A PROVIDENTIAL MISS .- Last week two lads had a loaded horsepistol, which they tried in the ordina y way to discharge, but a little before he departed-" I see an open did not succeed. ASTHMA .- Within the past few years the attention of Asthmatic sufferers has been directed to a new remedy which bids fair to supply the desired want. Graham's Pain Eradicator, the well known specific for Rheumatism, has been used in innumerable cases of Asthma, and invariably with the best results. We would urge those so afflicted to give it a trial, feeling confident they will thank us for directing their attention to it.

DIAMOND RHEUMATIC CURE.

In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through Will leave Halipax for St. John, and St. their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all section of the United States and Canada; and in this way on a basis of it; merit alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profi able to us do we say this, but because we open a new field, in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied.
