HOUSE OF ASSEMBLY.

ON TUESDAY after some time had been occupied in receiving reports of Committees the House passed several local bills.

Prov. Secretary stated that \$6000 would be added to the appropriation for Roads, and divided equally among the counties.

Mr. Moore made a complaint that monies drawn for Kings county under the navigation securities grant had not been properly expended.

ON WEDNESDAY after routine business, Mr. Holmes called the attention of the House to the action of the Dominion Parliament on the matter of coal duties.

Resolved, That it is the duty of the Canadian Government to impose an equal duty on American coal as is imposed by the United States on Nova Scotia coal.

At the request of the Provincial Secretary the resolution was allowed to lie over for a short time, and the House went into committee on bills.

THURSDAY.—The bill for building a City Hall passed and was sent to the Legislative Council.

Mr. Landers enquired what was to be done concerning the W. & A. Railway Company.

Mr. McKay thought there should be something done, but did not see how the Committee could report other than they had.

Prov. Secretary referred to the Act of Confederation as having produced a change which rendered it a matter of doubt whether the Local or Dominion Government should have charge of these Railways.

Mr. Blanchard thought the Dominion Government should take the roads. He objected to the roads being handed over to certain companies.

Prov. Secretary said the Prov. Government objected to the proposed action until the completion of the line from Annapolis to Yarmouth.

Against.—Att. General, Com. Mines, Morrison, Robertson, Ryerson, Francerville, Ross, Freeman, Wyde, Landers, Archibald, Flinn, Taylor, Yeomans, Smith, McCurdy, Desbrisay, Eisenhaur, Gayton, Boudrot, Doucette, Johnson, J. McDonald, Ferguson, Com. Crown Lands.

On motion of Mr. Holmes, seconded by Hon. Prov. Secretary, it was resolved that the evidence taken before the committee be printed with the journals.

Mr. Morrison said it was time that some steps were taken to prevent the pre-emption of such groundless charges, and moved a resolution reciting the nature of the charges which had been preferred against the Prov. Secretary and the action of the Committee and House thereupon.

Mr. Morrison said it was time that some steps were taken to prevent the pre-emption of such groundless charges, and moved a resolution reciting the nature of the charges which had been preferred against the Prov. Secretary and the action of the Committee and House thereupon.

Prov. Secretary said the Government desired to have the Dominion Government hold the roads in trust for companies.

He named Monday for the discussion of railway extension.

Mr. Blanchard referred to a resolution placed upon the table by Mr. McRae, regarding the subject of a memorial to the memory of the Hon. Lt-Governor Howe and Judge Johnston.

Mr. Morrison moved for a Committee consisting of Messrs Taylor, Freeman, and Blanchard to investigate the Navigation securities in Kings County for 1868, '69, '70, and '71 which was adopted.

Mr. Morrison moved his resolution respecting the conduct of the member for Kings.

Mr. Holmes and Prov. Secretary spoke warmly on the question each against the course pursued by the other.

On FRIDAY after routine business the reports of the committee on the charges of Mr. Woodworth against the Provincial Secretary were read.

COMMITTEE ROOM. April 23, 1874.

The Committee, appointed to investigate the charges made by D. B. Woodworth, Esq., member for Kings County, on the 10th day of April last past, in the House of Assembly, against the Hon. Provincial Secretary, of having altered certain records in the Crown Land Office after the same had been signed by the Governor and Provincial Secretary, beg leave to report that after having fully investigated the charges preferred, they find that said charges are altogether unfounded, and that the evidence produced has completely exculpated the Hon. Provincial Secretary therefrom.

A minority report signed by Mr. Holmes states that he declined to sign the report of the majority for several reasons—it does not shew the condition of said records, and is not so full as the circumstances require.

He therefore referred to them more particularly and mentions the names of those who had given testimony before the Committee, and concludes by saying:

While, therefore, the weight of evidence is in favor of the contention of the Hon. Prov. Sec. and is not sufficient to sustain the charge of the member for Kings in its entirety, it must be admitted that the appearance of the documents referred to, and the statements of some of the witnesses were quite sufficient to raise the suspicion that public documents of an important character had been improperly tampered with, and justified the member for Kings in demanding the investigation which has just taken place.

