our next meeting. The Secretary would request the Executive Committee to forward to him, without delay, the subjects to be discussed, with the name of the person to open each subject, and give any instruction to the Secretary he may require previous to a notice of meeting and subjects to be discussed The meeting will be held at Truro in March next, due notice of which will be

A. L. WALKER, Sec'y. Truro, Feb. 5, 1875.

in Memoriam.

STILLMAN MATHEWS,

Died at Jordan River, Oct. 25th last, in the 42nd year of his age. Born at East Ragged Islands, he was the subject of deep religious impressions, but did not make any profession. About 18 years ago he moved to Jordan River, and there married into the family of Bro. Richard Hardy. During a blessed season of revival in the spring of 1874, he became thoroughly alive to eternal things. Having surrendered to the Lord Jesus he began at once the duties of a true disciple. He spoke and prayed in our meetings with much earnestness. Set up the family altar, and although brought up as a Methodist he at once decided, by the reading of the Word, to follow the Lord wholly by being immersed "in the River of Jordan!" That family altar never missed the sacrifice. The Prayer and Conference meetings were a part of his life. Of him it could be said, "he never backslid!" His sufferings were long and severe. But his patience was equal to the fiery ordeal. We doubt not that his purified soul rests in Paradise. May God's grace sustain his dear wife and fatherless children and grant them a happy meeting in Heaven.—Com. BY

RELIGIOUS INTELLIGENCE.

REV. E. N. ARCHIBALD.

DEERFEILD, YARMOUTH Co.—It will make glad the hearts of the lovers of our Zion to hear that the Lord is doing great things in this place for his people. The church is revived and the undecided are induced to put on Christ in baptism.

On the 16th ult., I baptized seven, and on the 30th three, and yesterday eight, in all eighteen; and others are looking toward Zion. May the Lord still work until all come to Christ, is the prayer of yours in the gospel,

JAMES A. STUBBERT.

THE CAMBRIDGE BAPTIST CHURCH is en joying revival influences. The pastor, Rev. J. H. Robbins, the two past Sabbaths, baptized eight happy converts, who, with two others received by letter, were welcomed into church.

Yours, &c.,

ISAAC SHAW.

HANTSPORT .- The work continues and is increasing in extent and power.

I baptized six last Sabbath day the 6th inst. Some thirty or forty more have spoken this week for the first time. I expect to baptize a number early on Sabbath next.

J. C. BLEAKNEY,

Feb. 10th, 1876.

Pugwash has lately had quite a remarkable work of grace among the Wesleyans, Baptists, and Episcopalians, principally among the Wesleyans. Dr. Clay has recently been there on a visit and reports that a most marked change is evident. A number of young men who were formerly notorious for desecration of the Sabbath and other improper conduct, are now holding religious meetings and engaged in earnest Christian work.

WINDSOR .- Dear Editor,-The work of grace still continues here. Yesterday twenty-two followed the Saviour in baptism, making ninety-eight in all. And others still will follow. To God be all the glory. Yours truly,

D. M. WELTON.

Annapolis.—We learn from one of our daily papers that "the Methodists and Baptists are holding a series of union revival meetings in the town of Annapolis. The results are very satisfactory to the members of each communion."

FREDERICTON, N. B .- A meeting was held in Fredericton, N. B., the other evening of the old pupils of the late Dr. Spurden, and a resolution was unanimously adopted that they should proa mark of respect to his memory. Former pupils, now residing abroad, are to be asked to contribute. A Committee is appointed with th. Chestnut, Esq, as Convenor, and Mr. Geo. N. Babbitt, Secretary, to carry out the object of the meeting. There is little doubt that all of the old pupils of Dr. Spurden will heartily respond to this call.

DOMINION & FOREIGN NEWS.

DOMINION OF CANADA.—The Dominion Parliament was opened at Ottawa on Thursday last by the Governor General Earl Dufferin, amidst the usual display, and was attended by immense crowd of people, in the Senate, and on the grounds.

The opening Speech first noticed the visit of Lord Dufferin to the mother country. The depression of trade everywhere was alluded to. The near completion of the Intercolonial Railway was a subject of congratulation. The efforts towards securing Reciprocity with the United States, and the failure of the United States Government as yet to appoint a Commissioner, were mentioned.

The following are the measures promised to be submitted to Parliament: "A Bill to simplify and amend the law relating to Common Carriers will be submitted for your consideration. Bill will be brought before you containing provision for affording greater security to policy holders in Life Assurance Companies. The want of reliable systematized information relating to the several classes of crime and the importance of collecting classifications of criminal statistics have engaged my attention. A bill will be introduced to provide. for what is most essential in this direction. You will be asked to make provision for the commencement of the work of consolidating the statute law. The acts relating to the enfranchisement of Indians and the management of Indian affairs have been fully considered, and steps have been taken to ascertain the views of the Indians themselves. A measure on this subject will be submitted for your approval. A measure will! be introduced to provide for the better administration of the estates of insolvent

banks." The closing paragraph said:

"Correspondence, reports, and other papers regarding the construction of the Pacific Railway, will be laid before you. During the recess a deputation from the Government of Manitoba visited Ottawa to invite the attention of the Government of the Dominion to the circumstances of that Province. They represented that the income of the Province was insufficient to provide for its ordinary Governmental expenses. The papers on this subject will be laid before you, and certain propositions will be submitted for your consideration.

In the House of Commons the usual formal resolutions were carried and the new members were introduced.

The report of the Department of Publie Works, together with a report of the Special Commission appointed to investigate the nature and extent of the Baie Verte Canal were laid on the table. The Commissioners express the opinion that the canal should not be constructed. Militia reports.
