Home and Foreign News.

HALIFAX, N. S., JUNE 2, 1875

It is stated that Sir Hugh Allan has succeeded in floating the greater portion of the Northern Colonization Railway bonds in Germany.

The water in Ottawa River has risen so high as to submerge the Island opposite the Parliament buildings.

Hon. Mr. McKenzie and his wife left Ottawa on Wednesday for Quebec, whence they were to sail on Saturday for Liverpool in the steamer Moravian.

Hon. George Brown is to leave for England this week.

The Rev. Bedford Jones, of Ottawa, has announced his resignation of the pastorate of St. Andrew's Church, owing to a disagreement between him and his congregation on alleged ritualistic practices.

A farmer named Findlay was found shot near his house, on the 22nd inst., at Wallaceburg. It is supposed that it was done by a man named Smith at the instigation of the wife of deceased. Smith has been arrested.

The lumber trade remains stagnant.

The value of goods entered in the Dominion for consumption during April amounts to nearly eight million dollars, and in duties collected to about one million one hundred thousand. The exports for the same period reached nearly two millions.

Mr. Billings, of the Public Works dept., has been appointed Inspector of Marine Hospitals and Emigrant buildings for the Maritime Provinces, and John Bomers, of same dept., Inspector of Penitentiaries.

Mr. J. Stewart Tupper, son of Hon. Dr. Tupper, was a few days since called to the Bar of Ontario, having passed a very creditable examination, written and oral, and standing among the first of a lengthy list of candidates.

NEW BRUNSWICK.—Carleton was visited with a destructive fire on Thursday last. It commenced on the wharf property of Mr. Adams 500,000 feet of lumber, together with the buildings on the wharf, were destroyed. The steam mill was with great difficulty saved. The wind carried the sparks a considerable distance, and eleven houses, a quarter of a mile from the original fire, were destroyed by catching fire from the sparks. The steamer Prince of Wales was also destroyed. The loss by destruction of the wharf, lumber and steamer will reach \$50,000. The insurance will probably cover about half the loss.

Portland, St. John, has also been visited by a most terrific fire. It appears that it broke out on Friday morning in the rear of Kettie's brewery, and first swept away St. Luke's church, to which Rev. Mr. Almon was elected rector Thursday evening. It then destroyed Alexr Rankine's buildings and half a dozen other houses, including T. B. Robert's and others. The cinders now flew in all directions, and Count De-Bury's and other houses on the opposite side of the street were burnt to the ground, including their valuable contents. From that point, Hazen Street was swept down to the Straight Shore; then up Straight Shore, taking several buildings and des-

troying a ship on the stocks in D. V. Roberts' yard, which was nearly ready for launching.

The fire then worked back to Hillyard's yard devouring the houses and burnt the yard. The steam saw mill was saved by great efforts. Cinders flew to Douglas Road, and the houses of T. B. Barker and D. V. Roberts were injured and eight others burnt, including a three story brick building, owned by James Watson.

The cinders were carried to Navy Island and the fishermen's huts were burned. For hours the sight was like a tempestuous ocean on fire, the red waves of flame moving hither and thither.

The loss is about a quarter of a million of dollars, and the insurance will amount to about half that sum, pretty evenly distributed among the offices.

One hundred and forty families are homeless and homeless.

A poor fellow named Halley lost his life in the fire.

The Portland Council met on Saturday and resolved to give the St. John firemen the sum of \$350, or about \$5 or \$6 each man.

Another fire broke out on Sunday morning which destroyed the house of Mr. J. S. May, clothier; two houses of Bishop Sweeney, as trustee, and half a dozen other buildings. They are situated between Brussels and Exmouth streets. Loss \$16,000. Nearly every house was insured.

A whole congregation take the pledge.—Rev. Mr. Dunphy, Roman Catholic priest at Carleton, St. John, preached a Temperance sermon Sunday before last, and circulated among the congregation a pledge which received eleven hundred signatures.

The Episco is said to have attacked several horses in the neighbourhood of Sackville.

UNITED STATES.—In the fire by which Roman Catholic church at Holyoake was burned there were 71 persons—55 females and 16 males—found dead, 22 others fatally burned, and 27 burned and wounded, making 120 casualties.

A fire occurred in Worcester, Mass., on Friday night, destroying Taylor's building on Main Street. The estimated damage amounts to \$363,500.

