

great obstacle in the way of Christianity. The influence of Europeans is also in general very bad. The natives here as elsewhere are much more ready to adopt the vices than the virtues of Europeans.

"From what I have seen and heard since I came here I should think the climate is one of the best in the East. During April and May it is very hot; but the rest of the year it is cool and comfortable. There is a strong breeze blowing nearly all the time from the South-West, during the South-West Monsoon. We get some rain during this season, but the rainy season is in October and November. The rainy season is not nearly so long, nor the fall of rain as heavy as on the Eastern side of the Bay of Bengal. Altogether, I think we shall be pretty well pleased with our new field of labour."

Mr. Boggs says—"Mr. McLaurin speaks of making a tour to the North, to look over the field, as far as Vizigapatam and Vizianagram, in a few weeks. Mr. Churchill and I may go with him, as we could keep up our studies with advantage during such a trip.

The passage of Messrs. Boggs and Churchill from Bangkok to Coonoora cost \$624.68.

Yours,  
J. M. C.

### LETTERS RECEIVED.

Rev. P. F. Murray. Mrs. B. Lynds, J. C. Cook. W. A. Morse, Esq., I sub. Rev. E. Hickson, \$1. Rev. N. C. Saunders.

BLOOMFIELD, Carleton, N. B.; May 1868.—One of my children took a severe pain and swelling of her knee; the joint became so contracted and painful that she could not put her foot to the ground; it gathered and broke in several places until there were five sores discharging at one time, some would heal and others break out, which continued for some months.

Finding medical treatments and other remedies insufficient, we tried Graham's Pain Eradicator; it completely cured her, and she remained well since using this medicine, about fourteen months ago.

GEORGE BRAKIN.

## Local News.

PROHIBITION CONVENTION.—A convention composed of temperance men from all parts of the Dominion, is to be held at Montreal on the fifteenth of the present month, to discuss the prohibition question in all its phases. The convention is called by the Premier, to ascertain the sentiments of the country on this important question. The meeting is likely to be a large one. All the "grand" bodies of the Dominion will be represented for a certainty, and most of the "subordinate" bodies are moving in the matter. The Grand Scribe (J. F. L. Parsons) will represent the N. S. Grand Division of Sons; Mr. J. B. Woodland (late editor of the Amherst "Sentinel") goes for the Grand Lodge I. O. G. T., and Mr. D. C. Fraser for the Grand Lodge of British Templars. On Saturday evening last, representatives of the city Divisions met to consider the question of sending delegates. The G. W. P. presided. It was unanimously decided that a delegate should be sent, and Alderman H. A. Taylor was elected to fill that position, with Alderman Wm. Murray as alternate in case the first named could not attend. Another general meeting of the Sons will be held in the Division Room to-morrow Thursday evening when questions to be discussed at Montreal will be talked over, that the Sons' delegate may understand the sentiments of those who have been there.

KILLED BY A LUNATIC.—On Tuesday morning, as the patients at Mount Hope Hospital for the Insane were taking their usual morning exercise on the grounds, one of them, named John Cashman, came quietly up to another, named Donald Matheson, and without the slightest warning or provocation struck him a terrible blow on the head with a billet of wood, killing him instantly. Cashman did not seem to understand that he had committed any very great crime. He belongs to Queen's County. Matheson, his unfortunate victim, was a native of Richmond County, C. B.

EXPORT OF LOBSTERS.—The brig. "John D. Tupper," which cleared at the Custom House last week, has on board for London 6,763 cases lobsters, valued at \$42,000, besides a large quantity of seal oil, and other cargo.

FOUND DEAD.—An old man named George Reynolds who lived by himself on Coburg Road had been missing since Wednesday last. On Monday afternoon his body was found on the N. W. Arm shore.

THE CIVIC ELECTIONS to take place on the 1st of October are now a subject of much interest. There will be at least three candidates for the mayoralty: Ex-mayor Matthew H. Richey, Alderman Joseph Coombes, and Alderman Seeton.

Several names of candidates for Aldermanic honors are mentioned. We give them as fully as we are informed:

Ward 1—Duncan Grant  
Ward 2—Ex-Mayor Dunbar.  
W. D. Harrington.  
Ward 3—Alderman Forsyth.  
C. McDonald.  
C. C. Blackadar.  
Ward 4—Alderman Power.  
Ward 5—Alderman Graham.  
Ward 6—Alderman McPherson.  
Ex-Alderman Sullivan.

SUPREME COURT.—It is likely the Fall Circuits will be presided over as follows:

Shore—Judge Wilkins.  
Western—Judge DeBarres.  
Midland—Judge McCutley.  
Eastern—Judge McDonald.  
Cape Breton—Judge Smith.

PIC-NICS have been in order during the past week. The Third Baptist Sabbath School held theirs at Bedford on Friday last. With the exception of a little girl being knocked down by a swing, and a boy falling into the water, it was a very successful affair, and was patronized by a large company.

The Fort Massey Church Sunday School had their picnic at McNab's Island on Saturday, and the Chalmers Church on Monday.

THE CONGREGATIONAL UNION of Nova Scotia and New Brunswick will meet this year at Brooklyn, Queens County, N. S., on Friday, September 10th. Several celebrated American ministers will be present to take part in the meetings.

AN ACCIDENT.—An elderly lady, residing on Spring Garden Road, met with a very painful accident on Saturday afternoon. She was in the yard caressing a large dog, when he playfully jumped against her and knocked her down, breaking one of her legs below the knee and splitting the knee cap.

OLDHAM.—A "pocket" of gold is said to have been lately extracted by some prospectors from a lead on the extreme western limits of the Oldham district, which is variously estimated at from \$1000 to \$2000 in value. This is the largest find that has yet been made in Nova Scotia.

AMHERST is now enjoying the luxury of a night watch.

A CENTENARIAN—Mrs. Patterson, who lives with her nephew, Mr. Robert Harrington, (near Kentville) celebrated her One Hundred and First Birthday, on the 17th of August last.—Kentville Chronicle.

PARRSBORO' RAILWAY.—About seventeen miles have been graded. 180 laborers from St. John have been taken on the work.—Sackville Post.

PUGWASH.—One of the spans of Palmerston Bridge settled so much on Wednesday night as to render it unsafe for crossing.

A. J. Hill, has already completed the survey of a line for a railway from Pugwash to Thomson, a distance of 15½ miles. We learn that he finds this a route through which a line could be constructed under very great engineering advantages.

ANTIGOTISH.—John Ronsyne, a travelling agent for the Truro Boot and Shoe Factory, while packing his trunk at Cunningham's Hotel on Thursday last fell and immediately expired. The Coroner's verdict was "Died by the visitation of God."

CAPE BRETON.—A barn owned by Mrs. Dougald McInnis, Grand Lake, was destroyed by fire. No insurance.

On the night of Thursday last, a mare belonging to Alex. McDonald, Esq., of East Bay was taken from his barn to the woods and stabbed to death. The owner of the animal is on the track of the perpetrator.

PICTOU COUNTY.—A terrific thunderstorm passed over the Eastern part of this county on Monday night. The lightning was intensely vivid, lighting up the whole country, flash succeeding flash in quick succession, accompanied by heavy thunder and rain.

ARISAIG.—On Saturday of last week while the frame of the new chapel was being erected at Arisaig, three men fell from the upper part of it to the ground, a distance of twenty-eight feet. They all received very serious injuries.

SUCCESSFUL.—At the annual meeting of the Oxford Woodenware Company, held on the 24th ult., the Directors reported a dividend of 15 per cent., for the past year.
