Local News.

MORE LIGHT.—We are to have a light-house erected on George's Island.

RAIN.—"Thanks be to God for water," might well be said on Sunday last, by every man, woman and child in Halifax and its neighbourhood. The copious showers that fell were perhaps seldom more needed or more welcome.

DARTMOUTH.—The pupils of the Dartmouth School have shown a noble appreciation of one of their number—Henry Creighton—who competed successfully in one of the recent spelling matches, by making up a purse of money and asking his acceptance of it. They say to him in their address:—

"Of all the boys you were the only one who held his position to the last. Indeed it was you who preserved us from being entirely beaten by the young ladies."

What a terrible calamity they were saved from!

ICELANDERS.—The Icelanders who came out in the steamer "Sidonian" from Liverpool, G. B., bound to New Brunswick, have been induced to settle in this Province. The party, which numbers four men, three women and four children, will go to Musquodoboit, where an Icelandic settlement has been established.

BERWICK.—A fire occurred in this village on Saturday morning, by which Mr. McNeill's steam shingle mill was totally destroyed. Loss four thousand dollars. No insurance.

THE STEAMER "VIRGO," that has been doing such good service between Halifax, Sydney and Newfoundland for about a year went on shore on South St. Pierre Island, on Saturday last. The passengers, mails and luggage were saved, but the steamer will be a total loss. Her total cost was about \$66,000. She was insured for \$15,000. She had made 20 trips last year without accident. Her cargo belonging to Halifax merchants was insured. The Virgo was owned by a company of Halifax merchants.

THE O'CONNELL CENTENARY.—The Irish Societies propose to celebrate the centennial on the 6th of August by a procession, an oration and the planting of an Irish Oak in the north area of the Province Building, if permission can be obtained.

RAILWAY ACCIDENT.—An old man named Abel Benjamin, aged 80 years was struck by the locomotive near Waterville station on Monday. His right arm was broken and other severe injuries inflicted.

CROWN LAND OFFICE.—The Local Government have abolished the offices held by Mr. W. A. Hendry and Mr. E. C. Fairbanks.

ANOTHER PENSION.—Mr. John Flinn, late M. P. for Halifax county, has been appointed Warden of the Halifax Penitentiary vice Mr. Robert Donkin, superannuated.

THE RAILWAY DEPOT.—The iron roof for the new passenger station house to be erected on North Street has arrived from New York.

DIGNY.—Borden, who was indicted for setting fire to Raymond's saw mill, was tried last Tuesday and found guilty, and on the following day was sentenced to five years in the Penitentiary.

DUGAS, convicted of manslaughter, was sentenced to seven years in the Penitentiary.

TRURO.—A young man named Mattatell, working in McMullis' steam mill, had his foot nearly cut off by a circular saw on Friday morning.

On Saturday the Dominion Arbitrators were in session here. They were engaged on the important case of Ross against the Dominion Government. The plaintiff claims ten thousand dollars for damages to property caused by building an Intercolonial Railway station and engine house across a road. It was expected that the arbitrators would go to Pictou yesterday, where two cases await their attention. The counsel for claimant are James McDonald and George Campbell; for the Government, R. L. Weatherbe and Fitz. Cochran.

PICTOU.—The Summer Term of the Supreme Court for this county began on the 10th inst. The only criminal case before the Court is that of Daniel McKenzie, who is charged with setting fire to Kerr's barn, at Middle River, last autumn. The Court was all day engaged in trying appeal cases. There is a considerable number of civil cases before the Court. The Grand Jury returned a true bill against McKenzie for barn burning.

Judge Smith was presented with a congratulatory address, to which he made a suitable reply.

MIRA BAY, C. B., had a large fire on Tuesday last by which the saw and shingle mills and dwelling houses of the establishment were destroyed. The woods of the locality have received much damage by fire.

SYDNEY, C. B.—On Wednesday morning a two year old son of Walter Ross, Victoria Mines, drank a quantity of Fellows' Compound Syrup of Hypophosphites. He got possession of the bottle before discovered, drank considerable, and died in half-an-hour.

SUDDEN DEATHS.—William Atkins died at Windsor a few hours after drinking freely of cold water being overheated at the time.

Rev. James Salmon, M. D., a Presbyterian minister at Salmon River, New Brunswick, died very suddenly on Tuesday night last. It appears that he was walking from his study to the kitchen when he died. When his wife opened the study door the corpse fell upon her.

NORTH SYDNEY.—On Wednesday evening a man named McFarish was found a mile from North Sydney, under a cliff, with his skull broken. He was alive when found, but died four hours afterwards.

GOLD MINING AT TANGIER is becoming more profitable. Mr. John Forrest is now working a fifteen inch lead which turns out rich quartz.

A bar of gold worth \$1500, from Fifteen Mile Stream Gold Diggins, was forwarded to Halifax a few days ago. The quantity was 72 oz, 5 dwt, 10 gr., taken out of 78 tons of quartz.

BERWICK.—The Methodist camp meeting will commence here on the 7th of July.

FRUIT.—The prospects of fruit are good. The trees are in full bloom in Annapolis and Kings Counties.

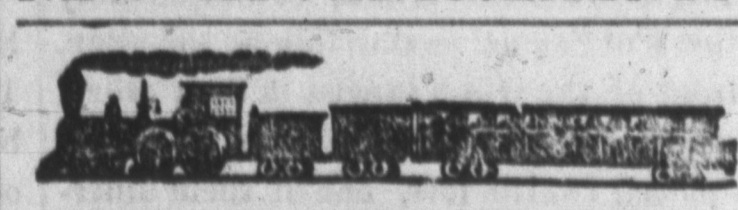

BEARS AND WILD CATS.—Two more bears were killed at the Forks, near Windsor, last week, where they had been making themselves too much at home amongst the farmers' cattle and sheep in that locality. A wild cat and two cubs were killed at Lakelands, in the same county, a few days ago.—Chron.

Chatham, P. Q., Nov. 11, 1869.—I had been troubled with pain between my shoulders for more than a year, and also with loss of appetite and general weakness, so that I was scarcely able to do any work, and was continually growing worse, until I used Graham's Pain Eradicator, and have been cured by less than two bottles.

MICHAEL BRODIE.

YARMOUTH.—A grand railway picnic was held on Wednesday last at Lake George as part of the celebration of the 114th anniversary of this town. About two thousand people were taken by the rail cars.

Hundreds Cured daily in N. S., BY THE

DIAMOND RHEUMATIC CURE.

Effectually curing hundreds of our Nova Scotia citizens from that terrible malady, RHEUMATISM.

This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respectable and trustworthy families.

DIAMOND RHEUMATIC CURE.

In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merit alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position.

Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered by millions of grateful souls.

The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making rheumatism a specialty, and the prescription from which this remedy is compounded is all he ever used in the treatment of this disease.

This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him him to send for it to
