

WINDSOR.—Dear Editor.—Your readers will be glad to learn that Windsor also is having a time of refreshing from the presence of the Lord. Probably the oldest inhabitant of the town never witnessed so remarkable a work of grace as is now in progress here. The first indications of this work were seen in the union meetings of the Week of Prayer; and the brethren were encouraged to continue these meetings two weeks longer, the Methodist, Presbyterians, and Baptists principally joining in them. After a while as an additional service, each of these churches met every day in its own place for prayer. And the Lord heard the prayer of his people and came among them, not in the earthquake, nor in the fire, but in the still small voice: for the quiet and the mighty were never more happily combined than in this revival movement.

The whole aspect of the town is changed. Drunkenness and disorder have disappeared from the streets. Almost literally the whole people have shut up house and shop and gone to meeting. The interest appears rather to predominate in the Baptist church, though the Presbyterians and Methodists are also sharing largely in the blessing. Yesterday I had the privilege of using the new baptistery. In the presence of a vast congregation, 53 happy converts, mostly young people, but having several heads of families among them, were baptized into the name of the blessed Trinity, and others will follow.

Our young brother Kelly from Acadia College has been spending a few weeks with the Church here, and his labours have been greatly blessed.

Yours truly,

D. M. WELTON.

THOMAS' ELECTRIC OIL—WORTH TWENTIES ITS WEIGHT IN GOLD. DO YOU KNOW ANYTHING OF IT? IF NOT, IT IS TIME YOU DID.

There are but few preparations of medicine which have withstood the impartial judgement of the people for any great length of time. One of these is THOMAS' ELECTRIC OIL, purely a preparation of six of some of the best Oils that are known, each one possessing virtues of its own. Scientific physicians know that medicines may be formed of several ingredients in certain fixed proportions of greater power, and producing effects which could never result from the use of any one of them, or in different combinations. Thus in the preparation of this Oil a chemical change takes place, forming a compound which could not by any possibility be made from any other combination or proportions of the same ingredients, or any other ingredients, and entirely different from anything ever before made, one which produces the most astonishing results, and having a wider range of application than any medicine ever before discovered. It contains no alcohol or other volatile liquids, consequently loses nothing by evaporation. Wherever applied you get the benefit of every drop; whereas with other preparations nearly all the alcohol is lost in that way, and you get only the small quantity of Oils which they contain.

EAST INDIA HEMP, AND WHAT WE KNOW ABOUT IT. Instead of devoting a column to the merits of this strange and wonderful plant, we remain silent and let it speak for itself through other lips than ours, believing that those who have suffered most can better tell the story. We will here quote word for word from letters recently received, simply adding our testimony to the rest in saying that when this plant is properly prepared, we know that it positively cures consumption, and will break up a fresh cold in twenty-four hours. ST. MARY'S CHURCH, Alleghany City, Pa., Nov. 10, 1874. The East India Hemp has been taken by Rev. Matthias Binber, O. S. B., and Rev. Sebastian Arnold, O. S. B., both assistant pastors of this church, and so far has given relief to both. They suffered from affection of the lungs and bronchial organs. We have recommended charity sufferers, to the Cannabis Indica to different persons, and continue the same in good conscience, knowing the effects by experience. Please find inclosed check for twelve bottles of syrup, pills and ointment. We shall inform you in due time what further success the medicine shall meet with. Yours truly, REV. FERDINAND WOLF, O. S. B., 87 Washington Street. CHINA GROVE, ROWAN CO., N. C., Oct. 21, 1874. Send one dozen Ointment and one of Cannabis Indica. When Mr. J. W. Fisher brought his wife to me for examination, I found her in the incipient stage of tuberculous consumption. Then it was I concluded to make a fair trial of Indian Hemp, and now there is a general demand for those remedies. The ointment excels everything and anything of its kind I ever saw or tried, in many cases it acted like a charm. Fraternal ally yours, P. A. SIFFORD, M. D. RIDGEVILLE, CASWELL, N. C., Sept. 12, 1874. Inclosed is \$10 for more of the Indian Hemp. I can truly say that the medicine has done me more good than all the doctors, and I had several of the best in the country. My cough is a great deal better, and my chills and night sweats are gone. You may look for several orders soon, as many have seen the effect of this medicine on me. W. A. FULLER. COLUMBUS, O., Oct. 30, 1874. Your treatment for consumption has so improved my condition, that the inquiry comes every day from my friends. What are you taking? Several are talking of sending for some of your medicine, and James Huff desires me to order for him \$9 worth of the Hemp. Wm. Hunt, North High Street. P. S.—It is my opinion that an agent at this place would sell considerable for you. W. H. DECHERD, Franklin, Tenn., Sept. 12, 1875. Send three more bottles of your consumption and bronchitis cure. My son began taking the Hemp last night three weeks ago, and he is improving rapidly. The last ten days have made him look and act like another person. I have great hopes. J. M. BRATTON. DEEP RIVER, POWDSHICK, Iowa, Jan. 3, 1874. I have just seen your advertisement in my paper. I know all about the Cannabis Indica. Fifteen years ago it cured my daughter of the Asthma. She had it very bad for several years, but was perfectly cured. JACOB TROUT. N. B.—This remedy speaks for itself.
