A MAN OF A THOUSAND. A CONSUMPTIVE CURED.

When death was hourly expected from CONSUMPTION, all remedies having failed, accident led to a discovery whereby Dr. H. James cured his only child with a preparation of CANARIAN INDIA.

DYSPEPSIA invariably yields to the virtues of the vegetable ingredients contained in that great Purifier of the Blood and Restorer of the Health—MRS. JACKSON'S LINIMENT.

AGRICULTURE. SURGERY FOR DOMESTIC ANIMALS. Farmers should know that a broken bone may be set and the injury cured in a dumb animal, as well, considering their different natures, as in a human being.

FEEDING DRY CORN.—An experimenter, says the Poultry World, "who has tried feeding dry corn in different ways, states that after repeated trials he has selected from his bins (before shelling) the ears that have the smallest sized kernels, which he has fed to chickens to best advantage—the larger sized grains being not so digestible for young stock.

TURNING UNDER WEEDS.—I have had better success in ploughing weedy land by putting on a rolling coultter and a moderately heavy chain to the right end of the double-tree, and let the chain extend back to upright or halve of plough leaving chain loose enough to not catch the dirt from mold-board.

GILT FRAMES OR PICTURES, or looking-glasses or the mouldings of rooms may be cleaned with white of eggs gandy rubbed on with a camel's hair pencil.

EXTRACTION OF A LIVING INSECT FROM THE EAR.—The Archives Medicates Belges relates the following case: A little girl, three years old, put an insect into her ear.

BUFFALOES.—Turf, Field, and Farm says:—It has been fully demonstrated, and may be now set down as an established fact that the cross of the buffalo with milch cows are of a gentle disposition, and yield a fair amount of very rich milk.

At a show the other evening, a gentleman sarcastically asked a man standing up in front of him if he was aware that he was opaque? The other denied the allegation. He said he was not opaque, his name was O'Brien.

Hundreds Cured daily in Nova Scotia BY THE DIAMOND RHEUMATIC CURE.

Effectually curing hundreds of our No Scotia citizens from that terrible malady RHEUMATISM.

This statement is substantially a fact based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in the way of life, and particularly from some of our most respectable and trustworthy families.

DIAMOND RHEUMATIC CURE. In its history, this invaluable Med. occupies the most honourable position, sible for any remedy to attain.

years since it was known only to friends and neighbors and patients of proprietors, and always sought for them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture.

Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merit alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints.

In this we are really grateful and happy not alone because our medicine finds ready sale, and is consequently profitable to us, do we say this, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted and consequently are remembered by millions of grateful souls.

The proprietor of this medicine walked the aisles of the Hospitals of London, Eng., for the past twenty years, making rheumatism a speciality, and the prescription from which this remedy is all he ever used in the treatment of this disease.

This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him to send for it to FORBES & CO., Halifax.
