## IN MEMORIAM.

MR. JOHN HAYDEN

died at his residence at Osborne on Tuesday 6th of April last at the age of 64 years. By this sad dispensation of Providence one of the pillars of the church is removed and much grief is brought to surviving kindred and friends. He had prayed, sacrificed and laboured with his brethren and neighbours to build a house of worship in this village and saw their efforts crowned with success in November last. How little did he think that so soon within its walls his sorrowing wife, children and many friends would meet to mourn his sudden removal.

Bro. Hayden was baptized by Rev. Jas. Parker about 21 years ago, and since that time he has " walked with God." In his family, in the church, and among all his acquaintances he was dearly loved and highly respected. To those who knew him well there needs no eulogy on his character, for in their hearts his memory is sweetly embalmed. By request a sermon was preached by the writer from Deut. xxxiii.

"Servant of God, well done; Rest from thy loved employ: The battle fought, the victory won, Enter thy Master's joy." - Com. by Rev. G. B. Titus.

## Religious Intelligence.

MILFORD, ANNAPOLIS Co.-The Lord is blessing the little church in Milford. We have been without any preacher for some time, except an occasional visit from Brother Higgins, whose regular appointments being interrupted by storms and other causes, we were left very destitute. Religion has been in a low state, and we were ready to say "by whom shall Jacob arise for he is small?" A few of us met on Sabbath occasions for prayer: We saw the Lord was ready to bless. Our prayer went up to God that he would send us help. Those prayers were soon answered. Brother Miller, Licentiate of the Bridgetown church, commenced holding a series of meetings which were largely attended notwithstanding the hurrying season of the year. Soon his labours were crowned with the Lord's blessing. The church revived, wanderers returned, and sinners were converted. We expect brother Higgins to baptise next Sabbath, three are already received as candidates, and we hope for more next Saturday. Pray for us.

METHODISTS and Baptists sustain, in some respects, quite similar relations to the South. The larger part of the freedmen belong to these denominations, and are divided somewhat equally between the two. But our Methodist brethren have a very different experience South from what we have. The Northern branch has gone South as a rival, finds mainly enemies, and is continually bringing back reports which, to say the least, do not tend to the restoration of confidence and reunion. The following illustrates the different experience of the Baptists. It was written to the Examiner and Chronicle, by Rev. Dr. Sampson, of New York, in his account of the Southern Baptist Convention. The condition of the Freedmen being under consideration, the desirableness and duty of Northern co-operation were emphasized, and the most fraternal spirit prevailed. Dr. Sampson says:

"The momentary rising of the spirit of past irritation was subdued in every speaker, even where the struggle was greatest. The whole assembly at Charleston bowed in response to the sentiment that the colored people must not be sacrificed as a bone of contention between Southern and Northern friends."

Ex-King Amadeus of Spain is writing a history of his reign in that unhappy country. Its title will be " Recollections of a King." His wife is assisting him in the work.

It is announced in Rome that 36 documents connected with Michael Angelo, and of great interest in the history of art, have been discovered there. They will be published for his centenary this Fall.

Jefferson Davis has accepted the position of President of the Texas Agricultural College, which was recently tendered him with a salary of \$4 000.

It is known that the Duke of Edinburgh has written several pieces of music, and it is now stated that his most ambitious composition, a concerto in E minor, is soon to be published under his own name.

The Baptists of Great Britain report a clear increase of 10,852 members, during the past year, the largest gain they have had in any one year since 1864.

The Viceroy of Egypt is about to astonish the world again. He has resolved to build a railway along the valley of the Nile to the interior of Africa, and with thousands of seris at his command he will, no doubt, accomplish his purpose.

THE CONGREGATION of Rev. Dr. John Hall, (Presbyterian,) in New York, have just

cost of \$1,400,000, including the land. Such an announcement, as connected with a nonus singularly. It would not be strange to see this sum expended on a cathedral; but, the Presbyterian body has been regarded as one of the purest, simplest, least ostentatious of the various branches of the church, and it is difficult to conceive of any circumstances in which such an outlay would be justified by one congregation.

The following are a few of the items of progress of the churches in Ontario and Quebec.

CANBORO' VILLAGE .- Dea. Strowbridge writes :- We are happy to state that the Lord is reviving his cause once more in the Old Canboro' Church. We have had the abour of the Rev. T. Stillwell for the last few months, and we have had a time of refreshing from the Lord. Fourteen have been added to our number-6 by baptism, 6 by experience, and 2 by letter. More are seeking for the old path to walk there-

UxBRIDGE. - Pastor Dowling is still privileged to visit the baptismal waters. On Sunday evening he administered the ordinance. Other are coming forward. The interest is good.

