THE GREAT SHOSHONEES REMEDY AND PILLS.—The success that these medicines have met with since their introduction to the public some years ago, proves plainly to the most skeptical that they are medicines that perform what they are advertized to. The virtues of these medicines have been well tested, and have withstood their trial in a most satisfactory manner. For diseases of the Blood, Liver, Lungs, &c., they are unsurpassed. We have testimonials of miraculous cures of these diseases, and of many others. If any one is afflicted. let him try a bottle of the Remedy and a box of Pills. No injurious effects will follow their use to the most delicate person, as they are purely vegetable; there being no mineral matter in them. The cost is small, while the advantages derived from their use will doubly repay you for your expense and trouble. The medicines are widely known throughout the Dominion, and are for sale by the principal medicine dealers. Try them, and be convinced that they are no humbug. No one who tried the shoshonees Pills has ever pronounced an unfavorable opinion of them, no family where they have been used will be with-out them. Full information may be had on all particulars touching the use, and experience of those who have used them, by securing the Treatise or the Circular, from any druggist in the Dominion, Free.
