

He says the Russians were definitely thwarted and finally paralyzed on the 11th, when they lost twenty thousand men. The Russian medical staff is overwhelmed, and great numbers of wounded are literally rotting and festering.

It is estimated at the Russian headquarters that the Turks lost two thousand men in their late attempts to capture fort St. Nicholas.

A rising is feared in Warsaw. All houses are ordered to be closed at 8 o'clock in the evening.

A despatch from Russian headquarters at Biela, dated Monday, says an engagement in the Valley of the Lom that day was fought by 32 battalions of infantry and five batteries under the Czarowitch.

The first detachments of the Russian Imperial Guard passed through Bucharest on Thursday morning on their way to the seat of war. General Gourka accompanied them. Other regiments are taking parallel roads outside of Bucharest, all converging on Simnita.

It is stated that all classes of Russians are determined to continue the war till a victorious end is reached.

General Todleben has received orders to prepare plans for fortifying winter camps at Matchin, Husova, Sistova and Nikopolis. If it comes to the worst, Nikopolis, where a strong tete du pont is to be established, will be held at all hazards.

A telegram from Bucharest says the Russian army from Poland began its passage through Roumania on Monday.

GREECE.—The Greek foreign office announces that on 19th inst. 200 Bashi-Bazouks attacked the Greek Consulate at Larissa, and were repulsed by Consular Guards.

EGYPT.—A despatch to Daily News from Alexandria says peace has not yet been concluded between Egypt and Abyssinia. Abyssinians near Passowah have collected the tax and dues of the Khedive.

The steamer Olga, towing the caisson, containing the Egyptian Obelisk, sailed for London on Friday last.

Miscellaneous.

A bottle containing a slip of paper was picked up on the 3rd of July by Capt. Thomas Connell, in charge of the lightship at Naniconagan station. On the paper was written, "Whoever finds this bottle let them tell our families we are burning to pieces. Steamship Picotou. I must run. I cannot say more." The paper was scorched and much decayed.

Moscow correspondent of the "Daily News" writes, describing the effect of the war in Russia, as follows: "Peasants are being called off to join the Imperial army from all directions. Wherever one goes, families are mourning because either their father or brother are under orders to start per chance in only a few hours. Families are broke up on all sides, and wives are selling their household furniture. The streets of Moscow are thronged in many places with household goods. The price of provisions is rising proportionately among the upper classes. Homes are in some state of change. Those who have retired from the army or navy are in many cases being recalled, and all will, it is presumed, be summoned in course of time."

The following is a pleasant contrast to the fearful out breaks amongst the Miners in the United States:

On Saturday the Lord Mayor distributed the Mansion House awards to the Tynewydd miners at Pontypridd. The town was gaily decorated. A long procession of friendly societies and colliers, carrying their pickaxes and other tools, conducted his lordship to the top of a mountain commanding a splendid prospect of the Rhendda Valley. Lord Aberdeen, by command of the Queen, gave the Albert Medals to the miners who had been selected for the honour.

The Corporation of Manchester have undertaken a remarkable task. At a meeting of the council on Wednesday, a resolution was adopted for the purchase of Thirlmere, one of the Cumberland lakes, and for the conveyance of water from it to Manchester by means of an aqueduct 100 miles long. The work will occupy seven years in execution, and will involve an expenditure of several millions.

Though the British Legislature has refused to allow public galleries and museums to be opened on Sunday, several noblemen and gentlemen are resolved to open their art galleries. The Duke of Westminster has decided to open the galleries of Grosvenor House to the public on Sunday afternoons during the months of August and September, and thus the people will have an opportunity of viewing one of the

choicest collections in the metropolis. Earl Dudley and Sir R. Wallace will follow the example of the Duke of Westminister, and it is quite probable that before long a score of private galleries in London will be open to the public on Sundays.

JOYFUL NEWS For the Afflicted

PARKER'S COVE, N. S., March 1st, 1877.

DR. C. GATES:

DEAR SIR, I should have written to you before but owing to sickness and business I have been prevented from doing so. I feel it my duty to send you the following information from gratitude to you and for the benefit of those suffering as I was. I have been greatly afflicted with dyspepsia and biliousness for about 25 years, tried doctors but got no cure. About 5 years ago I tried a few bottles of your Life of Man Bitters and No. 1 Invigorating Syrup, from which I obtained great relief up to the present for which I feel very thankful to God and to you, and would recommend your medicines to all suffering with the same complaints as dyspepsia and the like.

Since you was at my house, Thomas Rice was taken very ill with a dreadful sore throat, bordering on diphtheria, we used your Acedian Liniment and Nerve Ointment freely from which he obtained great relief. Others in our neighborhood are using your medicines and the result is good. Wishing you great success. I remain yours,

Rev. H. ACHILLER, Middleton, N. S.

THE MARITIME SCHOOL SERIES,

JUST ISSUED, By Wm. Collins, Sons & Co., LONDON, GLASGOW & EDINBURGH.

THE MARITIME READERS.

THE lessons in them have been compiled and written with special reference to the history, topography and commercial enterprise of Nova Scotia and the neighboring provinces. Selections from the writings of Halliburton, Howe, Geaner, Forrester, Macgregor and many others, have been inserted. The illustrations include views of the cities and other interesting Maritime scenery, while the books are printed on superfine paper and bound in extra cloth. In their enterprise the publishers have spared no expense to make the new series the best, cheapest and most suitable for the schools in the Maritime Provinces of Canada; and while making arrangements for their introduction in Nova Scotia, they respectfully solicit the co-operation of teachers and all others interested in educational progress.

An Elementary Geography,

for use in the Maritime Provinces, has been prepared to supply a want long felt in the schools of this part of the Dominion. It is now an established principle that children should be taught the geography of their own country minutely, and a special effort has been made to bring such information within the reach of each school district at the lowest possible rate. The Geography of the Dominion of Canada is given in detail, and a number of lessons on other countries have been added, so as to make the book complete as a geography of the world.

CATARRH

CANNOT be cured by Stimuli, Washes or Local Applications. Thousands of those of forty years standing, have been entirely cured by Cowley's Catarrh Remedy. Pain in Shoulders, Back and Lungs, and Droppings in Urine Disappear.

Five Years' Suffering Cured by Four Bottles of Constitutional Catarrh Remedy. Pain in Shoulders, Back and Lungs, and Droppings in Urine Disappear.

DEAR SIR.—Being desirous that others may know the merit of your Constitutional Catarrh Remedy, which I wish to inform you what it has done for me. I am 50 years old and have been out of health for about five years. I had employed several eminent doctors, and tried various medicines, with none receiving any permanent benefit, but continued rather to grow worse, until last fall, when I had become so bad as to be unable to do my house work at a time. Had severe stiffness and pain under the shoulder blades and through the shoulders, with very loose back, and a feeling in my right hip as though there was a weight bearing it down, with continual droppings in the urine and down upon the lungs. Such was my condition when I commenced to take your Catarrh Remedy, one bottle of which eased my pains and gave me an improved appetite, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chopping and clearing land, at which I have been engaged the past season. My very true and grateful acknowledgments are hereby made to the author of this Catarrh Remedy. Yours truly, HENRY SMITH. D.D.P. Price \$1 per bottle.