ALYMER.—Tie Rev. G. Holmes writing under date, the 13th inst, says:-Yester day we again lad reason as a church to rejoice. One month ago, I gave the hand of tellowship to thirty-one rejoicing believers. Yesterday I gave the hand of fellowship to 37 more; there would have been others, only a number were unable to be present. In the evening I baptized two in the presence of a large congregation.

St. John, N. B.—Rev. I. E. Bill lectured in the Music Hall on Sunday week on the great revival in England. The immense congregation, many of whom had to stand the whole time, listened with the deepest attention from beginning to end. Clergymen of different denominations were present, some of whom were on the platform.

ZENANA WORK .- The Rev. W. J. Wilkins missionary from Calcutta, thus referred at the annual public meeting of the London Missionary Society, to Zenana work:-In Bengal, we have about 6.000 women and children in our schools, 1,109 married women being taught in the Zenana houses, of which 609 have been opened, nearly all of them in Calcutta. In many of these houses the main facts of Christian truth are known. I know further that in many of these wo men's hearts love is beating to Jesus, who loved them and died for them, and these will help us greatly in our missions. From whom do we derive our earliest impressions of Christian truth? Is it not from our mother? What says the Roman Catholic Church? "Give us the children until they are seven years of age, and we care not much what becomes of them afterwards." Why? Because it is then the deepest religious impressions are made. In India at this most susceptible age the youth are taught idolatry by those who do not know anything of Christianity but from its name and who believe that conversion to Christianity is the greatest sin of which a man can be guilty. This, then, being the fact, do you wonder that we missionaries and the male part of the popoulation hail with pleasure the announcement that now we are to have coadjutors who will go in and instruct the women and mothers of India? When once we have taught the men day. and brought them up to a point where in England they would join the Christian Church, instead of having the great force and opposition which their mothers, and wives, and sisters and daughters would bring, we shall have all this force on our

The Indian Daily News says:-" We learn from Ahmedahad that a young and accomplished Hindu girl, the daughter of the judge of the Local Small Causes Court, Mr. Gopalrow Harry Deshmook, preached a sermon, if we may so call it, before a congregation composed of Hindo ladies, about forty in number. The congregation July Ist. met in the Hindu Temple, which is used by the Prathna Somaj of Ahmedadab for their prayers. The subject of the discourse was, 'We worship only one God.'"

CANON GRASSI AT ROME -From the Missionary Chronicle of the General Baptists we learn that it is expected Sig. Grassi, accompanied by the Rev. J Wall as his interpreter, will attend the annual Association meetings of this vigorous section of the denomination, to be held | shillings. this month at Wisbech. Mr. Cook furnishes the following most encouraging account of the labours of Grassi at Rome during the past year :- Paul Cav. Grassi to his brethren in England : "It is now some months since you received the story of my conversion to the true faith of the mentary seats. The motion for the second Gospel, and I feel it to be my duty to tell reading of the household franchise bill was Friday. Although in my own | fray the expenses of the Prince of Wales' liturgical and unprelatical church, strikes country, surrounded by people of my acquaintance, and exposed to the unkindness, the interference, and the foolish jeers of those who were formerly my colleagues, but now my adversaries, I did not fear man's contempt. Obedient to the wish of our dear brother Wall, I decided to live in the most populous quarter of this city, and and very near to my birthplace. The largest room we used as a church. In a few days I found myself surrounded by larger audiences than I had dared to hope for. I was listened to not only with respect, but with confidence and sympathy. My words penetrated the hearts of my hearers, and led them to see that they were more men idolaters than worshippers of God -more superstitious than Christian. Consequently they wished to join our Apostolic Church, notwithstanding the opposition of the Romish priests, and their own immediate friends. The number of true believers soon amounted to ninety-six. Many of these passed through the baptismal waters, thus publicly testifying their belief in and acceptance of Jesus Christ as their Redeemer. This number has since been increased to 116. I am deeply thankful to our Heavenly Father for fruit given in this city, for so many centuries governed by the arritrary Papal rule, and where evangelical belief has not been allowed until now to show itself."

The "Times" in its article on Lord Dufferin's speech says: " Canada has been advancing rapidly, but not so fast or with so free a trade as the United States. If any Canadians formerly felt a wish to join the Republic, they became loyal when they saw the enormous civil war. Canadians might, however, have sought annexation ere this in some fit of petulance, if the mother country had left them any grievance. But on the whole they scarcely felt the restraint of the Imperial Government. Canada's loyalty has been admirable, but we may yet have to call for larger proofs of patriotism if we intend to knit the colonies into a firmer union with the mother country, so as to make them a source of strength instead of weakness in time of war."
