Ten thousand at a re-argued before the supreme court. time are thus preparing to proclaim The suit arose from the suspen- the teachings of the False Prophet sion of Catholic children for ab- to the nations of mankind. sence from school on Corpus Christi day. The only question of law in the case was as to the right and authority of the committee to make and enforce a regulation for the government of the school, requiring the regular daily attendance of pupils even against the command of parents and guardians. The decision of the court is not yet announced.

The Berkelerian Association of Yale have arranged for having placed in the new college chapel a memorial window for the distinguished Bishop Berkeley, who was one of the early benefactors of the college. The window will cost \$600, the greater part of which is already provided.

One would judge by the reports from the New England Colleges, that their students were principally interested in athletic sports. More prominence is given to the name of the leader of a boat's crew, or a base-ball club, than to the name of the first scholar in a class. Bodily exercise is profitable, but too much of it is not good.

In Saxony the young are to be in a school until they are seventeen years of age. Instruction in private schools teen the young men must enter the army and remain in it three years.

The average salary paid to male teachers in Rhode Island is \$83.00 The average cost of educating each pupil, exclusive of expenditures for schoolhouses, is \$10 95. In Rhode Island, the ratio of male to female teachers is 1 to 4. The highest salary Temple Church, Yarmouth-Mrs. paid to male teachers in Illinois is \$330 a month; the highest paid to female teachers, \$220. The respective averages of the sexes are \$48.19, and \$33.46; in Massachusetts, \$94.33, and \$34 34. In Massachusetts, one teacher in eight is a man, while in Illinois three teachers in seven are men.

The female academy of the Sacred Heart owns fifty acres of land above by any existing street .- On it the buildings of their school are erected. The assessors marked seven acres of this property as exempt, but assesed the other forty-three acres as taxable at a valuation of \$264,500. The academy appeals by certiorari from this decision, claiming that under the law exempting incorporated academies, etc., and the lots on which they are situated the whole property must be exempted. In reply, it is claimed that there must be some limit to the amount of property exempted thus from taxation, and that limit must depend on value, not on extent; and on the question of what is the proper and necessary amount for the academy's use, the assesors are the County, N. B. only judges. The principle involved in this case is an important one, and its decision will be awaited with interest, in its application to institutions of learning similarly situated throughout the country.

Waterville College, now Colby University, has graduated five Presidents of colleges, thirty one college professors, and nine members of Congress. This is the work of one "small denominational college."

Rev. E. C. Anderson, D. D., formerly of this Province, and a graduate of Acadia College, is now President of the Ottawa University, Kansas.

A writer in the New York Evangelist gives some account of the great Mohammedan University in Cairo which was founded 970, A. D. The structure is a large quadrangle supported by four hundred marble pillars. There are no partitions, but the spaces for different nationalities are marked by the rows of pillars. The whole area is covered with matting and is kept neat. Each teacher sits with his back against a particular pillar, and his class sit near him. The size of the class depends on the reputation of the teacher. The instructors read their lectures and the pupils take notes. There are ten thousand students from various Mohammedan countries, and three hundred and fourteen professors. No one beholding this throng of teachers and pupils can flatter himself with the notion that the Saracenic faith is dead in the earth. Three age, hundred men devote themselves to this work without salary, depending for

themselves in their blankets and lie The somewhat famous Brattleboro down on the same floor upon which

P. D. KINNEY, Treas.

CURRECTION, - Newton Centre-A card from Rev. J. A. Durkee, two or three week's since, informed us that, "there were about seventy students in attendance" at the Theological seminary. By some misapprehension our types changed the s, e, v, into t, w, making it read " twenty." The error was not discovered till it was too late to correct. We hope the " seventy ' will pardon the mistake. Such things do sometimes occur in other places than postal cards and newspapers.

Received from S. Tilley, Esq., Lieut-Gov. ernor of New Branswick, (per Rev. I. E Bill), One Hundred Dollars towards Endowinent Fund of Acadia College.

A. D.W. Barss. Treasurer, Acadia College. Wolfville, November 22nd, 1875

A correspondent inquires anxiously why the Year Book for 1875-6 is not ready. In is permitted, if they are conformed to reply we may say that it is in a state of the provisions of the law. At seven- forwardness, and we hope, will be sent out several weeks earlier than it was last year, when printed in New Brunswick. It has been delayed somewhat by the absence of copy, which has not as yet all come to hand. The sending of proof sheets to St. per month, and to females \$43.00. John too, has caused some delay and in-

CURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEPTIC PILLS. Persons laboring under this distressing malady, will find Hance's Epileptic Pills to be the culy remedy ever discovered for curing Epilepsy or Falling Fits.

The following certificates should be read by all the afflicted; they are in every respect true, and should they be read by any one who is not afflicted himself, if he has a friend who is a sufferer, he will do a humane act by cutting this out and sending it to him.

A MOST REMARKABLE CURE.

PHILADELPHIA, June 28th, 1867.

SETT HANCE, Baltimore, Md. — Dear Sir: Seeing your advertisement, I was induced to try your Epileptic Pills. I was attacked with Epilepsy in July, 1863. Immediately my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall wherever I would be, or whatever be occupied with, and was severely injured several times from the falls. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1865, I commenced to use your Pills, and only had two attacks afterwards. The last one was April 5th, 1865, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was cured of that distressing affliction. I think that the Pills and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 836 North Third St., Philadelphia, Pa.

WILLIAM ELDER.

IN THERE A CURE FOR EPILEPS'1?

The subjoined will answer. GRENADA, Miss., June 30.—SETH S. HANCE.—Dear Str. You will find enclosed five dollars, which I send you for two boxes of your Epileptic Pills. I was the first person who tried your Pills in this part of the country. My son was badly afflicted with fits for two years. I wrote for and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It was by my persuasion that Mr. Lyon tried your Pills. His case was a very bad one; he had fits nearly all his life. Persons have written to me from Alabama and Tennessee on the subject, for the purpose of ascertaining my opinion in regard to your Pills. I have always recommended them, and in no instance where I have had a chance of hearing from their effect have they failed to cure. Yours, etc.,

Grenada, Yalabusha County, Miss.

ANOTHER REMARKABLE CURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILET TIC PILLS.

MONTGOMERY, Texas, June 20th, 1867.
To Seth S. Hance:—A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftenthese attacks at intervals of two to four weeks, and oftentimes several in quick succession, sometimes continuing for two or three days. On several occasions they lasted until his mind appeared totally deranged, in which state he would continue for a day or two after the fits ceased. I tried several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

B. L. DEFREESE.

STILL ANOTHER CURE.

Read the following testimonial from a respectable citizen of Grenada, Mississippi. SETH S. HANCE, Baltimore, Md.—Dear Sir: I take great pleasure in relating a case of Spasms, or Fits, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first, but as he grew older they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc., W. P. Ligon.

Sent to any part of the country, by mail, free of postage, on receipt of a remittance. Address, SETH S. HANCE, 198 Baltimore St., Baltimore, Md. Price, one box, \$3 Please mention there you saw this advertisement
