ARGUMENT.

BY J. M CRAMP, D. D.

66 This small volume is rich in vigorous I thought and in devout feeling. In un short chapters he sketches the early life and the lab urs of the great Apostles, his views of Christ, of faith, of regeneration, and holiness, a bistory and an argument, full of instructive les-ons, and decisive as evidence of the truths tamiliar with modern Biolical criticism, and gives in the text or in notes the result of recent scholarship. The volume will find no small acceptance with teachers, ministers, and intelligent readers generally. We give it a cordial welcome."-Freeman.

T 11 E North British Cattle Food Company's

NUTRITIOUS CONDINENT FOR

and Cattle. Horses

All the principal prize cartle at the Roya' Agricultural Shows, held at the Agricultural At Maitland, on the 6th Jan., Rachel, the Hall, Islington London, 'Xmas. '68, '69, '70' for Register Grates, Nursery Guards, P tent Food Co.'s Nutritious Condiment.

THE NUTRITIOUS CONDIMENT has been used by the leading breeders, proprietors of racing establ shments, and feeders of cattle and herses in England and Scotland for ten years, with a reat success. The largest contractors, omnibus proprietors, horse car companies, and owners of horses in the principal citis of Europe, also teed with it. The success attending its introduction in Canada was greatly in exce-s of the most sanguine anticipations of the Company, inasmuch as the large cargo consigned to Montreal in October '72 which was considered to be sufficient to last one year, was exhausted in three months.

Six hundred of the leading Veterinary Surgeons, Horse Owners, Contractors, Farmers, Express Companies and Lumber Dealers of Canada testify to its uti ity as an economical, health giving food, for Horses and Cattle.

A Condiment is generally considered to be a seasorer of feed. The Nutritious Condiment is, however, a great deal more than a seasoner. Although it will sea-on and render palatable any description of coarse provender, such as chaff, chopped hay, &c., it is in itself a rich nutritious food. This will be seen by the system of feeding which, if adhered to, will effect a saving of twenty per cent. in the cost or feeding, and the animals will be in a great deal better condition than when fed upon the

The directions show that where the Condiment is used, one fourth of the oats used at each time of feeding are deducted, and the buck is made up with chaff or chopped hay. One fourth of a feed of oats costs more than four times as much as a measureful of tals Condiment (quantity, one gill costs ore cent.) Then the cost of the chaff or chopped hay to make up the bulk is very trifling. Therefore it will be seen the "Nutritious Condiment besides posse sing numerous advantages in point of health, is a chesper method of teeding

than the old system of p am oats. The Condiment may be had at the Depot, 14 Bedford Row, Halifax, and of Sub-Agents throughout the Province.

Arthranodyne Liniment. THIS magical pain curer having been in use among private friends for a number of years is now offered to the public as a

MRS. AINSLEY'S

su; erlative remedy for RHEUMATIC PAINS, TOOTH ACHE, NEURALGIA,

SPRAINS, &c. Manufactured by Mrs. Ainsley, Halifax. Lunenburg, August 20th, 1873.

MRS. AINSLEY, DEAR MADAM,-Having found the efficacy of your very invaluable Liniment in the case of sore throat, which by two applications I was entirely relieved both of the swelling and soarness, I wa- induced to apply it to the parts affected by a severe attack of Lumbago. After having my back, lora and thigh thoroughly rubbed with the mixture, I was enabled to sleep comfortably and in a few days to walk about the field I would further add for your satisfaction that my friend with whom I board has been enurely relieved from a pain in his shoulders, which drove him nearly to madness, by treely using the Liniment twice. Also the wife of one of my neighbours who was offering dreadfully from an attack of acute rheumatics especially in her joints and legs, told meabat she had scarcely applied it to parts affected before she felt immediate relies. I have reason to believe the Arthmanodyne

Liniment the best now in use. Your obedient servant. REV. D. S. SHAW. Wholesale Agents-Brown Brothers & Co; Forsy the & Co.; Avery Brown & Co., Halifux.
