New Glasgow Chapel.

Dear Editor,—

I returned a few days ago from my third tour, raising funds for our vestry. Though the times were hard, yet the Lord gave us some success in the work. I obtained from the First Baptist Church in Halifax, cash \$79.75. Second Baptist Church, Halifax, cash \$40.35, pledges \$22.00. Windsor Baptist Church \$59.72, pledges \$19.00 including amounts before contributed. Hantsport, as a beginning, cash and pledges \$6.75. Miscellaneous cash, namely, Joseph Kaye, Esq., \$5.00, A. W. Eaton, \$3.00, Rev. A. S. Hunt, \$2.00, A. S. Hunt, Esq., \$1.00, J. H. Philp, \$1.00, Rev. Jas. Thomas, \$1.00; a friend, \$1.00; John McLearn, Rawdon, \$1.00; Rev. A. J. Stevens, Newton, Mass., \$1.00; Rev. J. D. Skinner, do., \$1.00; Harris Crosby, Yarmouth, 75 cents; Mrs. Chambers, pledge, \$50. To all these our thanks are here tendered. Also to Bro. J. W. Ruhland, for his valuable aid in getting materials, and to those contributing, viz, J. W. Ruhland, nails, \$6.50; Pickford and Black, nails, spikes, white lead, \$15.25; James Reardon, oil, \$3.60; Archie Miller, cans, 60 cents, returnable; Albro & Co., nails, \$3.25; Chipman Bros., nails, \$3.25; Reynolds & Co., locks and hinges, \$2.90; Wm. Robertson, brads, \$1.60. Total materials, \$36.95. We feel also under special obligations to Dea. Alexander Robinson, and his kind family of Granville Street Baptist Church. Also to Deacon Bennet of Windsor, and to all the pastors visited who seem from the work they are doing to be the right men in the right places.

We need \$100 more to pay the contract, and from two to three hundred additional to finish the lower flat, which is all we contemplate doing at present. I hope soon to visit Cumberland and Kings Counties. The little band here keep up all their meetings during my absence and are encouraged by the presence of the Master and the new prospect of soon having a place of their own to meet in and work for souls.

Our vestry is to be after the general model of that of Granville Street Church, in Spring Garden Road. After attending several times Sabbath School, social and devotional meetings in the latter I am impressed with the importance of the new arrangement, and trust it will be the means of introducing a new style of church architecture in vestry arrangements, and in country churches. The pastor, Bro. Saunders, by his enterprise, energy and success in this matter has laid his people under lasting obligations. Bro. Avery too of the third church is pushing on his work and is worthy of encouragement. Bro. Manning is urging on wisely the spiritual temple. Pastors Kelly and Bleakney of Windsor and Hantsport are doing nobly. Never before, perhaps, in those 5 churches did the cause present a nobler aspect. Those building have a struggle, but having "heart within and God o'erhead" they need not fear.

Yours in the work,
D. FREEMAN.
New Glasgow, N. S., April, 1877.

P. S. To New Glasgow mission from Peter Kerrow, Halifax, a nice hat, \$3.00. The cap, \$4.00, given to the mission and acknowledged in my last report should have been credited to Mr. Ephraim Cook, of Londonderry Mines. Both with thanks.

Dear Editor,—

Your correspondent "Candor" has done good service by calling attention to the pitifully low standard for matriculation adopted by the Senate of the University of Halifax. I have not examined into the facts, but will assume that the comparison instituted is correct. The requirements of the University of Halifax should be as great, at least, as those of the most advanced of existing Colleges.

Again, we are painfully reminded that there is something radically wrong about the Senate. It lacks evidently, a just proportion of Baptist-high-toned energy and independence. Let us not lose sight of the remedy provided for this state of things. "Candor" is, probably, a graduate of Acadia. I trust he has discharged his duty in the matter, and is already a member of Convocation. An amendment to the new University Act, recently made, removes the

disability as regards graduates who had not three years standing on the first day of April. These can now enrol themselves so soon as the requisite three years have elapsed, and will, no doubt, appreciate the necessity for prompt action. One statement made by "Candor" is, to me, simply incomprehensible. He says: "And yet this miserably low standard will admit students into all the Colleges affiliated with the University" (?) This is certainly a misapprehension. The University Act makes no such provision, while, on the other hand, the affiliated Colleges are all Universities, possessing plenary powers in every respect, and students can be admitted to them, only, in accordance with the regulations of their respective Boards of Governors.

Is the light dawning upon me? I think I begin to understand things. Evidently, some of our friends, all along, have been contending with a monster of their own creation, which they have named, for convenience, the "University of Halifax." On this hypothesis, too, but on no other, the Visitor's assertion, that affiliation means "subordination" to the University of Halifax, is intelligible. I cannot think, for example, that the Visitor really believes that the great Universities of Oxford, Cambridge and Edinburgh are "subordinated" to the University of London, simply because, as every body knows, they are affiliated with that Institution! It is time we had done wasting our energies in fighting shadows. There is too much real earnest work to be done just now. "Press forward the endowment."

Yours, &c.,
A. A. C.

RELIGIOUS INTELLIGENCE.

PARRSBOROUGH.—Rev. Jos. F. Kempton writes:—Dear Brother,—You will be glad to learn that the Lord continues to smile upon the efforts of His people in these quarters. Since last writing you I have had the privilege of seeing many coming to Christ and rejoicing in the assurance of pardon. At Advocate Harbor and Spencer Island, I have baptized fifteen lately, on several different occasions. Others will follow soon. The most of the above named were heads of families—some of them were of from three score to three score and ten years.

The Lord is also cheering our hearts by permitting us to see some tokens of refreshing and quickening in Parrsboro' Village. We want to praise Him more and more.

LIVERPOOL.—Dear Bro.,—Your columns through which many of the Pastors have of late been reporting, have indeed been cheering to Christian workers. The promises become sweeter and fruit increases on hearing of the goings forth of our Lord. While we may not all witness the scores coming boldly out on the Lord's side, we are still glad that prayers are being heard and so gloriously answered in many places. We are not only glad but the good news encourages us to go forth with "thus saith the Lord." I am happy to inform you that this Church is not without assurances of God's favor. Some that had wandered far away from the fold have returned with contrition of spirit. Some have found Him, who said, Seek and ye shall find.

I baptized four last Sabbath and hope ere long others will follow in the same ordinance. We have thus joy and sorrow and sunshine through the rifted clouds.

We are thankful that God who in His Providence has taken from the Church militant some loved ones, has also by His Spirit brought to the feet of Jesus those who will take their places in the Church; live as they lived, and die as they died; strong in faith, and joyous with hope.

Yours truly,
GEO. O. GATES.

The price of Nova Scotia coal destined for Portland is fixed at some thirty cents lower than that mentioned by any American tender. 30,000 tons taken at Brockville will be imported. The contract will be supplied from Ohio at thirty cents per ton less than Nova Scotia coal can be laid down at in Brockville.

It submitted a list of names of persons whose rates remained unpaid up to the first of last May, the total amounting to \$17,689.17. They stated that they found that some of the city officials had not paid any taxes, and recommended that the amounts due be stopped from their salaries. They also recommended that the names of persons who had not paid their taxes be published.

The report, excepting the clause respecting publishing the names, was adopted and ordered to be published with the annual report.

Ald. Hart moved in amendment, seconded by Ald. O'Connor, that the report be published with the names. This amendment was lost on a vote of 2 to 9.

This is an outrageous proceeding, and indicates a want of self-respect and plain dealing with the delinquents on the part of certain aldermen, which should not be. Such facts belong to the citizens not to the Council. Let the names appear forthwith!
