My restrict it attribute solely, with Got's biessing, to the use of our Cotarrin Remedy. Yours touly, D.S.F. Price 51 per bottle. HENRY SNALLER.

April 4.

THE HOUSEHOLD.

KEEP BORAX IN THE HOUSE .- Having long used borax for various domestic and hygienic purposes, I have come to is economical, as it saves both labor and soap, and is really cheaper than the latter. For blankets and other large articles it is especially valuable, and in all cases the use of a little borax will save half the labor when articles are much soiled. While it is not injurious to clothes, it is perfectly effectual in driving away red ants, cockroaches, etc., sprinkled around on pantry shelves, or put in small quantities on paper and placed in the runways of the insects.

Borax is also of great value for toilet set. The l uses. For removing dandruff and fumes of the cleansing the hair it is unequalled. It part of the proves very salutary, and is often the free from nits or lice. only remedy required, even in severe cases. Indeed, borax is one of the best hygiene, and for that reason alone should be kept reedy for use. There best farming. Southing gives the time of high water at Parrsboro, Cornwallis, Horton, Hantsport, not specify, but those I have mentioned Windsor, Newport, and Truro.

High water at Pictou and Cape Tormen.

tine, 2 hours and 11 minutes LATER than of the value of the article, and to all tine, 2 hours and 11 minutes LATER than of the value of the article, and to all such, as well as those who do not understand Maine, 3 hours and 25 minutes and Portland Maine, 3 hours and 25 minutes and

> MOCK PIGEONS.—Cut beefsteaks inof beef is better), stuff these and skewer them; fry three or four slices of salt pork, and in this fat brown your sigeons; take them out; make a gravy of the fat, cover your pigeons with it, and stew them until tender, perhaps three hours.

SWEET POTATO PIE.-Take large sweet potatoes and steam them till they are soft; slice them thin. The pastry is made in the usual way. Lay the potatoes in a deep pie pan, sprinkle some flour over them, add two tablespoonfuls of vinegar, one of butter, half a cup of water, sugar and spices to taste, and eat while warm.

FRENCH TOAST .- Beat four egg very light, and stir them into a pint of new milk, with a little salt. Slice some light sweet bread, or baker's bread, dip the slices singly into this egg and milk, and lay carefully and without breaking in a spider of hot lard, and fry brown. Sprinkle a little powdered sugar over each slice, as it is taken out, and a little nutmeg, or cinnamon, and serve hot If prepared nicely this is an acceptable and convenient dish for breakfast.

SCIENCE.

LONG-HAND WRITING .-- A rapid penman can write 30 words in a minute. To do this he must draw his pen through the space of a rod, 161 feet In 40 minutes his pen travels a furlong, and in five hours and a third a mile. We make on an average 16 curves or turns of the pen in writing each word. Writing 30 words a minute, we must make 480 to each minute; in an hour, 28,800; in a day of only five hours, 144,000, and in a year of 300 days, 43,200,000. The man who made 1,000,000 strokes 25 cents. Agents wanted. 6 samples with a pen in a month was not at all remarkable. Many men, newspaper men for instance, make 4,000,000, Here we have, in the aggregate, a mark of 300 miles long to be traced on paper by each writer in a year. In making each letter of the ordinary alphabet we must make from three to seven turns of the pen-or an average of three and a half to four .- Sientific American.

> ARTIFICIAL LEMONADE. - Loaf sugar 2lbs., tartaric acid 1 oz., essence of lemon 30 drops, essence of almonds 20 drops. Dissolve the tartaric acid in two pints of hot water, add the sugar, and 'astly the lemon and almond; stir well, cover with a cloth, and leave until cold; put two tablespoonfuls into a tumbler, and fill up with cold water. This drink, it is said, will be found much more refreshing and more palatable than either ginger beer or lemonade, and costs only 30 cents for ten pints. The addition of a very little bicarbonate of potash to each tumberful just before drinking will give a wholesome effervescing drink.

Prof. Lewis Swift, of Rochester, says that six comets have been discovered this year, and that two faint ones are now visible with the telescope, one in the evening, the other in the morn-

AGRICULTURE.

Water is not alone needed to supply moisture to plants; it is required to render soluble the food in the soil siderable time a check is experienced which no subsequent supply can remedy.

