

Our Presbyterian friends do not appear disposed to discontinue making "sacrifices" to sustain their educational operations in connection with Dalhousie College.

The Episcopalian, Methodist, Baptist, and Roman Catholics sustain their Colleges by their own moneys, many of them making real sacrifices to accomplish that object.

The unanimity arrived at in the Synod in support of the Dalhousie College resolutions which were adopted, was a curious result of the several varied series of resolutions offered previously by the same parties.

SUBSCRIBERS IN ARREARS will much oblige by making an early remittance.

Mrs. Hunt Morgan has requested us to copy the following letter from the Reporter to the Editor of the Daily Reporter and Times:

Halifax, Oct. 3rd, 1876. Sir,—Friends having written to inform me of the recent attacks made on me in your paper as well as in the "Mayflower," I have, at great inconvenience, returned to Halifax to examine the matter, and have placed the whole case in the hands of a professional friend, who will take prompt steps for my defence against such cowardly persecution.

I do not consider the columns of a newspaper to be a suitable medium for detailed reply on my part, and therefore merely inform the public of my having appealed to the laws of the country, which will not, I think, support men in slandering an absent woman.

I have the honor to be, Sir, Your obedient servant, ELIZABETH MARY HUNT-MORGAN.

MONEY WANTED. SPREAD OF RITUALISM.—A letter received in Toronto from England represents that Ritualism is spreading among not only Episcopalians, but Methodists, and states that in All Saints' Church, in London, in which are displayed numbers of crosses, and which among other things has stained glass with the crucifixion on it, the Rev. Morley Punshon, who was so popular in this country three or four years ago, was one of the six clergymen who officiated, arrayed in white surplice.

The above paragraph—we are ashamed to say—has been going the rounds of the Press. The Methodists are still Protestant, in creed and ceremonial, ignorant as some persons may be of their character; and we have not heard that Dr. Punshon has been afflicted with softening of his great, honest brain. It is pitiable that any one should be under the necessity of contradicting such nonsense; but by letter last week we learned that some persons actually look upon the report seriously.—Wesleyan.

DEATH OF REV. A. S. DESBRISAY OF BRIDGETOWN.—This young Minister, who was ailing for some time, departed this life on Wednesday last. Inheriting many good qualities from parents rich in gifts and strong in faith, he was also of the same slender constitution which subjected them to weakness and disease. Our deceased brother was a student of no ordinary attainments. Possessing an imagination of great brilliancy his discourse, though sometimes tinged with sadness from his physical suffering, were remarkable for their freshness and beauty.—Id.

PLEASE SEND ON THE AMOUNT.

FOREIGN MISSIONS.

Letters have been recently received from India by the Secretary of the N. S. Central Board of the Women's Mission Aid Societies. One from Mrs. Armstrong dated Kimpdy, August 11th. This is a town about 230 miles north of Cocanada, where there has never been any Christian mission.

We are being entertained in the house of an English gentleman; he is away the greater part of the time. You may have heard there was nothing at all, not the merest shed for a shelter at our coming. Had not this gentleman offered us his house we should have been obliged to buy a tent, and live in that while we were building.

The other letter is from Mrs. Currie, dated Cocanada, August 24th and 25th, in reply to one from the Secretary. This letter shows that although Mrs. C. with her husband are in connection with the Canadian Board, yet she nevertheless takes a deep interest in our Mission work. She says:

"I suppose that you are just about meeting in Convention now, and very many important things are being done. How thankful we must all feel that the mission is now so well and happily located. All your missionaries, excepting the Churchills, are now at their own stations with joy working for the Lord. The prospect seems so much brighter now. We have lately heard from Mrs. Churchill that her dear husband's health has improved and we hope that before many months have passed they will be able to return to their field and engage in the work they love so much. I am sure that we all shall rejoice in that."

"Since the reception of your letter my husband has been to Tunj and returned. We hope to settle there as soon as arrangements can be made for it. It is quite new mission ground and a purely native town. We are hoping for usefulness among its benighted inhabitants. Will you not pray for us?"

"The last two days have been quite cool and rainy—a change which we appreciate for it is a long time since we have had any sea breeze and the hot west wind has been very trying."

HOME MISSIONS.

Dear Brother,—The regular monthly meeting of our H. M. Board was held on Monday the 2nd inst. The whole day was occupied in reading correspondence and in giving due consideration to the various matters therein presented.

Rev. L. M. Weeks has completed a very successful mission at Port Hawkesbury, C. B. Nearly the whole amount of his salary was raised on the field; and, with characteristic magnanimity, Bro. Weeks, donated the balance. A few missionaries of this stamp would soon place the finances of our Board in a more hopeful condition. Very many of our mission fields ought to be self-supporting or nearly so; yet too frequently the heaviest burdens of our Board come from such communities.