On Wednesday last an explosion took place in the building corner of Washington and Lagrange streets, New York, which demolished it entirely. Four persons were killed, three more will probably die, and eight are wounded. Work on the ruins was continued all night, and there was a large crowd present. The cause of the explosion is as yet a mystery.

On the same day a striking gave way at Columbus, Ohio, and six men fell 75 feet; 3 were killed and 3 wounded.

The steamer Great Western which sailed from New York on Tuesday last for Bristol, England, returned with her machinery out of order.

ENGLAND.—On Tuesday last, Mr. Disraeli stated in the House of Commons, that the Crown had made representations to Germany regarding the relations of Germany and France, and that the effort was to correct misconceptions and insure peace.

Paul Boynton with his floating dress, entered the water at Bologna in France, on Thursday, at 2.15, p. m., he made for Cape Gus Nox, and left there at 3 o'clock. He had adverse winds to contend with. He crossed the channel and landed near Dover, about 3 o'clock on Saturday morning, having been in the water 23 hours and 38 minutes.

The Arctic Expedition sailed from England on Saturday last.

The Theatre Royal of Leeds was burned down on Friday night.

The Prefect of the department of the Seine is soon to visit London.

FRANCE.—The Left has a large majority in the new committee of 30 in the French Assembly.

The Mark Lane "Express" in a review of the breadstuffs market, says a drought has been felt in France, and a poor yield is probable.

BELGIUM.—The Senate has expressed its confidence in the Government in respect to the recent correspondence with Germany.

ITALY.—A Consistory will be held at Rome, on June 24th, when six more cardinals will be appointed.

GERMANY.—The upper House has passed a bill for the suppression of convents, and relative to administration of church property.

The Prussian Government fearing disturbances, has forbidden processions in honor of the Pope's jubilee.

The King and Queen of Sweden have arrived at Berlin on a visit to the Emperor. The North German Gazette says, this visit has a political significance, and sees in it a manifestation of Sweden's support of the policy of the Emperor.

AUSTRIA.—It is stated that a person has been arrested in Vienna for bearing an anonymous letter containing an offer to assassinate Bismarck for a million florins. The writer had not been discovered.

SPAIN.—A despatch of last Wednesday said Government troops are retreating on Iquidlo in good order. Their losses are slight, although Carlist attacks have been incessant.

TURKEY.—A series of terrible earthquakes occurred at the beginning of May in the province of Boroussa, Asia Minor. Six hundred houses were destroyed. Accounts received show that 160 lives were lost, and 187 persons injured. The total number killed is still unknown.

THE ROYAL SEWING MACHINE.

THE Gardner Sewing Machine Company of Hamilton, Ontario, seeing the falling of other Sewing Machines have lately constructed a Machine which is the nearest perfection ever yet obtained, which is now taking the lead wherever it has been introduced. This Machine combines with the best points and tasteful designs of the original Gardner and American Machines. It is unrivalled by any machine yet invented, as all the movements are derived from the main shaft, it gives to the machine great strength and durability. It has no crank motion, no gear wheels and cannot get out of order by use.

Some of the points why it is the best machine: 1st. It is so simple a child can use it. 2nd. There is no clattering of cog wheels. 3rd. The feeder can be raised or lowered by simply turning a screw. 4th. The machine is so constructed with set screws it can be taken up at any time keeping the machine in perfect order. 5th. The most wearing parts are made of steel. 6th. The most perfect braider ever yet invented, can braid any pattern without basting. 7th. The bobbin can be filled without ranning the machine. 8th. Has so large a shuttle will hold fifty yards of thread. 9th. Will sew from finest muslin to three thicknesses of stout leather. 10th. The tension is so easily managed. 11th. The stitch is so easily regulated. 12th. The best sets of attachments to any machine:

One narrow hemmer, two broad do., one quilting gauge, one sewing do., one ruffler, one tack marker, one border, one braider, one thumb screw, one screw driver, one call can, one bottle of oil, seven needles, six bobbins and printed directions given with each machine free.

PRICE: With nice Walnut table \$35.80. Nice cover with lock and key \$38.00. With cover and extension leaf \$40.00. A liberal discount for cash. Also agent for the celebrated Appleton, or will furnish any machine required. Needles and oil kept on hand. Old machines taken in exchange for new.
