

startling phenomenon. There is nothing sacred in this iconoclastic age. On what other strange "isms" shall we have to vote? Will the Israel Identification Association start candidates pledged to the theory that we belong to the lost ten tribes? Will the advocates of phonetic spelling attempt to revolutionize our orthography? Vote for Carpenter and the flatness of the earth, will be rather a novel election-eering cry, but could not this advanced candidate reform our multiplication table as well as revolutionize our geography? A candidate boldly standing on the great principle that two and two are five, would raise an issue before which paltry sectarian questions would diminish into insignificance.

**GIRLS vs. BOYS.**—Those who profess to despise the intellectual capacity of girls would do well to make a note of the statistics of the High School entrance examination at Collingwood. The number of girls applying for entrance was exactly the same as that of boys, thirty-five of each, but while only nineteen of the boys succeeded in passing, all but three of the girls were admitted.

**WHAT THEY SAY OF IT.** A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced.—Thos. Robinson, Farmington Centre, N. Y., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Thomas' Electric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since, with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, Merchant, Westworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used.' It has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—J. W. Rusk, Township P. Q., writes, "I was persuaded to try Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for lameness. It is a great public benefit."—A. M. Hamilton, Westworth, writes, "For several years I was troubled with a swollen ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Electric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."—E. N. THOMAS, Phelps, N. Y., And NORTHROP & LYMAN, Toronto, Ont., Sole Agents for the Dominion.

 This blessed theme now cheers my voice,

 The "stone" that covered half my joys  
 Is "rolled away," Lo, "He is risen."

**GATES**

**ACADIAN LINIMENT.**

Is the best known remedy for pains internal or external, Rheumatism, Sore Throat, Toothache, Chills, Cuts or Bruises of every kind in man or beast. Read the following certificate TO CALEB GATES & CO., MIDDLETON, N. S.

DEAR SIR: For the benefit of all concerned, I make the following statement:

About 3 years ago I was seized with a severe pain in my arm which lasted several days, and then settled in my wrist leaving my arm entirely useless for at least six months, during this time I was under the doctor's treatment, but all to no purpose. And strange as it may appear I dreamed that your agent in Wallace had medicine in his store, that would cure my arm; I asked my husband to go and see, he went, and brought home one bottle of "Gates' Life of Man Bitters No. 2," and one of Gates' Acadian Liniment with immediate results two bottles of each made a perfect cure. During my trouble with my arm my general health was much impaired, appetite gone, and notwithstanding all the medicine against patent medicines I must not only praise it, but also recommend it to an afflicted public for I consider it providential that I found such medicine.

MRS. STEPHEN CANFIELD.  
 The above statement sworn to before me at Wallace this 13th day of October, 1876.