Bro. Trotter has begun his labors at Shelburne. He writes hopefully, and anticipates a pleasant and successful mission among our brethren there.

Rev. G. N. Ballentine sends a good report of his mission to Maitland, Hants Co. The work of the Lord seems to be steadily advancing among the Baptists in that locality. We hope that a pastor will at once be secured for this important field.

Rev. W. C. Bideout, of Oak Bay, N. B., a veteran missionary, has received an appointment to labor for twelve weeks at Oow Bay and vicinity, Cape Breton.

We have not yet succeeded in secur-

ing the services of a General Agent for the H. M. work. Every effort, however, is being made to get the right man. Meanwhile the friends of Home Missions need not withhold their contributions. If even one letter out of every fifty, sent to the Board, were found to contain a contribution to our funds we would have occasion for gratitude and encouragement. But for one letter containing a donation there are ninety-nine that come to us making application for that donation. The wrong leaven has somehow worked into our churches, "Get all you can but give very little," seems to be the motto too generally adopted.

W. H. WARREN. Yarmouth Oct. 4th 1876.

NOTICES.

SABBATH SCHOOL CONCERT. The Third Baptist Sabbath School will hold their Quarterly Concert on Thursday evening 12th Inst., at College Hall, Gerrish Street. Some choice music will be dispensed and an enjoyable time may be expected. Doors open at 7 1/2 o'clock.

THE HORTON COLLEGIATE ACADEMY. The next quarter in Horton Collegiate Academy will begin on Monday, Oct. 16th. Persons wishing to enter should send in their applications at once to J. F. TUFTS, Principal.

BAZAAR AND TEA MEETING AT CHESTER.

The Ladies of the Baptist Sewing Circle of Chester intend holding a Bazaar on Wednesday the first day of November next, in the Basement of the New Meeting House in that place, to aid in finishing said building. Doors open at 10 A. M. Admission 5 cents, Dinner at 12 noon, Tea at 4 P. M. Refreshments will also be provided throughout the day. Should the day be unfavourable it will be held the first fine day following.

By order and in behalf of the Committee. I. J. SKINNER.

Letters Received.

C. E. Sanford, \$4.15. C. Fraizer, 80 cts. W. A. Reid, \$4. N. E. Butler, 1 sub. \$1. M. E. Webster, \$1. J. Dimock, \$2.25. W. M. McVean, (2.) \$2. F. Layton, \$2. A. Vaughan, \$2. W. R. Doty, Rev. I. J. Skinner, \$1. V. Davison, \$4.

LOCAL NEWS.

Exhibition of Fruit, Flowers and Vegetables.

Wolfville was the great centre of attraction on Tuesday and Wednesday last. The number of visitors although large was not quite equal to what it has been on some former occasions. The work of preparation had not been quite completed at the hour appointed for the opening, and the formalities were therefore curtailed into a few appropriate words from the president of the Society, C. C. Hamilton, Esq., M. D., and the performance of music by the Amereia Harp Band.

The display of Apples was very fine and pronounced superior to former years. Pears were in great variety, and grapes in abundance, mostly grown in Kings Co., but some of them were from Halifax and Dartmouth—an extra prize was given to the latter. Mr. W. Sutton of Cornwallis seems to be the champion grape grower of the county, and of course of the province. His vines are said to have grown half a ton of grapes this season. There were only a few plums, the crop being almost an entire failure. The display of flowers was fine, a large portion of the conservatory plants being from the gardens of Mr. H. Harris, Halifax. The cut blooms were mostly from Cornwallis and Wolfville. There were also large cranberries, fine tomatoes, melons, and strawberries, cauliflowers, cabbage, and squash of vast dimensions. The honey was all from Wolfville.

Gates Brothers had one of their handsome Cabinet Organs on exhibition, but there was no competition, or prize offered.

Amongst the prizes given we may mention that the one for the best and largest collection of Apples grown in the county of Annapolis, 12 of each sort, was given to Avard Longley, Esq., of Paradise. The 1st prize under the same conditions for Kings county, was given to Mr. A. D. Harris, of Port Williams. The first prize for the same grown in Hants county to A. H. Johnson, of Falkmouth. And for the same grown in Yarmouth county, it was given to C. G. Brown, of Yarmouth.

In flowers for the best display, prizes were given 1st to J. B. Bowser, Horton; 2nd to J. W. Barrs, Wolfville; and 3rd to T. E. Smith, Cornwallis. The show closed on Friday evening. Some of the finest specimens were to be forwarded to the Provincial Exhibition being held at Truro this week.

