THE WORD BAPTIZO, - An American correspondent states that among the revisers employed by the American Bible Union lin, (of Parrsboro), Holmes, New York; there were nine to whom were entrusted | Fleetly, Lohnes, Boston; Kate, Crocker, do; portions of the Scriptures containing the Greek word baptizo. Though belonging to different denominations, they were a unit on the opinion that the English word bap tizo is not a translation of this word. But they differed as to the best word to be employed to translate it. One advocated immerse A second proposed dip. And the Methodist revisor, the best scholar of his church, said, " Nothing answers to it but submerged."

Wild boars are (says Galignani) approaching nearer and nearer to Paris. Traces of a herd of about twenty having been observed a few days back at Crepy (Oise) a distance of less than forty miles from the capital, a battue was organized, and in two hours fifteen of those animals were killed. The smallest weighed 120tb., and the largest 360 lb.

In the judgment of the London Speciator we might just as well make peeches on washing and dressing, or eating and drinkeng, as on education. It is time, it thinks, to put an end to the repetition of the same truisms about it, and act as though it had got to the working stage and out of the talking stage.

bycicling was accomplished at the Lilliebridge grounds. Mr. D. Stanton completed his task of riding 650 miles in seven successive days, with one hour and twelve minutes to spare.

BY THE

### DIAMOND RHEUMATIC CURE.

Effectually curing hundreds of our Nova Scotta citizens from that terrible malady.

### RHEUMATISM.

This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respectable and trustworthy families.

DIAMOND RHEUMATIC CURE. In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so trequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all section of the United States and Canada; and in this way on a basis of its merit alone—unaided by ' tricks of the trade" or special efforts-it has risen sto its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all theumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profi able to us do we say this, but because we open a new field, in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We, relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered

by millions of grateful souls. The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making theumatism a specialty, and the pre-cription from which this remedy is compounded is all he ever used in the treatment of this disease.

This medicine is for sale at all the druggists throughout Canada. If it happens that your dauggist has not got it in stock, ask him him to send for it to
