LIEBIG'S LIQUID EXTRACT OF BEEF.

Besides the Condensed Beef prepared from the best parts of the animal, the preparation contains Quinine, Peruvian Bark, and numerous herbs and roots grown for their tonic and health-giving properties.

THIS IS THE ONLY CONDENSED BEEF THAT DOES NOT REQUIRE COOKING OR WARMING. It was especially manufactured under the direction of BARON VON LIEBIG, before the late FRANCO-PRUS-SIAN WAR, for the German soldiers. Its tonic qualities are much greater than those found in any ordinary Specific or Appetiser, and its nutritive properties are sufficient to sustain the body without the addition of solid tood. It is now recommended by the Faculty in preference to anything else as the best remedy for