The forty cases of skates, valued at \$6480 were shipped by the Starr Manufacturing Company in the steamer Nova Scotia, which sailed Oct. 3rd for Liverpool, G. B.

The fund raised as a testimonial to the Fishermen's Grew amounts to about \$2000. It will be divided among the members—the late Obed Smith's share is to be handed to his parents. Efforts have been made every fine day last week to recover the bodies of the two drowned men, but as yet unsuccessfully. The sunken boat has been raised and was being removed when the spar by which it was held up broke and she sunk again in about 8 fathoms of water.

A boy at work shingling a building at the corner of Hurd's Lane and Barrington Street extension, fell from the staging, a distance of about thirty feet, striking the ladder and breaking three rounds out of it; yet he walked home afterwards apparently not much hurt.

Mr. Thomas A. Salterio, who was severely injured on the railway track on Monday, died on Friday last after great suffering. His widow has been long ill, and is now scarcely expected to live.

Thomas Cooper, private of the 60th Royal Rifles, and servant of Lieut. Fenwick, who recently robbed his master of a watch, chain and other articles and deserted, was captured at Londonderry, brought to the city, and on Thursday handed over to the military authorities.

AT THE PENITENTIARY ON Sunday morning, one of the keepers was stabbed by the prisoner, Douglas, who is undergoing imprisonment for life for murder on board the brig "Zero." He had been refractory, and keeper Miller was putting him in a back cell; he resisted violently, and keeper Carrigan came to Miller's assistance. Douglas then drew a knife from his pocket and stabbed Carrigan in the back of the head and in the cheek before he could be secured. Carrigan's injuries are not supposed to be of a dangerous character.

Mr. John Hubley was severely injured on Saturday afternoon by being thrown from a wagon. The horse had taken fright and was running down North Street, and turning into Water Street.

An accident occurred at Little Glace Bay on Tuesday of last week. A workman named Patrick Byrne was coming up the Stirling shaft when his clothes became entangled and he fell down the shaft, about a hundred feet. After striking against the sides of the shaft he fell into 12 feet of water at the bottom. He managed to crawl on a plank till he was hoisted to the surface. His arm was broken and his body badly bruised.

On Wednesday last at Oxford, Cumberland County, a young man named Alex. Ross had the index finger of his right hand taken off by coming in contact with a moulding machine.

Messrs. Leander Morse and T. H. Munroe, son of Innes Munroe, Esq., of Clarence, have been selected by the heirs of the Church estate (who met in Bridgetown on Saturday) to go to Wales and England and search the records touching their heirship. We trust sincerely that the heirs will shortly come in for the several loose millions now in the vaults of the Bank of England awaiting legal owners.—Annapolis Farmer.

Some time ago a man named Duncan Campbell, who had been confined in the Sydney jail for various offences, finding a favourable opportunity, made good his escape, and for several weeks past was known to be prowling around outside the suburbs, and on more than one occasion was bold enough to come to town at night. Some time since, he stole a horse belonging to Mr. Wm. Morley and proceeded to Grand Mira, where he was subsequently captured by C. C. Musgrave. In attempting to avoid Musgrave he was badly cut about the face and hands, having jumped from a window which was about 20 feet from the ground. He is now in jail, awaiting trial before the Supreme Court.—Cape Breton Times.

FISHING COMPANY AT PICTOU.—Efforts are being made to establish the fishing business in this port, and it is probable that ere long, this valuable branch of industry will be added to our other resources. The business as at present contemplated will be conducted by a company of twelve, who subscribe stock to the amount of \$12,000, with which six vessels will be purchased. About three-fourths of the money has now been raised, and the other shares will probably be taken up before the close of the week. We hope in our next issue to be able to lay the full particulars of this very desirable movement before our readers.—Standard.

NORTH SYDNEY.—On Saturday the 30th ult., a young man named Joseph Williams, belonging to the Red Islands, met with a very serious accident. He attempted to get between the coal wagons on the railroad between Sydney Mines and the Bar; the train at the time being in full motion. The unfortunate man slipped and fell on the rails; two loaded wagons passed over his legs, mangle them fearfully. One of his legs, was amputated on Sunday. He lingered in great pain until Monday, when death put an end to his sufferings.

LIVERPOOL.—On Wednesday last while Mr. John Millard was working in his planing mill, his clothes caught on the shaft, and in an instant he was drawn up against the beam, his clothes were all torn from him, and he fell to the floor, severely bruised. The Doctor pronounced no bones broken.

