EAST INDIA HEMP,

And What We Know About It. Instead of devoting a column to the merits of this strange and wonderful plant, we remain silent and let it speak for itself through other lips than ours, believing that those who have suffered most can better tell the story. We will here quote word for word from letters recently received, simply adding our testimony to the rest in saying, that when this plant is properly prepared, we know that it positively cures consumption, and will break up a fresh cold in twenty-four hours.

ISAAC J. GARRETT.

Liverpool, Beach Meadows, Queens Co., Nova Scotia, Aug. 27, 1874.

Please send \$20 worth of India Hemp. I can not tell you with pen the great good this has done me. I was as weak as a cat, could hardly stand on my legs; no appetite; constant pain in my lungs; the doctor had given me up, and I saw death before my eyes. But this medicine has raised me to the enjoyment of life and health. I can now walk two and three miles without fatigue; have a good appetite; am free from pain; sleep soundly, and am doing well. I have no fears of consumption now.

Yours truly, ROBERT COX.

THE FOLLOWING CONFIRMS THE ABOVE, SEVEN YEARS LATER: Thornorton, Boone Co., Ind., 1st Month 20, 1867.

I have tried so much that I have lost all confidence in Patent Medicines, and would not have sent for your remedy, only I saw in your testimonials that of Robert Cox, in the case of Findley Barker, with whom I am personally acquainted, and know that I am cured of Consumption, and in how well and hearty I am also acquainted with Robert Cox, and feel that Cannabis ought to do as much for me as it did for Barker.

Yours in faith, JOHN B. WETHERALD.

Sweet Valley, Luzerne, Pa., April 20, 1874.

I have used your Cannabis India Syrup for the last ten years with astonishing success in acute and chronic Pulmonary Affections, and I believe it has no equal for such diseases. DR. J. N. DAVENPORT.

Deep River, Poweshick, Iowa, Jan. 3 1874.

I have just seen your advertisement in my paper; I know it about the Cannabis India. Fifteen years ago it cured my daughter of the Asthma; she had it very bad for several years, but was perfectly cured.

JACOB TROUT.

Montezuma, Tenn.

My daughter (Miss Crowder) has gotten entirely well of Consumption. Hers was a case of fifteen years' standing. So you see we have tested the virtues of India Hemp, and now have no doubts as to what it will do.

Truly yours, CROWDSON & MOSS.

Lovelsville, Ballard Co., Ky.

No other has been suffering with Bronchitis for twenty years and tried most all kinds of medicine, and says the Cannabis India is the only thing that gives her relief.

8. Is so simple, that no person can fail to learn to use one in a short time, and also cannot be put out of time or adjustment by use. 9. It is the most durable, the HEAVIEST and strongest made, and for both fine and heavy work, has not any equal.

LIEBIG'S LIQUID EXTRACT OF BEEF.

Besides the Condensed Beef prepared from the best parts of the animal, the preparation contains Quinine, Peruvian Bark, and numerous herbs and roots grown for their tonic and health-giving properties.

THIS IS THE ONLY CONDENSED BEEF THAT DOES NOT REQUIRE COOKING OR WARMING. It was especially manufactured under the direction of BARON VON LIEBIG, before the late FRANCO-PRUSSIAN WAR, for the German soldiers. Its tonic qualities are much greater than those found in any ordinary Specific or Appetizer, and its nutritive properties are sufficient to sustain the body without the addition of solid food. It is now recommended by the Faculty in preference to anything else as the best remedy for CONSUMPTION, GENERAL DEBILITY, LOSS OF APPETITE, LOWNESS OF SPIRITS, INDIGESTION, DYSPEPSIA, LASSITUDE, FEVER, AGUE, CHOLERA, ALL FEMALE AND CHILDREN'S MALADIES, SICK-HEADACHE, SEA-SICKNESS, INFLUENZA, &c.

Thoroughly Renews the System. There is only one liquid extract of Beef in Existence. Signature of the Inventor.

Baron Justus Liebig, M.D. F. R. S. Professor in the University of Munich. Opinion of the Medical men of Halifax.

Liebig's Fluid Extract of Beef, a very agreeable article of Diet, and particularly useful where stimulants are required. In Diphtheria, Typhoid Fever, and every depressing disease, its use will be attended with great advantage and will be found invaluable in Country Districts where fresh Beef cannot be easily procured. EVERY BODY SHOULD HAVE A BOTTLE.
