The death of the Rev. John Davis. of Charlottetown, on the 14th inst., at the age of 72 years, has not come to us wholly unexpected. The visit of Rev. W. H. Warren, only a week or two since, and his note respecting our departed brother, showed that he was not long for this world. Although for some time laid aside, from active service, yet his departure will be sincerely mourned by the members of the Church who have so nobly sustained him in his later years. We shall not attempt any account of his work or analysis of his character as we doubt not it will be done by some one who has had a more lengthened and intimate acquaintance with him.

We have just received Vol. I., of the STATUTES of CANADA, 38th Vic., 1875. It is a volume of upwards of 300 pages, and contains, with other enactments, the new Insolvency and Postage Laws, Treaties with Foreign Powers, Orders in Council, &c., &c.

As the carrying of letters is a sacred trust, and should be deeply impressed on the minds of all persons, young and old, we copy from the Act a clause which has reference to this matter:-To steal from or out of a post letter, any chattle, money, or valuable security, shall be felony, punishable by imprisonment in the penitentiary for life, or for a period not less than five years.

BURMAH. - Miss Watson writing from Henthada to the "Society of the West" says:

School began on Monday last with eighteen pupils, tourteen of whom are boarders. Mrs. Crawley has it in charge, and is very successful. I assist her by teaching English one hour daily, to the whole school. Two afternoons each week I teach the girls to sew; and three afternoons I teach the catechism in the vernacular, to the little ones I make the catechism the basis of my instructions and try to enlarge upon it, and make it as interesting as possible. This is my first attempt at teaching in Burmese. I cannot do it as successfully as I hope to another year; but the children seem interested, and I trust the Lord will bless his own truth as I may be able to impart it to them. Mrs. Crawley teaches in Burmese a class in Acts, and one in geography, and

one in arithmetic.

About a week ago, I acompanied some of the native brethren and sisters with our school, in a little trip across the river, to a heathen village, where we spent the day in singing, prayer, and talking to the people They listened attentively, and many expressed a desire to attend school, though none would consent to leave their homes for that purpose. I am sure a good school could be maintained there if a suitable teacher could be had, and there are dozens of places in the same destitute condition. We propose to continue these visits as often as possible, and hope to go to all the villages lying around us. We are very kindly treated, and I am sure I should be delighted if it were possible to spend weeks instead of days in these neglected portions of our field. I was expecting to go on Saturday last to another village; but after tying up my bed, and having every thing in readiness to start, I found the batmen had disappointed us. Mr. Crawley is now giving his evenings to street preaching. We take our girls, who soon draw a large audience by their singing. The people are quiet, and listen attentively. May we not hope

In looking it over, three thoughts come uncalled to my mind :-

(1) God can find his elect, no matter where they are. Soldiers, sailors, or mechanics, at his beck, fall into rank. (2) Those he wants to be Baptist preachers or colporteurs, he can send here and there,—to this country, and then to

tural way of following Jesus. (3) None of us, in giving for foreign missions, or in working here, know what

a Baptist missionary,—to learn the Scrip-

we are really doing. Brother Haswell, in 1861, baptized at Maulmain a penitent seapoy, who was fifteen hundred miles from his home. Time rolled away. I daresay the sepoy was forgotten, and his name dropped from their church-book. God had not dropped him, however, but ever had him in mind, pre paring him for work. At the appointed time he is found in Hyderabad, ready to fill the niche in the Master's workshop, which he is by his kingly bearing and modesty qualified to occupy.

In the sketch which follows the above mentioned colporteur, S. Etheragulu, of his life says:

I worked as a sepoy for twenty-eight years. I then went to Secunderabad to live. I worked for a while as colporteur of the Bible Society. Then they had no money, and I had to give up my work. Now, by God's will I am selling books

and tracts for the American Baptist Mission at Ongole I, on the 11th of April, 1875 united with attending every meeting of the Board, the Baptist Church at Ongole, and feel very happy. For all God's goodness to me, praise his name.

