DEATHS.

At St. Mary's Bay, Digby Co., Jan. 26th, 1876, Mr. John Clements, aged 68 years. His end was peace. In his removal the Baptist Church in this place has lost a faithful member, his family an affectionate husband and father,

But again we hope to meet him, When the dreams of life are fled; And in heaven with joy to greet him, Where no farewell tear is shed.

At Middle River, Chester, on the 27th inst., Mr. Casper Eisenor, in the 82nd year of his age. Bro. Eisenor has been a member of the Baptist Church for many years, but for the last 10 or 12 years he has been subject to palsy, by which he has been confined to his house, and the greater part of the time, to his bed. Nine years have passed since he walked un-aided, across the floor. These have been years of patient suffering. I never heard him utter one word of complaint or murmuring. In the Church he was a man of not many words, but was generally ready to every good work as far as his means would allow. In the world he was honest and upright in his dealings. A neighbour of his with whom he had dealings for years, said of him "I believe Casper Eisenor to be a man who always aimed to do right." He passed to the spirit land without a struggle. Had he not been closely watched by his children the moment of his departure would not have been known. Of him it may be truly said that he "fell asleep in Jesus."

At Torbrook, Nictaux, Jan. 10th, 1876, Robert Barteaux, aged 71 years. He professed faith in Christ and was baptized by Rev. I. E. Bill. His sickness was very the subject of death he said he had no fears for the future. He could trust the he was able to save those who put their taken to Nictaux for interment, the funeral sermon was preached by the Pastor at the Nictaux Meeting House. The 2nd Cornwallis Church has been called to part with another of her dear young members. On the 13th of Jan., 1876, Prudence, the youngest daughter of Nathan Fisher, Esq., of Harbourville, departed this life in the 22nd year of her age. She was baptized by the writer during the great revival of the Spring of 1874, and by divine help adorned her profession until called from the toils and temptations and sorrows of earth "to depart and be with Christ which is far better." She was much beloved by her kindred and acquaintances and highly esteemed by her brothers and sisters in the church. Her illness was protracted and painful, but her mind was calmly fixed on Jesus. Her aged parents feel most deeply her death. May the Lord who is ever "a very present help in trouble" comfort them and the entire family. And may all hear the voice of God in her early death bidding "be ye also ready."-Com. BY REV. I. WALLACE.

DIAMOND RHEUMATIC CURE.

Effectually curing hundreds of our Nova Scotia citizens from that terrible malady,

BY THE

RHEUMATISM. This statement is substantially a FACT pased upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in the walks of life, and particularly from some of our

most respectable and trustworthy fanilies.

DIAMOND RHEUMATIC CURE. In its history, this invaluable Medicine occupies the most honourable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknow ledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. It's reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merit alone unaidded by "tricks of the trade" or special efforts—it has risen to its present envious position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, do we say this, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring to the use of his injured limbs, and

millions of grateful souls. The proprietor of this medicine has walked the aisles of the Hospitals of London, Eng., for the past twenty years, making rheumatism a speciality, and the prescription from which this remedy is all he ever used in the treatment of this This medicine is for sale at all the drug-
