PARKS' COTTON YARNS!

Awarded the Only Medal Given at the Centennial Exhibition For Cotton Yarns of Canadian Manufacture.

Nos. 5's to 10's. WHITE, BLUE, RED, ORANGE AND GREEN. Made of Good American Cotton with great care Correctly numbered and Warranted Full Length and Weight.

WE would ask the purchasers of Cotton Warp to remember that our Yarn is spun on Throstle Frames, which make a stronger yarn than the Ring Frames, used in making American yarn. It is also better twisted and more carefully reeled; each hank being tied up in 7 leas of 120 yards each. This makes it much more easy to wind than when it is put up without leas—as the American is

and also saves a great deal of waste.

Those acquainted with weaving will understand the great advantage it is to them to use yarn put up in this manner.

COTTON CARPET WARP,

MADE OF NO. 10 YARN, 4-PLY TWISTED. White, Red, Brown, Slate, &c. All fast colors.

Each 5 lb. bundle contains 10,000 yards in length and will make a length of Carpet in proportion to the number of ends

We have put more twist into this warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material. Since its introduction by us, a few years ago, it has come into very general use through? out the country.

All our goods have our name and address upon them. None other are gen-

Gates & Co., -Geutlemen, -Some surpassed by any in the market, and time last winter one of my children-a little boy about eighteen months-was badly frightened and his health became seriously affected. On the least alarm he used to go off in a kind of fit, becoming motionless and black in the face, his heart at the same time palpitating in the most alarming manner. Each fit was worse than the preceding one, causing us to fear heart disease. Hearing of some of the numerous cures effected by your medicines in this and other localities, I procured from your agent, Mr. E. A.