I am also of the opinion that the ruling of the majority of the Committee excluded evidence which was in my opinion essential to a proper understanding of all the facts necessary to a full comprehension of the whole case.

Mr. Archibald moved the adoption of the report.

Mr. Holmes said he understood the evidence was ordered to be printed, and it would be unfair to adopt the report without hearing the evidence.

Mr. Blanchard said there were rumors that important witnesses were prevented by the ruling of a majority of the Committee from giving testimony.

Mr. J. McDonald thought the report ought to be at once adopted.

Mr. Morrison did not see why there should be any delay.

Mr. Blanchard objected to the report being forced upon the House and country without an opportunity of examining the evidence.

Mr. Robertson said both the minority and majority report stated that the evidence was insufficient to support the charge against Mr. Vail.

Mr. Landers seconded the motion that the majority report be adopted.

Mr. Holmes thought it was very necessary that the evidence should first be studied by the members.

Mr. Blanchard rose to speak.

Mr. Vail objected, he having spoken twice should not be allowed to speak again.

Mr. Blanchard declared he would speak as often as he liked. He stigmatized the hurry of the Government as "indecent haste" and moved a resolution to the effect that the majority report be not received and adopted till the evidence had been printed and distributed.

After some warm words had passed from several members the vote on the amendment was taken as follows:

For amendment—Blanchard, Moore, Holmes, Campbell, Rettie, McRae, Cameron, Woodworth and Vickery.

Against.—Att. General, Com. Mines, Morrison, Robertson, Ryerson, Francerville, Ross, Freeman, Wyde, Landers, Archibald, Flinn, Taylor, Yeomans, Smith, McCurdy, Desbrisay, Eisenhaur, Gayton, Boudrot, Doucette, Johnson, J. McDonald, Ferguson, Com. Crown Lands.

On motion of Mr. Holmes, seconded by Hon. Prov. Secretary, it was resolved that the evidence taken before the committee be printed with the journals.

Mr. Morrison said it was time that some steps were taken to prevent the pre-emption of such groundless charges, and moved a resolution reciting the nature of the charges which had been preferred against the Prov. Secretary and the action of the Committee and House thereupon.

Mr. Morrison said it was time that some steps were taken to prevent the pre-emption of such groundless charges, and moved a resolution reciting the nature of the charges which had been preferred against the Prov. Secretary and the action of the Committee and House thereupon.

On SATURDAY the matter of misappropriated monies by the former member of Kings came up for consideration by Mr. Moore asking for a Committee to investigate said charge.

Prov. Secretary objected to a committee and thought the investigation should be private.

Mr. Moore moved for a Committee consisting of Messrs Taylor, Freeman, and Blanchard to investigate the Navigation securities in Kings County for 1868, '69, '70, and '71 which was adopted.

Mr. Morrison moved his resolution respecting the conduct of the member for Kings.

Mr. Holmes and Prov. Secretary spoke warmly on the question each against the course pursued by the other.

On FRIDAY after routine business the reports of the committee on the charges of Mr. Woodworth against the Provincial Secretary were read.

der and asked that Mr. Woodworth's words be taken down.

Mr. Woodworth proceeded. Hon. Speaker ordered the galleries to be cleared, the people indulged in hearty biases as they were leaving.

BY J. M. CRAMP, D. D. This small volume is rich in vigorous thought and in devout feeling. In ten short chapters he sketches the early life and the labours of the great Apostle, his views of Christ, of faith, of regeneration, and holiness, his letters and theology. The whole is at once a history and an argument, full of instructive lessons, and decisive as evidence of the truths of Christianity. Dr. Cramp has made himself familiar with modern Biblical criticism, and gives in the text or in notes the result of recent scholarship. The volume will find no small acceptance with teachers, ministers, and intelligent readers generally. We give it a cordial welcome.
