CHINA.—There has been a heavy typhoon in the China Sea, and several vessels wrecked. The American vessel " Gaelic" suffered damage, and chief officer Ritchie and a seameu named Batterson were washed overboard and drowned.

The Foreign Office denies the truth of the report published that the British Minister at Pekin presented an ultimatum to the

Government of China. house keeper of Chartung Promontory, China, with their Chinese employes, have been attacked and beaten by neighboring villagers. It is alleged that the outrage was instigated by a mandarin whom Henderson visited.

Miss Agnes Livingstone, eldest daughter of the distinguished African explorer, was married on the 28th of July at Hamilton, Scotland. The ceremony was performed by the Rev. Dr. Moffatt, grandfather of the bride. The presents are numerous and varied, and the donors included peers, members of Parliament and friends in all other ranks of society.

A man smuggling tobacco from Belgium into France clothed himself from head to foot with the leaves and then put on his ordinary clothing. Having some distance to walk he got into a perspiration, and his skin absorbing the strength of the tobacco caused severe illness, resulting in his detection. He was not expected to live.

Hundreds Cured daily in N. S., BY THE

DIAMOND

RHEUMATIC CURE. Effectually curing hundreds of our Nova Scotia citizens from that terrible malady,

RHEUMATISM.

This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respect-

able and trustworthy families. DIAMOND RHEUMATIC CURE

In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all section of the United States and Canada; and in this way on a basis of its merit alone—unaided by " tricks of the trade" or special efforts-it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us do we say this, but because we open a new field, in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We, relieve the suffering and minister to God's pour ; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in dector's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered

The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making rheumatism a specialty, and the prescription from which this remedy is compounded is all he ever used in the treatment of this disease.

This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him him to send for it to
