Immediately my physician was summoned, but he could give me no my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often aftacked in my sleep, and would fall wherever I would be, or whatever be occupied with, and was severely injured several times from the falls. I was affected so much that I lost all confidence in my self. I also was affected in my business, and I consider that your Epileptic Pills cared me. In February, 1865, I compared to use your Pills, and only had two attacks afterwards. The last one was April 5th, 1835, and they were of a less serious character. My son was badly afflicted with fits for two years. I wrote for and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It was by my persuasion that Mr. Lyon tried your Pills, llis case was a very bad one; he had fits nearly all his life. MONTGOMERY, Texas, June 20th, 1887. HANCE: - A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftentimes several in quick succession, sometimes continuing for two or three days. On several eccasions they lasted until his mind appeared totally deranged, in which state n itil his mind appeared totally deranged, in which state ha would continue for a day or two after the fits ceased. I tried several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is new a stout, hea'thy man, about 30 years of age, and has not had a fit since he commenced taking your nedicine, ten years since. Read the following testimonial from a respectable SETH S. HANCE, Baltimore, Md.—Dear Sn: I take great pleasure in relating a case of Spasms, or Fits, cured by your invaluable Pills. My brother, J. J. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc., W. P. Ligon. citizen of Grenada, Mississipp

#### CALEB CATES & CO., MIDDLETON,

Annapolis Co., N. S.

MY DEAR FRIEND-I have always, until of late, been a bitter enemy to all patent or occult preparations, in the shape of medicines for the sick. But, in consequence of an unlucky fall from the deck. of a schooner bound to Boston, down into the cabin, by which, displacing two of the short ribs on the right side the liver was so seriously injured, that for twenty four hours death was expected every moment, In a few days, a bloat was discovered in the ankles, pervading in a short time the whole body. Used every medicine that the medical art could devise, not excepting a thorough course of mercury, in order that the liver might be brought once more to perform its proper functions, but did not succeed until I had taken a jug full of your LIFE OF MAN BITTTERS, which you kindly sent me; after I had taken a

few draughts, I began to improve. I am not a drunkard, but was always fond of bitters, most particularly when prepared with good brandy; this induced me, although an unbeliever, to partake of liberal draughts, in the morning, 11 o'clock, and at 4 P. M., of your Bitters, and before I thought, was cheated into a cure, so far as was possible.

I am truly surprised that such a valuable, and, at the same time, safe compound, should not meet with the liberal patronage that it in my opinion, so justly merits.

I am yours, most respectfully, WILLIAM KENNEDY, M. D. April 26.
