THE North British Cattle Food Company's NUTRITIOUS CONDIMENT FOR

Horses and Cattle. All the principal prize cattle at the Royal Agricu tural Shows, held at the Agricultural Hall, Islington, London, 'Xmas, '68. '69. '70.

THE NUTRITIOUS CONDIMENT has been used by the leading breeders, proprietors of racing estublishments, and feeders of cattle and horses in England and Scotland for ten years, with great success. The largest contractors, omnibus proprietors, horse car companies, and owners of horses in the principal cities of Europe, also feed with it. The success attending its introduction in Canada was greatly in

Although it will season and rander Joseph; Mary, McMillan, Isaac's Harbor; palatable any description of coarse provender, such as chaff, chopped hay, &c., it is in itself a rich nutritious food. This will be seen by the system of feeding, which, if adhered to, will effect a saving of twenty per cent. in the cost or feeding, and the animals will be in a great deal better condition than when fed upon the old system.

The directions show that where the Condi-THURSDAY, 25th.-H. M. S. A PORTRAITURE AND AN ARGU. MENT.

BY J. M. CRAMP, D. D.

66 This small volume is rich in vigorous thought and in devunt feeling. In ten short chapters he sketches the early life and the labours of the great Apostle, his views of Christ, of faith, of regeneration, and holiness, his letters and theology. The whole is at once a history and an argument, full of instructive lessons, and decisive as evidence of the truths of Christianity. Dr. Cramp has made himself familiar with modern Biblical criticism, and gives in the text or in notes the result of recent scholarship. The volume will find no small acceptance with teachers, ministers, and intelligent readers generally. We give it a

MR. C. GATES .- This is to certify, that I was sfek of dyspepsia and indigestion, and that I could not eat any description of food without suffering great distress ? I was also troubled with piles, owing to extreme costiveness. Having had the advice of our best medical men and finding no relief I began to consider mine a hopeless case; when Mr. Gates' agent called on me and recommended me to try Gates Remedies. I did so, though with little hope ; but, I am happy to say, by their use, I have quiterecovered my health, and now feel like a new man; and would heartily recommend them to any person who may be suffering as I was, and I have no doubt they will experience the same relief as I have.

My wife, also, was greatly troubled with asthma, so much so that for months she could not lie in bed; she commenced the use of Gates Remedies, and was relieved; in fact the medicines seemed to work like magic; and she is now able to get a good night's rest and suffers no inconvenience from the asthma.

My little girl was very bad with jaundiceso bad that I had to employ the ductor ; but she got worse under his treatment. I was indused to try Gates' Jaundice Medicines, and ene half bottle cured her.