LUNenburg.—The Schooner Sibly, which arrived here on Friday, from Grand Banks, rescued part of the crew of the barque Dunsandle, which was wrecked on the night of the 9th of Sept. last. The shipwrecked crew had been on the foretop of the Dunsandle for forty-two hours, and when taken off the sea was running high, making it very dangerous for a boat to approach the vessel. On the 12th Sept. they were transferred to the schr. Belle Star, of Bear River, Capt. Boyd, of the Dunsandle, sincerely thanking Capt. Hebb of the Sibly, for their rescue, and the treatment they had received on his vessel.

HEAVY ROBBERY FROM THE MAIL.—On the 22nd of September two money packages were posted at the Halifax Post Office, one containing \$1268, and sent by the Montreal Bank here to the Bank of Yarmouth; and the other containing \$1000, and sent by the People's Bank to the Exchange Bank of Yarmouth. These packages never came to hand, and were probably abstracted from the mails. They were both together in one bag. Mr. Dewe, the vigilant Inspector, who is at present in the city, has the matter in hand, and every effort is being made to trace the money, and it is hoped with success. There is always greater difficulty in tracing such malfesaances in the Post Office Department than any other; and for that reason, when the culprits are discovered, most exemplary punishment should be meted out.—Recorder.

FISHING ITEMS.—An unusually large catch of herring was made at Petit-Grat week before last. Some boats netted as many as eighty barrels in a single night. We learn from Cape North and Ingonish that the fisheries have been much better of late than during the summer. From Labrador recent reports are to the effect that the fisheries there have not been good.—Herald.

ANOTHER DIVISION FORMED.—Upon the evening of Tuesday, the 2nd inst., M. DeWolf organized an other Division of the Sons of Temperance in Tenecape, Hants, having the large number 58 charter members. Almost the entire community with this organization, including all its prominent citizens. The officers are as follows:—George W. Smith, W. P.; Amos Hamilton, W. A.; David C. Lurch, P. W. P.; David Mason, Chaplain; Maggie Black, R. S.; Mary Parker, A. R. S.; Stephen G. Parker, F. S.; James Parker, Treasurer; John Parker, Conductor; Florence Rupe, A. C.; Henry Stephens, I. S.; John McLellan, O. S. Thomas Hunter, Esq., of Marial Division Noel, elected Deputy.—Herald.

TRURO.—Part of the eye-sore in the Model School yard is to be immediately removed. The Wesleyans have purchased the western wing of the old school building from the Council and intend moving it to their property on Pleasant Street, to be fitted up for Sunday-school, Lecture, Class-meeting and similar purposes. The building was sold for \$80, and our active townsman, Johnson, receives \$200 for removing it. The Wesleyans have thus a good substantial building for less than \$300.—Sun.

The Queen City Mezzograph Co., of Cincinnati, Ohio, offer in another column of this paper, a beautiful picture, produced by a new art, entitled "The Cross of Roses." This new art, is exciting great curiosity, and none are able to determine how the picture is made. The first edition of "The Cross of Roses" was picked up at once. The picture is made. The picture is pleasing to the eye, contains a lesson for every one, is a study and a sermon with a good text. Send your 50 cents at once as per instructions and you will get in return a beautiful picture made, you can't tell how, that, will excite your wonder that it can be furnished so low.

SEE WHAT THE CLERGY SAY.—Rev. R. H. Craig, Princeton, N. J. says—"Last summer when I was in Canada I caught a bad cold in my throat. It became so bad that often in the middle of my sermon my throat and tongue would become so dry that I could hardly speak. My tongue was covered with a white parched crust, and my throat was much inflamed. An old lady of my congregation advised me to use the "Shoshonee Remedy," which she was then using. The first dose relieved me, and in a few days my throat was nearly well. I discontinued the use of it, but my throat not being entirely well, became worse again. I procured another supply and I am happy to say that my throat is entirely well, and the white crust has disappeared. I wish that every minister who suffers from sore throat would try the "Great Shoshonee Remedy."

Rev. Geo. W. Grou, Stirling, Ont., says—"Mrs. George Francis was severely afflicted with kidney disease, and had been under the care of three physicians without any beneficial result. She has since taken four bottles of the "Shoshonee," and now enjoys the best of health."

Rev. T. C. Brown, Brooklyn, Ont., says—"My wife was very low with lung disease, and given up by her physician. I bought a bottle of the "Shoshonee Remedy," and at the end of two days she was much better. By continuing the Remedy she was perfectly restored." Price of the Remedy in pint bottles \$1; Pills 25 cents a box. Sept. 20.
