Hundreds Cured daily in N. S., BY THE

DIAMOND RHEUMATIC CURE.

Effectually curing hundreds of our Nova Scotia citizens from that terrible malady, RHEUMATISM.

This statement is substantially a fact based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respectable and trustworthy families.

DIAMOND RHEUMATIC CURE.

In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture.

The Government give the members of the House the whole control of the Road Service, and yet we generally elect men to represent us who do not know the first thing about road-making.

To the Electors of Queens County.

GENTLEMEN.—There is none of the public works in the Province that add so much to the comfort and convenience of a majority of the people, as Good Roads, and yet none receive so little attention from the powers that be.

I have given the subject a careful study from my earliest youth, and have no doubt but that I could make myself quite useful in that line if I had a seat in the House of Assembly.