Let every farmer know that there is no mere useful medicine -or one so generally demanded-than sweet oil. For choking, bloating, etc., olive oil is an indispensable necessity, and may used freely without harm.

Put a table morful of sulphur in the nest as soon fowls causes the ar to penetrate every dies, every louse is is also a good remedy for rough face killed, and, and nits are hatched withand chapped hands. Its application to in ten days, when the mother leaves the wounds, sores, bruises, sprains, etc., nest with her brood, she is perfectly

The Royal Agricultural Society, at remedies for many ailments in our whole Liverpool, awarded its prize, a purse of \$250 to Mrs. Ellen Birch, for the

VARIETIES.

An exquisite, leading a dog by a to pieces as large as your hand (round string, lounged up to the ticket office window of a railway station last week, and inquired " Must I -aw take ticket for a puppy." He was naturally both surprised and annoyed when the ticket seller answered, in a slightly bewildered tone, after a moment's reflection: "No, you can travel as an or dinary passenger.

"Two and two never make more than four," said a public speaker. "Yes, they do," cried a boy in the audience. " Perhaps our young friend will kindly tell us when two and two make more than four," blandly said the speaker; whereupon the boy cried, "When they're side by side—then they make twenty-two, don't they?"

The innocent ofttimes suffer with the guilty. Two repulsive looking organgrinders from sunny Italy were sent to jail in Albany the other day, and the poor monkeys, alas! had to go too.

Athletic sport for ladies: jumping at conclusions; walking around a subject; running through a novel; skipping full descriptions.

When is love a battle?—When it comes to an engagement.

"Mr. Jones don't you think women are more sensible than men?" asked Miss Smith. And Jones, after scratching his favorite bump for a moment or two, said: "Why, certainly they are They marry men, and men only marry women," Miss Smith beat a hasty

"He is a man after my own heart, pa, said Julia, reverting to Charles Augustus. "Nonsense!" replied old practical. "He is a man after the money your uncle left you." And then all was quiet.

BAD TO THE CORE.—The Rev. Jas. Oliphant, of Dumbarton, adopted a peculiar but sufficiently ingenious method of proving the wicked disposition of the devil. He remarked that every aspect of his name was bad. From the word ceived the most flattering preference in devil, which in itself means an accuser or enemy, take the d, and you have the word evil; remove the'e and the remainder is vil; take away v and it is ill; and the sound of the last letter reminds you of the name of the bottomless pit.

A magistrate in London, Eng., fined a coachman \$26 a few days ago for interfering with a pedestrain, and in doing so laid down the law very clearly that it was not the driver of a coach but the pedestrian who had "the right to the road."

A novel decoration was worn the other day by a recruit in the Austrian service. When passing muster the sergeant asked what order he was wearing. The recruit blushed deeply, and stammered:" The medal which was given to our cow at the late agricultural exhibition." we see to the see the seek

Hundreds Cured daily in Nova Scotia BY THE

DIAMOND RHEUMATIC CURE. Effectually curing hundreds of our Nova Scotia citizens from that terrible malady

RHEUMATISM. This statement is substantially a FACT based upon evidence in the possession of

the agent, in the shape of numerous tes-timonials from past sufferers, in the walks of life, and particularly from some of our most respectable and trustworthy families. DIMONAD RHEUMATIC CURE.

In its history, this invaluable Medicine occupies the most honourable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknow ledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merit alone-unaidded by "tricks of the trade" or special efforts-it has risen to its present envious position. Wherever introduced it has rethe treatment of all rheumatic complaints. In this we are really grateful and happy not alone because, our medicine finds ready sale, and is consequently profitable to us, do we say this, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoc cupied. We relieve the suffering and minister to God's poor; we restore the laboring to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered by millions of grateful souls. The proprietor of this medicine has

walked the aisles of the Hospitals of London, Eng., for the past twenty years, making rheumatism a speciality, and the prescription from which this remedy is all he ever used in the treatment of this This medicine is for sale at all the drug-

gists throughout Canada. If it happens that your druggist has not got it in stock, ask him to send for it to FORSYTH & CO., Halifax. General Agent for N. S., and C. B.

with the gloss and freshness of youth Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulne by this application. Instead of foul-ing the hair with a pasty sediment, it will keep it clear and vigorous. * Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a administration

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it, a rich, glossy lustre and a grateful perfume.
