LACHUTE, P. Q. Sept. 6. 1869. MESSERS. T. GRAHAM & SON :- When your PAIN ERADICATOR was first introduced here. we were doubtful of its virtues, and unwilling to buy it.

Since then we have used it in our families and find that it possesses the rare quality John McIsaac, in the 43rd year of his age. in Patent Medicines of being as good, and even better, than it is represented to be.

Some are astonished to find obstinate and long standing case of Rheumatism cured by a few applications, and also to find that it possesses similar power over other forms of disease and pain for which it is recommended.

In using it in our own families we find that it possesses one very remarkable property and one for which we prefer it to all other preparations, that is while relieving pain it causes no smarting, uneasy sensation whatever, so that it can be given to young children; and in fact we regard it as the very best Family Medicine yet discovered, and considering all its curative properties, it may justly be denominated

WONDER OF THE AGE! We find its sale far exceeds all other preparations, and we could give over twenty testimonials in its favour, from persons who have used it during to past few weeks.

Those seeking a new HYMN and TUNE BOOK for CHURCH SERVICE, and who

"CET THE BEST,"

should not fail to examine with care THE SERVICE OF SONG.

This work, it is claimed, contains the best, the sweetest, most elevated Scriptural Collection of HYMNS extant. It has the best and every way most available MUSIC for CONGREGATIONAL SINGING, the adaptation of the Hymns and Music is the most perfect, the whole arrangement is the most thoroughly systematic; the numbering of the HYMNS of the different editions (unlike other similar works,) ALL COR-RESPOND; the several Indexes are the fullest and most complete; the size and weight of the book the most convenient for use; the type the neatest and most distinct. All these excellencies, combined, with the superior paper and binding, make it in every respect, the most perfect and attractive book for public worship in the market; while the PRICE is lower than most, and is as low

as the lowest. It has been introduced into a large number of our best churches in different parts of the country, and has received the most unqualified commendation of the press, of musical men, of ministers and churches, etc. With no effort to detract from other recent works, by attempting to point out their defects, the Publishers simply desire, and would respectfully urge, a thorough, candid examination of the "Service of Song," confident that such an examination cannot fail to convince every fair unprejudiced mind, of its superior merits. The Collection contains 1069 HYMNS, and 361 TUNES, 36 DOXOLOGIES, and a choice collec-
