THE North British Cattle Food Company's

NUTRITIOUS CONDINENT FOR

## Horses and Cattle.

All the principal prize cattle at the Royal Agricu tural Shows, held at the Agricultural Hall, Islington, London, 'Xmas, '68, '69; '70, and '71, were ted on the North Bitish Cattle Food Co.'s Nutritious Condiment.

THE NUTRITIOUS CONDIMENT has been used by the leading breeders, proprietors of racing establishments, and feeders of cattle and horses in England and Scotland for ten years, with great success. The largest contractors, omnibus proprietors, horse car companies, and owners of horses in the principal citis of Europe, also teed with it. The success artending its introduction in Canada was greatly in excess of the most sanguine anticipations of the Company, inasmuch as the large cargo consigned to Montreal in October '72 which was considered to be sufficient to last one year, was exhausted in three months.

Six hundred of the leading Veterinary Surgeons. Horse Owners, Contractors, Farmers Express Companies and Lumber Dealers of Canada testify to its utility as an economical, health giving food, for Horses and Cattle

A Condiment is generally considered to be a seasorer of feed. The Nutritious Condimint is, however, a great deal more than a seasoner. Although it will season and render palatable any description of coarse provender, such as chaff, chopped hay, &c., it is in itself a rich nutritious food. This will be seen by the system of feeding, which, if adhered to, will effect a saving of twenty per cent. in the cost or feeding, and the animals will be in a great de I better condition than when ted upon the

The directions show that where the Condiment is used, one fourth of the oats used at each time of feeding are deducted, and the SUNDAY, 22nd .- Schr. Briton, Leslie, New balk is made up with chaff or chopped hay. One fourth of a feed of oats costs more than tour times as much as a measureful of tals Liverpool, G. B., via Queenstown; French | Condiment (quantity, one gill costs one cent.) Then the cost of the chaff or chopped hay to make up the bulk is very trifling. Therefore Pictou it will be seen the "Nutritious Condiment New Glasgow besides possessing numerous advantages in point of health, is a cheaper method of feeding than the old system of plain oats. The Condiment may be had at the Depot,

44 Bedford Row, Halifax, and of Sub-Agents throughout the Province. Put up in strong Cotton Bags, 160 lbs., \$8.00; 50 lbs., \$4.25; 25 lbs., \$2.50; and 10 lbs., \$1.25. There is a Tin Measure, with full

directions, in each Bag. GEO. FRASER, Managing Agent. Dec. 10.

MESSRE CALEB GATES & Co., Dear Sire-I um going to give you this testimonial of my appreciation of your most invaluab e medicines, and the wonderful sati faction that I have experienced fro. a their usa. I was troubled with liver complaint for a number of years, and by times was not able to work. In March 1872. was taken very sick, was though by my triends to be going with consumption I was very weak with a bad cough, pain in my lungs and lett shoulder, was unable to turn in bed; tried everything that was recommended, but tound no relief; and having a catalogue of your medicines to my house, sent and Lot two bottles of y ur Bitters and Syrup, and used them; and am happy to say that I am hearty and well, through the use of the same. They also have cured me of dyspepsia, which at times troubled me much. I have also used your Eye Relief, and believe it to be the best preparation for weak eyes in use. No family should be without your medicines; for by their use they will escape a vast amout of suffering. You are at liberty to make this public if you wish, for the benefit of suffering humanity. Believe me, yours truly,

MRS. AINSLEY'S Arthranodyne Liniment.

This magical pain curer having been in L use among private friends for a number of years is now offered to the public as a superlative remedy for

RHEUMATIC PAINS, TOUTH ACHE. NEURALGIA, SPRAINS, &c.

Manu.actured by Mrs. Ainsley, Halifax.

Lunenburg, August 20th, 1873. MRS. AINSLEY, DEAR MADAM,-

Having found the efficacy of your very invaluable Liniment in the case of sore threat, which by two applications I was entirely relieved both of the swelling and soarness, I was induced to apply it to the parts affected by a severe attack of Lumbago. After having my back, loin and thigh thoroughly rubbed with the mixture, I was enabled to sleep comfortably and in a few days to walk about the field. I would further add for your satisfaction that my friend with whom I board has been entirely relieved from a pain in his shoulders, which drove him nearly to madness, by freely using the Liniment twice. Also the wife of ore of my neighbours who was suffering dreadfully from an attack of acute rheumatism especially in her joints and legs, told me that she had scarcely applied it to parts affected before she felt immediade relief. I have reason to believe the Arthranodyne Liniment the best now,
