

vious work, and carries on the story by the husband becoming a widower, and marrying a second wife while on a pedestrian tour through Germany. His wife it is now that makes the blunders in her way of doing things, in her new country. It is an amusing story for young people.

Good poetry is a rare article. Respect for our poetic contributors compels us frequently to decline verses written on the departure of beloved friends. They may sometimes appear pleasing to the writers, but when we consider the criticism they must necessarily be subjected to on publication, it would be unkind to the writers themselves to put them into print.

CATARRH CAN BE CURED.

MY EXPERIENCE.

Eighteen years of terrible headache, disgusting nasal discharges, dryness of the throat, acute bronchitis, coughing, soreness of the lungs, raising bloody mucus, and even night sweats, incapacitating me for my professional duties, and bringing me to the verge of the grave—ALL caused by, and the results of, NASAL CATARRH.

fellow-beings whose sufferings I have relieved. My cure is certain, thorough, and perfect, and is endorsed by EVERY PHYSICIAN who has examined it.

A Dangerous Disease!

CATARRH is a dangerous disease; yet it can be cured by the use of my "Catarrh Specific." Thousands suffer without knowing the nature of this almost universal complaint. It is an ulceration of the head. Its indications are hawking, spitting, weak, inflamed eyes, frequent soreness of the throat, dry and heat of the nose, matter running from the head down the throat, often ringing or deafness in the ears, loss of smell, memory impaired, dullness and dizziness of the head, often in its first stages, but more commonly in its advanced stages, attended with pains in chest or left side, and under the shoulder blades.

The Legitimate Child of Catarrh is Bronchitis.

BRONCHITIS is the legitimate child of CATARRH. Troches and all palliatives can not, by any possibility, reach the ulcerated fountain in the head, whence the polluted, festering, corrosive matter issues. Snuff, or dust of any kind, always aggravates and never cures the Catarrh.

Cleanse and Heal—My Motto.

CLEANSE and HEAL is my motto, while at the same time one of the six remedies I send brings the nasty corruption out through the nostrils, and thus prevents it from running down the throat and into the stomach.

100,000 Die from Consumption.

More than 100,000 die annually from consumption in the United States, and a careful classification has revealed the startling fact that fully 60,000 of these cases were caused by Catarrh in the head, and had no known connection with hereditary causes.

Physicians' Testimony.

This certifies that the undersigned are acquainted with Rev. T. P. Childs, and believe him to be reliable and truthful, and that his mode of treating Catarrh is scientific and effectual in breaking up and curing it; and indeed it seems to be the only mode likely to effect a complete cure.

Be Cautious.

Five years ago, when I first announced to the world that "CATARRH could be cured," it was the only announcement of the kind then to be found. All, or nearly all, the physicians in the land said it could not be cured.

Special Remarks.

This Specific is regarded by the best of judges as being the most complete system for the treatment of Catarrh ever devised. Indeed, there does not appear to be anything lacking in its perfect adaptation to the horrid disease, in all of its loathsome, painful and dangerous developments.

No One Medicine

Can by any possibility cure Catarrh, when it spreads, as above described, through the nasal passages, throat, and bronchial pipes. Here lies the secret of the unparalleled success of my treatment.

Little Children.

The undersigned has invented a neat contrivance, by which little children can be treated successfully, and the nasal passage kept open, and cold not only warded off, but broken up when contracted, and thus settled catarrh prevented.

Conclusion.

Every thing known to be good in the treatment of Nasal Catarrh, Throat, Bronchial or Lung Disease, combined in one grand system. Two of the best Inhalants in the world, and Instruments with which to use them, in each full set, so that, with the Catarrh Specific, the enemy can be attacked all along the line, morning, noon and night, and the fight kept up all through the day, with but little trouble.

1878 THE 1878 INTERNATIONAL REVIEW.

BETWEEN THE QUARTERLIES AND THE MONTHLIES, SIX TIMES A YEAR.

I. The chief object of this Review is to supply the demand for a non-partisan and international literature. In politics and religion the Review will subserve the interest of no sect or party.

II. It brings to its pages the best talent of Europe and America, and seeks to be a medium of communication between representative thinkers of every nation.

III. The interests and union of the many foreign elements that constitute American society are a very important part of the work assumed by the INTERNATIONAL REVIEW.

IV. Like the Quarterlies, it addresses scholars, and like the Monthlies, aims to be of value to practical men in business and the professions, and of interest to members of the family.

V. Each number contains fresh and reliable notices of important new American and European books.

VI. The Art Department will be conducted by Mr. Philip Gilbert Hamerton.

VII. Editorial comments upon the course of events at home and abroad, having special reference to the interests of the United States, are given in, and add strength and timeliness to every issue.

VIII. The success of the INTERNATIONAL REVIEW is made to depend upon a comprehensive plan, solid merit, and adaptation in style and subject to the age in which we live.