Thus writes your brother in Christ. SWANUM ETHERAGULU.

FEMALE INSTRUCTION IN INDIA. At the annual meeting in the Indian Female Normal Society, held recently in Willis's Rooms, General Sir William Hill, the hon. secretary, read a report which gave a satisfactory statement of the progress the society had made in various parts of India. It stated that the society's most devoted missionaries felt that until the women were reached the hindrances to the free course of the "Word of the Lord" were unspeakably great. There were about fifty millions of high caste women shut up in their zenanas, and only women could obtain admission to them. The society had 131 agents in India, namely, twenty-eight English ladies, sixty native and Eurasian Christian teachers, eight native Christian ladies employed in zenanas, thirty five native Bible women; 622 zenanas are visited in which there are 1,043 pupils, and in the schools there are 1,437 female scholars. The report further stated that the educated men of India were beginning earnestly to desire reformation. The first resolution, which was to the following effect, was moved by the Rev. J. Vaughan, of the Church Missionary Society:- That in the greatly extended desire for native female education, in India and the facilities afforded to the missionaries this meeting recognises an additional obligation resting on the Church at home to respond to the calls made, and thus to carry to the hitherto secluded females in that land the knowledge of that Gospel, the power of which has been so increasingly manifested among all clases in India." In an interesting address, full of practical knowledge, the chairman recommended the objects of the society, and showed how it had progressed since the time when fiftyfive years ago be went out to India. He added that two ladies who were present had volunteered to go out to India in order to promote the operations of the society. The resolution was seconded by Mr. James, of Masulipatam, who gave a history of the progress of Christianity in India, and made a declaration from his own experience that the modesty and virtue which now prevailed in his vast territory were entirely attributable to Christian instruction. The resolution was unanimously adopted.—Friend of

A MOST REMARKABLE CURE.

PHILADELPHIA, June 28th, 1867.

SETT HANCE, Baltimore, Md. — Dear Sir: Seeing your advertisement, I was induced to try your Epileptic Pills. I was attacked with Epilepsy in July, 1863. Immediately my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall wherever I would be, or whatever be occupied with, and was severely injured several times from the falls. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1865, I commenced to use your Pills, and only had two attacks afterwards. The last one was April 5th, 1865, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was cured of that distressing affliction. I think that the Pills and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 836 North Third St., Philadelphia, Pa.

IN THERE A CURE FOR EPILEPS' t

The subjoined will answer. GRENADA, Miss., June 30.—SETH S. HANCE.—Dear Sir: You will find enclosed five dollars, which I send you for two boxes of your Epileptic Pills. I was the first person who tried your Pills in this part of the country. My son was badly afflicted with fits for two years. I wrote for and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It was by my persuasion that Mr. Lyon tried your Pills. His case was a very bad one; he had fits nearly all his life. Persons have written to me from Alabama and Tennessee on the subject, for the purpose of ascertaining my opinion in regard to your Pills. I have always recommended them, and in no instance where I have had a chance of hearing from their effect have they failed to cure. Yours, etc.,

Grenada, Yalabusha County, Miss. GRENADA, Miss., June 30. - SETH S. HANCE. - Dear Sir:

ANOTHER REMARKABLE CURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEFTIC PILLS.

MONTGOMERY, Texas, June 20th, 1867.
To Seth S. Hance:—A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftenthese attacks at intervals of two to four weeks, and oftentimes several in quick succession, sometimes continuing for two or three days. On several occasions they lasted until his mind appeared totally deranged, in which state he would continue for a day or two after the fits ceased. I tried several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

STILL ANOTHER CURE.

Read the following testimonial from a respectable citizen of Grenada, Mississippi. citizen of Grenada, Mississippi.

SETH S. HANCE, Baltimore, Md. —Dear Sir: I take great pleasure in relating a case of Spasms, or Fits, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first, but as he grew older they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc... W. P. Ligon.
