RHEUMATISM.

This statement is substantially a FACT based upon evidence in the possession of the agent. in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respectable and trus worthy tamifies.

#### DIAMOND RHEUMATIC CURE.

In its history, this invaluable Medicine occupies the most honoraule position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so 'requent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all section of the United States and Canada; and in this way on a basis of its merit alone-unaided by has risen to its present enviable position. Wherever introduced it has rece ved the most flattering preference in the treatment of ail theumatic complaints In this. we are really grateful and happy, not a one because our medicine find re dy sale, and is consequently profi able to us do we say this, but because we open a new field, in medical science, and cure at once what the nest medical oractitioners have for ages toand so difficult even to relieve. We fill a place heretofore unoccupied. We, relieve the suffering and minister to God's p mr; we restere the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered

by midions of grateful souls. The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making theamatism a specialty, and the pre cription from which this remedy is compounded is all be ever used in the treatment of this disease.
