JAPANESE SONG .- The following is a translation of one of the sweetest of love-songs in Japanese poetry :-The woods are green in summer time, And bright with blossoms gay: The murmur of the happy leaves Sounds all the golden day.

But here a tree, hy lightning struck, Is black, and bent, and bare; It lifts its arms like phantom fell, And dims the sunny air.

A bird, that built its dainty nest 'Mong branches blossomed-o'er, Still sings upon the withered bough As blithely as before.

O fond and faithful as the bird That haunts the leafless tree. Though darkest clouds of sorrow came, My sweet love stayed with me!

PAINS IN THE BACK .- Canning, N S., March 6, 1862.—I had several years been troubled with distressing Pain in my Back and Limbs, which felt so cool that I could scarce keep them warm, and it was with great difficulty and pain that I could stand or walk. After medical treatment at home failed, I went to Boston, where I obtained but very little benefit. I at length tried Grahain's Pain Eradicator, and was cured by less than one bottle, which I used more than a year ago, and the pain has not

Hundreds Cured daily in N. S.,

BY THE DIAMOND

RHEUMATIC CURE. Effectually curing hundreds of our Nova Scotia citizens from that terrible matady.

RHEUMATISM.

This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and

particularly from some of our most respectable and trustworthy families.

DIAMOND RHEUMATIC CURE In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all section of the United States and Canada; and in this wav on a basis of it- merit alone-unaided by " tricks of the trade" or special efforts-it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheuma ic complaints. In this we are really grateful and happy, not a one because our medicine finds ready sale, and is consequently profi able to us do we say this, but because we open a new field, in medicai science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We, relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered by millions of grateful couls.

The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making theumatism a specialty, and the pre-cription from which this remedy is compounded is all he ever used in the treatment of this disease.
