

The Convention closed the business of the Session on Saturday evening. Sabbath School meetings of great interest were held in St. John, on Sunday, arising from the Convention.

Read the account of Laura Bridgman on another page. She has been from birth blind, deaf, and dumb, and yet is intelligent and happy. Let the Deaf and Dumb read it and be thankful for the blessing of their eyesight. Let the Blind have it read to them and they will be thankful that they enjoy the blessing of hearing as an avenue to their souls, and a means of acquiring knowledge. Let those who have the use of all their faculties read it with warmer gratitude than ever to Almighty God for what they enjoy.

FOREIGN MISSIONS.

RANGOON, July 29, 1875.

Dear Messenger,—

The accompanying extracts from a letter lately received from Bro. George of Henthada, will be read with joy and gratitude by all your readers who pray for the success of missions to the heathen. It may seem strange, however, that I should be absent from my own field of labor at a time when "five" men would be insufficient to meet the requirements of the work; but bronchitis has temporarily laid me aside, and I am compelled to "be still" now with the hope of returning to my post at the close of the rains.

Yours, ARTHUR R. R. CRAWLEY.

July 21, 1875. "Mrs. George tells me she forwarded to you the letter I wrote her from Seegong, so you will know about things up to that date." In the letter here referred to Bro. G. had mentioned baptizing eight persons who had received the Gospel, principally, if not exclusively through tracts, having never seen a missionary or native preacher.

"The disciples, real and apparent, came on Monday and brought me and my goods to Koo-n'yah, when a house was made ready for me, and I put up there for a week. The roads were impassable for me, but the people came in from all quarters to see me. On Wednesday I got a telegram from wife that Frankie was sick, urging me to come home; but this was out of the question; the telegram had been nine days reaching me, and I had agreed to baptize fifteen on the following Saturday, and more were expected. I had been preaching that "he that loveth wife, or child, or father, or mother more than me is not worthy of me," and of course could not leave the work to go home. On the following Friday eighteen more were received for baptism; and Saturday 10 A. M., thirty-three were baptised, in sight of an immense crowd of spectators. That evening more arrived and were examined, and Sunday morning ten more were baptised, making in all during the trip fifty-one, two of whom were women the wives of two of the brethren. Those baptised were only about two-thirds of the number who applied, twenty were advised to wait; these, together with the wives of those forty-seven brethren (two of the baptised are single men) give a large number of hopeful unconverted. My brother, I wish you could have seen what I have. It is a genuine revival; the people are singing, praying, preaching nearly all the time; Christianity is the theme that all are discussing. No need to look for hearers, almost every one wants to be taught. It has come, as we have prayed so many years. God has come with power and the heathen are astonished at what he is doing. I expect to go back as soon as possible and I expect a good number more will be baptised."

"Ko Shway Go is an original. Ko At had told me how the old fellow had fought against the truth, and suggested that he being now convinced after a thorough examination of Christianity, would be able to give a good reason for his hope. Well, the old lad came up and had not a word to say for himself! He appeared to know nothing, he believed, he said, but could not explain why or what he believed. I told him I would give him books, and to apply the next time I came round. More were then examined, and gave intelligent reasons for their faith; when Ko At spoke up and said, "You are satisfied with those three men—and why not with their teacher?" Who is their teacher, I asked, "why Ko Sway Go" he replied; the fact was he had taught these men all they knew of Christ and salvation, and yet had not confidence to answer for himself.

We called him again and after he got his 'sea legs aboard,' he spoke very well indeed and was received for baptism."

Suddenly on Tuesday, 7th inst., Col. John Harley, Esq., son of the late Dr. Harley of Lunenburg, and Excise Officer of LaHave, in the 72nd year of his age, leaving a widow three daughters and three sons (one of whom is in the Western States) to mourn their loss. Deceased was among the leading and most respectable inhabitants of this County, and a gentleman of superior mental culture. He was identified with the first Total Abstinence movement in this town, was associated in this good work with the late Rev. Maynard Parker, Rev. Mr. Cochran, Mr. Robb, the late Obadiah Parker Esq., and other prominent advocates of Temperance. His lectures on Temperance were humorous and witty as well as pointed and highly instructive, being backed up by sound principles. He was a leading member of the Episcopal body and very firm in his adherence to that Church. He loved to converse upon the wonderful works of the Great Creator, his peculiar delight in this connection was the study of heaven. He seemed to have advanced views of Astronomy, and held his own peculiar opinions regarding the ultimate destiny of the Great Master Architect our Creator, in speaking into existence these countless orbs of night. We tender our heartfelt sympathy to the worthy ones, and commend to the watch-care of Him who is "a father to the fatherless" and the "widow's friend."—Com. by W. J. G.

She has been a sufferer for years, and especially in her last illness she suffered at times most severely. Mrs. A. adds "Any one who had ever seen heathen Kares in their uncleanness and untidiness, with their stolid-looking faces, might well in looking at this group exclaim 'What hath God wrought!'"

FITS! FITS! FITS!

CURE OF EPILEPSY; OR, FALLING FITS. BY HANCOCK'S EPILEPTIC PILLS.

Persons laboring under this distressing malady, will find Hancock's Epileptic Pills to be the only remedy ever discovered. The following certificates should be read by all the afflicted; they are in every respect true, and should they be read by any one who is not afflicted himself, if he has a friend who is a sufferer, he will do a humane act by cutting this out and sending it to him.

A MOST REMARKABLE CURE.

PHILADELPHIA, June 28th, 1867. SETH HANCOCK, Baltimore, Md.—Dear Sir: Seeing your advertisement, I was induced to try your Epileptic Pills. I was attacked with Epilepsy in July, 1863. Immediately my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician, who was cupped and bled several different times. I was generally attacked without any preliminary symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall wherever I would be, or whenever I occupied with my work, and was severely injured several times from the falls. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1866, I commenced to use your Pills, and only had two attacks afterwards. The last one was on April 6th, 1866, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was cured of that distressing affliction. I think that the Pills and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 558 North Third St., Philadelphia.

IS THERE A CURE FOR EPILEPSY?

The subjoined will answer. GREENADA, Miss., June 30.—SETH S. HANCOCK.—Dear Sir: You will find enclosed five dollars, which I send you for two boxes of your Epileptic Pills, which I have ordered. My son was badly afflicted with fits for two years. I wrote for and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It was by my persuasion that Mr. Lyon tried your Pills. His case was a very bad one; he had fits nearly every day. Persons have written to me from Alabama and Tennessee on the subject, for the purpose of ascertaining my opinion in regard to your Pills. I have always recommended them, and in no instance where I have had a chance of hearing from their effect have they failed to cure. Yours, etc., C. H. GREY, Greenada, Yalabusha County, Miss.

ANOTHER REMARKABLE CURE OF EPILEPSY; OR, FALLING FITS. BY HANCOCK'S EPILEPTIC PILLS.

MONTGOMERY, TEXAS, June 20th, 1867. TO SETH S. HANCOCK.—A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and often times several in quick succession, sometimes continuing for two or three days. On several occasions they lasted until his mind appeared totally deranged, in which state he would continue for a day or two after the fits ceased. I tried several remedies prescribed by our best physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial. B. L. DEFEENE.

STILL ANOTHER CURE.

Read the following testimonial from a respectable citizen of Grenada, Mississippi. SETH S. HANCOCK, Baltimore, Md.—Dear Sir: I take great pleasure in relating a case of Spasms, or Fits, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first, but as he grew older they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind suffered so much, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc., W. F. LIGON.
