THE PEOPLE'S

Washer.

PATENT APPLIED FOR

The Cheapest, most Convenient, and Serviceable Washer in Existence.

It is established beyond a doubt, that Steam will cleanse clothing more completely, and at far less cost, than any other agent. An improvement has just been invented in this province, which combines more advantages than any other Cioti es-Washer, and may be made at less

It is so simple that it cannot get out of order, and any one may work with it. Needs no rubbing of any kind; does its work in less than an hour, and requires no attention; saves greatly in fuel, soap, time, hard labour, and wear of clothing; can be made by any Tinsmith and at cheap rates.

THE PEOPLE'S WASHER

Is the only Steam washer that can be made to fit any cooking stove Boiler; -that can be cleaned and dried in all its parts after using, -and that may be used admirably as a steamer for cooking fool. Moreover it is invented and may be obtained in our own Province, thus saving freight, duty, &c., in importing from abroad. It has no wheels, pipes, or other machinery. Does its work by making the steam circulate thoroughly and rapidly through the clething. Persons who already own Cooking Stove Boile's may have a Steam Washer to fit for \$4. Send size of Boiler, inside at the top. If a round Boiler, give size across the mouth. If obleng, see that the sides are straight, and measure both length and breadth. For Washer and Boiler I charge \$5 00 Every woman should own a Wringer. I will send these at cheapest market rates. For all orders accompanied with the cash. I will send the Washer with full directions to any part of the Dominion.

I invite correspondence from Agents everywhere. To them this Washer will be a source of wealth, as I leave a good margin for profits, and the PEOPLE'S WASHER must sell universally,

Combines more good qualities and costs less than any other. I will dispose of County rights to any who are prepared to give time and energy to an Agency. S. E. WHISTON, DARTMOUTH, N. S.

It is with pleasure that I recommend your Steam Washer. Every House-wife ought to possess one. I have used it several times with the utmost satisfaction. It not only cleanses the clothes thoroughly, but is a great saving of time, labor and expense. With a ringer any lady might de her own washing. FARNIE WISWELL. Dartmouth, March 28th, 1873.

MR. S. E. WHISTON - Sir - I am very much pleased with your Steam Washer, and shall henceforth deem it impossible to do without one. I was somewhat prejudiced against it on account of my ill success in washing with one of the old kind in which the Steamer and Boiler are fastened together; but my prejudices were removed by one trial of yours and the good impression confirmed by a second trual, in both of which instances it has given perfect satisfaction. We shall now be able to do our own washing and thus save in half a year the price of Washer and
