

newly professing Christ, it was found that there was a large number of the last-named who wished to obey the command, and follow Jesus in his ordinances.

A Missionary Tour.—In August, Mr. Clough made a tour to the north, in the Kristina district, and was met by crowds of people in nearly every village in which he stopped.

Then the missionary went on to Moy-sachitapalem, where sixty-six from that and two other villages were received in like manner.

At Boggarum, also, the idols were all brought and delivered up. The people came in procession, bringing pots large and small, variously ornamented, inside of which were the supposed gods called Bagara and Umahagaru.

Aggregate Results and Increased Responsibility.—Thus, since July 1, four hundred and one have thrown off the fetters of heathenism, and entered the fold of Christ.

Want of Teachers.—But there is a serious difficulty. We have no teachers now that we can send them. At every monthly meeting the students in the normal school are looked over; and if there is one or two, or as many as there may be, there is always somebody waiting to take them to his village to teach a school for the people.

I should do wrong, perhaps, to close this letter without referring to the hard times now so keenly felt in a large part of the country, especially north and west. The early rains in those regions failed entirely, so that the crops which should now be nearly ready to harvest were never planted.

MARRIAGES.

At Tanook, Oct. 6th, by Rev. Thomas C. DeLong, Mr. Amos Levey, to Sophia Gilroy.

On the 22nd December, John Turple, in the 61st year of his age.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blisters, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Uleers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skillfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine.

Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.

GATES' ACADIAN LINIMENT.

Is the best known remedy for pains internal or external, Rheumatism, Sore Throat, Toothache, Chills, Cuts or Bruises of every kind in man or beast.

Read the following certificate: TO CALEB GATES & CO., MIDDLETON, N. S.

DEAR SIR, For the benefit of all concerned I make the following statement: About 3 years ago I was seized with a severe pain in my arm which lasted several days, and then settled in my wrist leaving my arm entirely useless for at least six months, during this time I was under the doctor's treatment, but all to no purpose.

It dreamed that your agent in Wallace had medicine in his store, that would cure my arm, I asked my husband to go and see, he went, and brought home one bottle of "Gates' Life of Man Bitters, No. 2" and one of Gates' Acadian Liniment with immediate results.

During my trouble with my arm my general health was much impaired, appetite gone, and notwithstanding all the prejudice against patent medicines I must not only praise it, but also recommend it to an afflicted public for I consider it providential that I found such medicine.

MRS. STEPHEN CANFIELD. The above statement sworn to before me at Wallace this 13th day of October, 1876.

W. B. HUESTIS, J. P. Oct. 25. SEND 25c. to G. P. ROWELL & CO. New York, for Pamphlet of 100 pages, containing lists of 3000 newspapers, and estimates showing cost of advertising.
