"J. H. ROBINSON, Esq., St. John, N. B. DEAR SIR:—In January last I came to Moncton from Memramcook to consult a physician as I was in the last stage of consumption. When I arrived here I had at once to go to my bed and was so low I never expected to leave it. As a last resort he recommended Robinson's Cod Liver Oil with Lacto-Phosphate of Lime. I purchased a bottle and after taking the first dose I commenced to improve. It seemed, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it every since and am rapidly improving. I am confident that had it not been for your Oil I would have been in my grave to-day. You are at liberty to use this in any way you wish as I am anxious to let others, who are afflicted in the same way, know, in the hope they, too, may receive the same benefit."

A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle. Sept. 4.
