A few evenings before this a certain friend sent me a bulky creature with two heads, dressed in hoops. which found a ready reception into our pantry.

These tangible expressions of esteem make us feel that we are situated among a kind and benevolent people, who manifest a becoming interest in their minister. May the "Giver of every good and perfect gift" largely reward the donors here, and grant them a place in the world of heavenly joy.

DR. GATES, *Dear Sir*—This is to certify, that in the year 1864, I was afflicted with dropsy in my legs and ankles for two years. I applied to for your medicines, and by taking them for two months, the swelling all left me, and I have not seen any symptoms of the disease since. My son had also been afflicted with liver complaint and general debility. I had advice and medicine from one of our most eminent physicians; and he grew worse, so much so that I almost despaired of him getting better. I applied to you for your valuable medicine, and it made him well; and he now enjoys good health. I thank God that it has been the means of saving his life. And I hope all the suffering will procure your valuable and unrivalled medicine, for I believe it to be the best in our land. Yours, respectfully,

THE
North British Cattle Food Company's
NUTRITIOUS CONDIMENT
FOR
Horses and Cattle.

All the principal prize cattle at the Royal Agricultural Shows, held at the Agricultural Hall, Islington, London, 'Xmas, '68, '69 '70 and '71, were fed on the North British Cattle Food Co.'s Nutritious Condiment.

THE NUTRITIOUS CONDIMENT has been used by the leading breeders, proprietors of racing establishments, and feeders of cattle and horses in England and Scotland for ten years, with great success. The largest contractors, omnibus proprietors, horse car companies, and owners of horses in the principal cities of Europe, also feed with it. The success attending its introduction in Canada was greatly in excess of the most sanguine anticipations of the Company, inasmuch as the large cargo consigned to Montreal in October '72 which was considered to be sufficient to last one year, was exhausted in three months.

Six hundred of the leading Veterinary Surgeons, Horse Owners, Contractors, Farmers, Express Companies and Lumber Dealers of Canada testify to its utility as an economical, health giving food, for Horses and Cattle.

A Condiment is generally considered to be a seasoner of feed. The Nutritious Condiment is, however, a great deal more than a seasoner. Although it will season and render palatable any description of coarse provender, such as chaff, chopped hay, &c., it is in itself a rich nutritious food. This will be seen by the system of feeding which, if adhered to, will effect a saving of twenty per cent. in the cost of feeding, and the animals will be in a great deal better condition than when fed upon the old system.

The directions show that where the Condiment is used, one fourth of the oats used at each time of feeding are deducted, and the bulk is made up with chaff or chopped hay. One-fourth of a feed of oats costs more than four times as much as a measureful of this Condiment, (quantity, one gill costs one cent.) Then the cost of the chaff or chopped hay to make up the bulk is very trifling. Therefore it will be seen the "Nutritious Condiment besides possessing numerous advantages in point of health, is a cheaper method of feeding than the old system of plain oats.

The Condiment may be had at the Depot, 44 Bedford Row, Halifax, and of Sub-Agents throughout the Province.

Put up in strong Cotton Bags, 100 lbs., $8.00; 50 lbs., $4.25; 25 lbs., $2 50; and 10 lbs., $1.25. There is a Tin Measure, with full directions, in each Bag.

THIS magical pain curer having been in use among private friends for a number of years is now offered to the public as a superlative remedy for

RHEUMATIC PAINS,
TOOTH ACHE,
NEURALGIA,
SPRAINS, &c.

Manufactured by Mrs. Ainsley, Halifax.
Lunenburg, August 20th, 1873.

MRS. AINSLEY, DEAR MADAM,—

Having found the efficacy of your very invaluable Liniment in the case of sore throat, which by two applications I was entirely relieved both of the swelling and soarness, I was induced to apply it to the parts affected by a severe attack of Lumbago. After having my back, loin and thigh thoroughly rubbed with the mixture, I was enabled to sleep comfortably and in a few days to walk about the field I would further add for your satisfaction that my friend with whom I board has been entirely relieved from a pain in his shoulders, which drove him nearly to madness, by freely using the Liniment twice. Also the wife of one of my neighbours who was suffering dreadfully from an attack of acute rheumatics especially in her joints and legs, told me that she had scarcely applied it to parts affected before she felt immediate relief. I have reason to believe the Arthranodyne Liniment the best now in use.

Your obedient servant.
