejoice, The Nashville Christian Advocate, referring to the above statistics, says: "What great numbers of anti-pedobaptists, or, at least, non-pedobaptists there must be in Georgia!' Yes, Georgia is essentially a Baptist State; there are about 150,000 Baptist church members in it, to say nothing of baptized Methodists. The leaven is working pretty well through the mass .-Exchang.

We should not hesitate to recommend to Ryder, Esq., in the 67th year or his age. any friend of ours Parson's Purgative Pills; they are scientifically prepared, and are adapted to all the purposes of a good purgative medicine.

Decidedly the hest remedy that has ever been discovered for Rheumatism, Swollen or Stiff joints, Flesh wounds, Sprains. Bruises, Cuts, and Burns, is Johnson's Anodyne Liniment. We use it and reccommend it to our friends.

Mr. N. Bain, 27 Queen Street East, says—"It is the best remedy I have ever y ars. Deceased was baptized about 7 years found for removing pain, and is a splendid a o by Rev. A. W. Barss, and united with the remedy for burns."

Mr Charles Bennett, Hopewell Cape, N. B., says ;- I have kept Graham's Pain Eradicator constantly in my house for the past two years, and find it to be the best remedy I have ever had for Croup, Cough, Pain in the Breast, or Pain of any form. My Son, aged 8 years, was so badly life.

SPAIN .- The situation in Spain is be- afficted with Spinal Complaint, that one arm was much reduced in size, and his general health very much enfeebled; but by the use of one bottle of this medicine, his health has became completely restored His arm and hand have nearly assumed their proper proportion, and we believe the use of another bottle will leave nothing more to be desired.
