RELIGIOUS INTELLIGENCE.

GREAT VILLAGE, Nov. 23rd, 1878 .-Dear Bro. Selden,-Londonderry has been recently favored with a visit from Messrs. Bromley & Hutchinson, Evangelists, whose labors have resulted in good. They held their meetings betweet the Great and the Folly Villages. Quite a number in connection with the Presbyterian congregations in these places have professed conversion. The little Baptist church at Great Village has received a share of the blessing. Six have been baptized, and we are expecting others to follow. This token of the divine favor gives us encouragement and prompts to greater earnestness in the Lord's work. Our church has recently met with serious losses by removals and death. Only a struggling few were left to bear its burdens. Our latest trial was the death of Miss Clara Davidson, noticed in the Messenger a few weeks since. This young lady was greatly endeared to us all. Her future both to herself and her friends seemed fair and promising. But the Lord knows best what disposal to make of his own. We thank him for the noble life, though it was so brief; our regret ful words are hushed to silence as we hear "A voice from heaven." "Why then should your tears roll down,

Or your heart be sorely riven, For another gem in the Saviour's crown, And another soul in heaven?"

The Princess sent the following cablegram on the occasion of her birthday, to the Princess of Wales at Sandring-

ham, England :-- " Many happy returns, and much love, from Louise, Montreal." On Sunday morning, the Governor-General and the Princess attended the English Cathedral. In the afternoon the Governor General and DeWinton attended the Church of Scotland, when Rev. Gavan Lang preached.

ENGLAND.-The Duke of Argyll, formerly Secretary of State for England publishes a letter denying certain assertions in Lord Cranbrook's despatch. He says that the Gladstone Government did not conclude an alliance with the Ameer of Afghanistan, but the latter demanded it should be offensive and defensive, and should pledge England to protect even against internal and external foes.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B. June 22, 1878.

J. H. Robinson, Esq.-Dear Sirwrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing

ou every success, &c., &c.

The last four weeks have been a trying time with us at Osborne. Bro. Jacob Jiffen buried three of his dear children within four days-Little Effie, aged 3 years; Edward, aged 7 years, and Grace. aged 12 years. Edward, by good conduct and regular attendance, won a prize in the day school, and Grace, for committing all the verses of the S. S. Lessons of last Quarter, was about to receive a prize from her pastor. But God has lifted them out of our care and feeds them and leads them through the beautiful walks of Paradise.

To-day (Nov. 15th) we went sadly to the church-yard and left in the narrow house dear Ida Hayden, daughter of Thomas and Mary Hayden. They are indeed bereaved, but mourn like Christians. How thankful we should feel whose dear ones are spared. But the near future is all unknown. Let us confide in the Providence of the all-wise and faithful God and nobly endure our 'lot. O that we may so teach our children while they are with us that we may hear hem say that they love Jesus ere they. eave us. E. N. A.

The prayer meetings have been well sustained in the absence of preaching, and there are some now anxious to follow Christ when obstacles are removed. The Sabbath School has been well attended during the summer, and the outlook for the future is hopeful. The visit of the French missionary (Bro. Normonday) was highly appreciated. Nov. 23rd, 1878.

The steamer 'Isommer Pommerania, from New York, Nov. 14th, for Ham burg, arrived at Plymouth at midnight, collided about midnight, during a fog eight miles southwest of Folkestone, with a vessel from Rotterdam for Cardiff in ballast. The steamship foundered in about 10 minutes. 172 passengers and crew were saved by the 'Glengarry' and landed at Dover." Capt. Schwenzen sank with the Pommerania, but was soon brought to the surface by a life belt he had fitted on. He seized a plank and held on for an hour and a half, when he was rescued by the 'City of Amsterdam.' One of the Pommerania's boats has been recovered with a bag containing \$25,000. NEW ADVERTISEMENTS.

Granville, N. S., March 27, 1877. DR. CALEB GATES & CO.

Gents,-About 15 years ago I was troubled with a pain in my left side, and tried some preparations, which failed to do me good. I took a trip to New York, but grew worse after my acrival there : telt a violent pain in my forchead and directly above my eyes, so that I could scarcely open them for a time; then I applied to a Doctor, who informed me that I had a combination of diseases, viz. : Liver Complaint, Janudice, Heart Disease, and pains in the back and shoulders. He said he could cure me, and gave me some medicines and plaster to wear on my side. I thought that I felt somewhat better for a while, but after arriving in Halifax grew worse than ever. I left that place and came home. My friends said I was too far gone to last much longer. The doctors here a wised me to discontinue using the medicine I had been taking, my knee joints and other parts of my body feeling very weak; they gave me tincture of iron, but it did me but little good. At length I gave you a brief explanation of my condition, asking if your remedies would do me any good. The answer was try them if you wish to do so. I took several bottles of your Bitters and Syrup and applied your Vegetable Plaster, and got great relief in a short time, kept gaining in strength and health, and my appetite has been generally good ever since, so that I can do a good day's work and travel around as well as ever, in fact my system was so regular for a long time after, that I did not need any common purgatives. The care is an as onishing one, even to myself, therefore after taking a view of the deplorable condition I was in, I consider it a duty which I owe to you and to my fellow men, to give the above statement, in order that it might be made public for the benefit of suffering humanity. Since then we have used your Bitters, Syrups, Certain Check, Liniment, Plaster and Ointment with perfect success. Your Syrup No. 1 we could not do without in our family, we never think of getting out of it any more than we could of flour. We have four small children and I am happy to say have not been obliged to call a doctor in for several years. Whenever they take a cold, which they do frequently, we give them a small dose of No. 1 Syrup before going to bed. In short, I can only say, for coughs, colds, headache, &c., take the No. 1 Sy:up before going to bed. perhaps a little in the morning again, follow it up for a few days and you are well again. I cheeffully recommend your medicines to every family, kcep it in your houses, and always in readiness, and it will save many a drive for a doctor,

and large bills. Yours respectfully,
